An executive committee to make arrangements for the convention has been organized. The meeting will be held in the King Edward Hotel, and all who are interested are invited to attend. About 50 delegates are expected in April.

Not Starting Too Soon.
Ald. Emerson Costantini thinks that the majority candidates have started their campaign entirely too early, and that they will be exhausted before polling day arrives. He declines to be stamped, but does not hold the least intention of withdrawing from the contest. He will be actively at work within a short time.

In the Police Court.
John M. Parker, with a hitherto good reputation, was sent down for sixty days for theft of a purse and \$12. Mrs. Catherine McArthur, who is thought to be a professional purse thief, was admitted to bail. She claims the money found was earned, and the purse was presents. Thomas Gregory, theft of overcoat, was given five months in the Central.

Remember the Infants.
The managers of the Infants' Home and Infirmary, 21 St. Mary's street, would remind the friends of the institution of the 57 little ones, and 80 mothers at present in the home, and ask them not to forget them when sending out their Christmas remembrances to the poor and needy. All donations will be gratefully acknowledged.

Hugh C. Macdonald, of the Hugh C. Macdonald Co., Limited, retail newspapers of Winnipeg and Vancouver, is in town for the Christmas holidays.

PAUL FACE, Weak Blood.

YOU CAN MAKE THE BLOOD RICH, THE SYSTEM STRONG, THE COMPLEXION HEALTHFUL BY USING DR. CHASE'S NERVE FOOD.

Dr. Chase's Nerve Food

Why do some people have healthful, rosy complexions while others are pale and wan in countenance? Why are some people strong and able to defy disease while others are weak and subject to all the ills of human kind?

The difference is in the blood. Pale, thin, nervous, and ill is the result of a weak blood. The person who has poor blood is subject to headache, dizziness, sleeplessness, the action of the heart is weak and there is sometimes palpitation; the breath is short and there is lack of energy and strength.

This weak, anemic condition is subject to headache, dizziness, sleeplessness, the action of the heart is weak and there is sometimes palpitation; the breath is short and there is lack of energy and strength.

You can best prove this by noting your increase in weight from week to week, while using this great food cure. New, rich flesh and tissue are added, the strength and vigor take the place of weakness and suffering, and instead of taking cold or contracting disease at every gust of wind that blows you find yourself getting strong and robust.

Every part of your body is benefited at all dealers, or Edmondson, Bates & Co., Toronto. Portrait and signature of Dr. A. W. Chase, the famous expert blood author, are on every box.

Inspector James L. Hughes has come into possession of a handsome equestrian statue of Gen. Robert E. Lee, the great Confederate leader. Recently Inspector Hughes came into contact with a young man who was anxious of disposing of his effects. Amongst them was a statue by his father of Gen. Lee. The father had been a sculptor and had stored away in his workshop the statue for the last statue. His model, however, was rejected by another. It finally passed into possession of the son, who was on the point of destroying it when Inspector Hughes came upon it. The statue is a fine piece of work, and is a really beautiful piece of work, stands in his room at the city hall.
