ROYAL ASKS HON. W. E. FOSTER TO BE CANDIDATE

Delegation Presents Request to Former Secretary of State

ANSWER HAS NOT YET BEEN GIVEN

Conservatives Here Nominating Tonight—Liberals Arranging for Convention

Hon. Walter E. Foster, former Secretary of State in the Mackenzie King government, has been asked to allow his name to go before a Liberal convention for the constituency of Roy to be held in Sussex on next Thursday afternoon for nomination as the standard bearer for that constituency in the forthcoming federal election.

Whether or not he will accede to the request has not yet been made known. The desire to have Hon. Mr. Foster as a candidate was expressed to him by a delegation that came to Saint John and met the former minister and laid the matter before him. It was said today that no definite reply on the matter had been given the delegation.

There has also been in circulation a report that Hon. Mr. Foster might be a candidate in Charlotte county, but of this the Times-Star learns there is no likelihood.

LOCAL LIBERAL CONVENTION

As to Saint John-Albert, where Mr. Foster and R. T. Hayes were unsuccessful in the last election, there has been talk of both being asked to be candidates again, but of this there is no announcement yet forthcoming. Other names are also heard in this connection, as have been published from time to time. The Liberal convention for Saint John-Albert will be held soon, in fact arrangements are now under way. Messrs. Foster and Hayes, as the candidates defeated in the last contest, met yesterday, and as a result a request was forwarded to Dr. L. M. Curran, chairman of the Saint John-Albert Liberal executive to call the nominating convention for this constituency.

The Saint John-Albert Liberal executive will likely meet within a day or two to consider plans for the nominating convention.

CONSERVATIVES TONIGHT

The Conservative nominating convention for Saint John-Albert will be held this evening in the Seaman's Institute. The delegates elected at the primaries last year will meet at this convention and it is expected that only two names will be before them. Dr. Murray MacLaren and Thomas Bell, the former representative of the constituency at Ottawa. The name of Dr. W. W. White had been mentioned as likely to be before the convention, but it was said today that he would not offer.

The Liberal conventions for Westmorland and Kent are to be held soon. In the former constituency, it is said, the choice lies between Hon. Fred Magee, Port Egan, and T. Gooding, Moncton. In Kent, it is said, the candidate will be A. E. Bourgeois and that he will have the support of a united Liberal party in that county.

SAINT JOHN MAN IS AWARDED CONTRACT

H. O. Clark to Build New Library for Mt. Allison University

H. O. Clark, general contractor, this city, has received word that he has been successful in securing the contract for the construction of a new library for Mount Allison University at Sackville. The contract price, it is said, is between \$80,000 and \$90,000, and calls for a two-story reinforced concrete building faced with sandstone finish.

Mr. Clark announced today that the work would start immediately. Andrew Cobb, of Halifax, is the architect.

TANDEM TENANTS

Go It Double For a Room and Read The Times-Star Ads

"I want to rent a good, comfortable room—and I want more than just a little hole in the wall."
 "That's the idea—but a large room would be more rent than I want to pay right now."
 "Why don't you double up then—go in with somebody and divide the cost?"
 "Say, that's the very idea. I wonder where I could locate a nice room of that kind?"
 "Well, I found my room by reading the Rental Ads in The Times-Star."
 "Good idea—I know that you got just what you wanted without looking all over town. I believe I'll read the ads tonight."

VISITS OLD HOME

An interested visitor to Saint John this week was G. M. A. Burnham, of Woodstock, a former resident of this city, but who left here in 1884 to make his home in Carleton county. Only once in the intervening 42 years has Mr. Burnham been here. That was two years ago. He spoke today of the great improvements that had been made here since the days of his residence. Mr. Burnham has been visiting in Digby, his birthplace, and spent some time with his brother, A. G. Burnham, right here—what we ain't half thankful enough for what we got—what we could do with it if we took our coats off.

SEE THE FALLS

At high tide the water of the Bay of Fundy reaches a higher level than the water of the Saint John River and forces its way through the gorge of the Falls, creating a "fall" running up river.

At low tide the water in the Bay becomes so much lower than that of the river that the fall of water is reversed and flows down river into the Bay.

At half tide, when the level in the Bay and the level in the Saint John River are equal, the Falls disappear entirely, and the water of the Falls becomes smooth as the surface of a lake.

To see this wonderful phenomenon it should be seen at all three stages.

The best time to view this phenomenon is:

TODAY
 (Daylight Saving Time.)
 High Tide 2:30 P. M.
 Low Tide 8:31 P. M.

TOMORROW
 High Tide 3:11 P. M.
 Low Tide 9:38 P. M.

Local News

ASSAULT CHARGED

Thomas Bishop was arrested today by Detective Biddiscombe on a charge of assaulting his wife. He was taken before the court and remanded to jail.

ON YACHTING CRUISE

A yachting party, consisting of Rev. Frank Cronin, Rev. Arthur Stanton, Dr. A. J. Coughlan, Fred J. McDonald, Sydney Stanton and Herbert Fishery, left yesterday for a week's cruise on the Saint John River.

