LOCAL NEWS

DEATH OF F. A. NEVERS

A despatch from Houlton, Me., says that Frank A. Nevers, son of the late Dr. F. A. Nevers and Mrs. Nevers, died in Portland on Monday.

BURIED TODAY.

The funeral of William Humphreys took place this afternoon from his late residence, 120 St. James street. Services were conducted by Rev. J. D. McPherson and interment was made in Cedar Hill.

BIRTHDAY GREETINGS

From forty to fifty friends of Mrs. Edward Fungoy, a highly respected lady of the north end, met last evening at the home of Mrs. James Simpson, 90 Queen street, to convey greetings to Mrs. Fungoy on her 70th birthday. She received a valuable gift in honor of the day and in token of the warm regard of many old and young friends. The evening was served and a delightful evening spent.

HER SCENARIO ACCEPTED

Mrs. A. C. Wilson has just received word from a film corporation in Ohio, U. S. A., to the effect that a recent scenario which she had submitted to them had been accepted and would be put to immediate use by the company. Accompanying the information was a substantial check for \$1000.00. The scenario looked with much favor on the part of Mrs. Wilson, who had submitted it with pleasure of her success in this line.

ASPHALT ON ITS WAY

Advice has been received by Commissioner Fisher that two carloads of asphalt on account of the city's contract for 400 tons, have been shipped from the plant at Bayonne, N. J., on April 16 and 17. The contract calls for delivery by May 1 and the commissioner is looking forward to having at least part of the stock here by that time. Repairs to the asphalt plant in Broad street have been delayed by the illness of Foreman Goodwin, but little more work is required and the plant will be ready before the asphalt arrives.

LITTLE ONE DEAD

Friends of Mr. and Mrs. John Halfpenny of Sheriff street, will regret to learn that they have lost, by death, their little son, Arthur Gregory, aged four months.

The sympathy of friends of Mr. and Mrs. Hugh Montague will be extended to them in the loss of their infant son, James E., who died this morning.

Death today claimed Lawrence Cecil, aged fifteen months, son of Mr. and Mrs. C. W. Goodwin of 129 St. John street, West End. The parents will have the sympathy of many friends.

NO TRUTH IN STORY OF U BOAT CAPTURED BY AMERICANS

A story was sent to New York to the effect that the German U-boat 36 had been caught in the net of Newport News, Va., and captured by men from an American battleship. In Washington today Secretary of the Navy Daniels said the statement was entirely without truth. "It has been current here for several days," he said, "and has been denied officially by the naval commander of the Norfolk district."

SWEEPS WIN FOURTH SERIES

The Sweeps clinched the fourth series in the City Bowling League last evening when they succeeded in splitting two and two with the Ramblers. Had their opponents been able to take three points from them a three cornered would have resulted as the Tigers were only one point behind. The first and third Sweeps rolled high in the second and were able to retain the margin obtained. The individual scores were:

HOW GERMANS REPORT DEPORTATION OF PEOPLE FROM PLACES LOST

Amsterdam, April 24.—Via London.—A semi-official statement issued in Berlin says that the deportation of the inhabitants in the evacuated districts between Arras and Soissons has been accomplished without hardships to the civilians. The transport of their belongings even delayed the transport of important war material. For this reason it was impossible in many cases to remove fuel and fruit trees, the wood of which represents important material for our war industry. The trees were cut down in the evacuated districts in spring and summer might not afford cover to marching columns against our airmen.

"The male and female population between the ages of fifteen and sixty were deported. Mothers with children under fifteen remained with their children. The entire population of St. Quentin was transported to the rear. So far as possible they were allowed to choose their own places of abode. Objects of value were taken in charge by the German authorities."

LEAFS GET SMALLEST PLAYER IN BASEBALL

"Sharty" McConnell to Play Second Base — Jackson Doing Well

Toronto, April 23.—Manager Larry Lajoie, of the Toronto team, has secured "Sharty" McConnell, a midget infielder, who was with the Athletics of Philadelphia last season, and who was released to the Baltimore team this spring. McConnell has been playing third and short, but Jack Dunn has Art Bues and the sensational young Shannon, the Seton Hall collegian, respectively for these positions, and could not use him. Young McConnell is the Lilliputian of baseball. Manager Lajoie took a fancy to the lad when they were both with the Athletics last season, and thinks that he will make a good infielder. He can hit the ball hard for a little fellow and his diminutive proportions make him a very difficult man to pitch to. It is Lajoie's intention to move over first base, use McConnell at second and add here the original plan of playing Graham in the outfield with Jacobson and Whiteman. Lajoie is not as spry as he was and is not rounding into condition as rapidly as he expected.

