so I tried it, and it has done me a world of good. I just took two and a half bottles, and I haven't had a headache for a long time, now."

Get Firmly in Mind that

CONSOLIDATION

is the Word to Remember When You Order Miller's Creek Coal

There is only one genuine CONSOLIDATION Miller's Creek Coal, but there are other coals mined in what is known as the Miller's Creek district. Some are Cannel coals, others are Gas coals, and some just plain ordinary soft coal. Most of them are good coals, but none have the qualities of CONSOLIDATION Miller's Creek.

GENUINE CONSOLIDATION Miller's Creek Coal

Is peculiar, is different from anything you have ever used before. In size and look and lasting qualities it resembles Anthracite, yet it starts with a quick, sharp, clear blaze like soft coal; no stone, no clinker and almost no ash.

Lowest Ash Coal.

It Burns Bright Like Soft Coal, Makes a Strong, Hot Lasting Fire Like Hard Coal

Burned according to instructions, which are very simple, it makes long lasting, virtually smokeless fires. It costs several dollars a ton less than Anthracite. Being almost pure fuel (about 80 lbs. of ash to the ton) it spends further than Anthracite. For your protection see that the word "CONSOLIDATION" as well as Miller's Creek is on your delivery slip. That is the only way to be sure you are getting the genuine article. That is the sure way to get the Coal with the qualities to be found only in CONSOLIDATION Miller's Creek.

For the Grate For the Furnace For Cooking For Heating Stoves

—excepting only a self-feeder. Genuine CONSOLIDATION Miller's Creek is the most economical, efficient and satisfactory Coal for both heating and cooking.

Genuine CONSOLIDATION Miller's Creek Coal can be had in Saint John from C. R. Nelson, Fairville, telephone West 576; Robert Roberts, 26 Murray street, North End, telephone Main 4763; Peerless Coal Co., 71 Dock street, telephone Main 2647; or direct from the sole wholesale distributors in the Maritimes.

\$6,000,000 Sardine Merger On N. B.-Maine Coast Rumored

EASTPORT, Me., Feb. 22.—Rumors of a sardine merger to include practically all the eastern border plants, at Eastport, Lubec and other coast towns, some 20 or more, said to be the fourth attempt in the history of the industry, appear to be based upon visits of representatives of big financial interests, with \$6,000,000 to invest, to this section and interviews with factory owners. It is understood that any of the local plants are for sale at a price and it is said that options have been fixed on a number, the proposition being for the continued operation under local management. Factory owners interviewed will go no further than to state that they will talk business if the price and the general proposition is good enough, and some admit that they have fixed a price. The advantage of a merger is represented to be that a vast saving can be made in supplies and administration, that instead of several hundred brands of products there can be perhaps half a dozen strictly standardized and that these can be nationally advertised and marketed to better advantage by selling agencies. It is represented that local conditions in the factory towns would not be materially changed but rather improved under a consolidation of management.

red under profit taking sales eased 3/4 at 60 1/2. The balance of the market was active and firm.

IN WALL STREET

NEW YORK, Feb. 23.—Resumption of stock trading after the holiday found price movements still confused, although lively bidding developed for the high priced specialties and motor shares. American Can jumped four points and General Electric three at the start, while General Motors, selling ex-dividend, made up the 1 1/4 per cent deduction. An initial transaction in Nash Motors, selling ex its 900 per cent stock dividend, took place at 65 1/2.

Morning Stock Letter

NEW YORK, Feb. 23.—With the market opening today after a two day holiday, developments in some issues have been rather sharply corrected, we find a great difference of opinion as to what will be the immediate course of prices. A good many are predicting that the bull market is over and that upward moves from now on will be only rallies. Others are saying that the bull market is still a great many stocks which still have a great deal of favor, which will develop into a steady rise. We agree with the latter. The market is still in a state of confusion, but at the same time it is good and this quarter in strategy for a number of companies will be the best on hand. Moreover, the market is still a great many stocks which still have a great deal of favor, which will develop into a steady rise. We agree with the latter.