Outfielder Jacobson hit very hard yesterday, and three of his drives landed in the double, which turned into a run when Lajoie hammered the ball out of the enclosure. In the third he clipped a single over second, and when Barber fumbled it momentarily in centre field Jacobson went to second like a flash, beating Barber's throw by sliding around the base.

MEDAL COMES TO HIS MOTHER

Coveted War Prize Gained by Wm. G. Shanks, Only 18 Years Old

A military medal, won by her son, Private William G. Shanks, has been received by Mrs. E. Shanks, of 27 Middle street, West St. John. The silent tribute to the heroism of her boy, a lad who even now is only eighteen years of age, is highly treasured by the widowed mother. The medal, with its inscription "For bravery in the field," is a trophy with any man might be proud and in this case, when won by a boy of less than military age, his family's pride in his achievement is more than justified.

Private Shanks enlisted in September 1915, when only sixteen years of age, in an infantry battalion and, after arriving in England, was transferred to a motor machine gun section. It was in September, 1916, that he won the medal by his gallant conduct in bringing in a wounded comrade, who was a son of the late Dr. Gray of Fairville, and died the next day. Private Shanks was wounded but, fortunately, not seriously, and soon was able to return to the front.

A letter, dated March 30, was received from the young soldier a few days ago. He was there safe and well, but his family is anxiously awaiting word, as are the relatives of every other soldier at the front, for word of his safety through the recent big drive.

CAMPAIGN OVER THE TIME OF DAY COMES TO CLOSE

The campaigns for and against the adoption of the daylight saving plan in St. John again this summer closed today, and the matter now is in the hands of the common council for decision.

The palm must be awarded to the opponents of the scheme for the excellence of their preliminary organization and the systematic way in which they conducted their campaign. Their work has been carried on in energetic manner, and the advocates of the plan had the disadvantage of a later start and did not seem to organize with the same thoroughness in the effort to secure signatures, but they have a long list of names of those who wish the plan to be in operation again this year. One worker says he secured the signature of every employee in a north end lumber mill, with three exceptions, in favor of the plan.

The rival petitions will be presented to the common council at the meeting this afternoon by the committee which has been working against the plan and by members of the Board of Trade daylight saving committee in favor of it. Members of the delegations will be heard for and against and, after their withdrawal the rival class will be considered by the city commissioners.

In addition to the petitions that the plan be again introduced and that it be done away with until made universal, the council also will consider the suggestion for the postponement of its introduction until May 20, when the railway timetable changes go into effect.

MISS MCGINLEY DEAD

Many will learn with regret of the death of Miss Gertrude Elizabeth McGinley, which this morning after illness lasting six weeks. On last Thursday it was thought she was convalescent but an ill turn came on Sunday and the end ill turn came on Sunday and the end today. Miss McGinley was eighteen years of age, a daughter of Mrs. Anna A. and the late Wm. A. McGinley. She was popular among her friends, brilliant at school and active in the work of the W. A. of Stone church. She was to have been graduated from the High school this year after a course of outstanding success. Besides her mother, she leaves one sister, Mrs. A. E. Cox of St. John, and three brothers, Alfred E., editor of the Standard, Sergeant Harris A., and Lieutenant Willard G., overseas in the king's service. The latter is slowly recovering after a close call on the battlefield for some time. Many friends will extend sympathy to the family in their great loss. The funeral will be on Thursday afternoon from No. 74 Mecklenburg street.

Come in and see our New Furniture.

Dear Mary:—

Well, isn't it fine that we can both move into larger, pretty new homes at the same time? Don't you remember my having told you that if our husbands would fix up our homes for us that it would help them in their business as well as help us socially?

We women know more than our husbands give us credit for, don't we?

I've been so well pleased with my new furniture and rugs that I'm going to the same store again.

Affectionately—HELEN

P. S. Let's go together and buy our new things for our new homes. Of course, you too are going to 91 Charlotte St.

FURS—Summer Repairs and Orders

The days are longer in the summer, and since perfect matching of skins can only be done by daylight there's one good reason why fur repairs and new orders cost less than in the winter season.

FURS remodeled or made to order in the summer are exempt from storage charges—and they are ready to wear at the first cold snap.

Authentic styles for the coming season are decided.