AWAY TO CONTINENT

H. W. Frink left last evening for Montreal which port he will sail on July 28 on the Canadian Pacific steamer Minnedosa for England. After transiting business in England, Mr. Frink will visit the continent for a holiday. He expected to be away about three months.

THE CATHEDRAL PICNIC

The grounds are being put in good order for the annual Sunday school picnic of the Cathedral parish, according to announcement made this morning by Rev. William M. Duke, pastor.

The final meeting of the women's committee in connection with the event is being held on Friday night, while the men will have their meeting to arrange for the games, etc., on next Sunday evening.

REFINERY AND RAILWAY

Commissioner Bullock said this morning that recently he had made the executive visit to the Atlantic Sugar Refinery brought more ships to the port of Saint John than did the Canadian National Railway and this had been questioned. He had asked the harbor master to prepare a report on the matter. The report showed that in the year 1925 the sugar refinery had brought here 188 ships, bringing the raw material and carrying away the finished product, and in the same year the Canadian National Railway had brought here 88 ships.

TO BE HERE TONIGHT

Two Prominent Officers of Salvation Army Coming to Saint John

Passengers on the S. S. Empress to Saint John this evening will include prominent officers of the Salvation Army, Colonel Henry, chief secretary for the Atlantic and Lieutenant Colonel Levi Taylor, field secretary for the same territory. Colonel Henry is attending a congress in St. John's, Nfld., and then traveled to Halifax. Lieut. Col. Taylor also has been in Halifax and they have been inspecting the books of the army departments. That will also be their mission in Saint John but they will also conduct service here, this evening at 8 o'clock in the Brindley street barracks. Lieut. Col. Taylor was formerly stationed in this city and was divisional commander in New Brunswick.

Conciliation Board Session Adjourned

A board of conciliation called to consider a dispute between the Canadian National Railway Express Department and its employees, members of the Brotherhood of Railway Employees, which met in Toronto on July 29 to 31, has adjourned to meet here this evening at 8 o'clock in the C. B. of R. E. committee, composed of N. L. Preston, Winnipeg; V. Costello, Toronto, and G. K. Holder, Saint John.

One of the many questions of seniority was that of H. R. Goodwin, Halifax, senior applicant for the position of agent at Saint John, N. B.

As Hiram Sees It

THE SETTLEMENT—I see they had a ball-storm out to Winnipeg the other day. One paper says the damage run up into tens of thousands of dollars. The ball-storms was as big as golf balls an' went right through the wind-shields of automobiles that was runnin' in the face of the storm. Gardens an' grain wiped out—an' 20,000 acres of green - houses. One school-house had forty-ones winders broke. Trees was stripped of leaves an' twenty-four street cars was damaged. Out here to the Settlement we never hev nothin' like that. When I see the papers an' see what folks has put up with in other places I'm alwais thankful I'm livin' in old Noo Brunswick where we don't hev floods of Saint John, has just received word that the pupils of her school at Point Wolfe, Albert county rural school, has been awarded second prize for physical training under the Strathcona Trust award.

WILL CONFER ON VOCATIONAL SCHOOL MONDAY

City Council, School Board and Vocational Committee Represented

MAYOR SUGGESTS USE AS HIGH SCHOOL

Modified Form of Vocational Training at Less Cost to People

On next Monday, at noon, there will be a conference of members of the City Council, the Board of School Trustees and Vocational Committee on the probable cost of equipping the Vocational School fully and the yearly upkeep cost which will have to be assessed for.

MAYOR'S POSITION

"I am strongly opposed to the equipping of the Vocational School and its operation under present conditions in Saint John," Mayor White said to a Times-Star reporter this morning, "and I intend to try to see that the burden of fully equipping and staffing such a large school as this, one large enough for Montreal or Toronto, is not thrust on the citizens just now."

"I believe the building should be used as a high school and the present high school building used to relieve the congestion in some of the other city schools. The project was not understood by the citizens at its inception and I am sure if a vote were taken today it would be against the erection of the building."

"This year there was added to the tax rate 10% on the estimated \$100 of valuation for this school and we have not yet been able to get an estimate as to what the amount will be when the school is in full operation."

MODIFIED PLAN

"I would not abandon the idea of vocational education altogether but if possible would have a part of the building used for the purpose, at a considerable less cost to the taxpayers than if the whole plant were devoted to that object."

SAY NEW SERVICE TO EAST JUSTIFIED

Agents Speak of Canada-East Africa and India Route

Despite the fact that the Canada-East-Africa-India service of the American and Indian Steamship Line has only been in operation for a matter of three months, its experience fully justifies its inception by the Ellerman & Bucknall S. S. Co., Ltd., in the statement of the agents in Montreal, the New Zealand Shipping Co., Ltd.

It is admitted, however, that the line is still in its infancy and that there is much room for improvement in the value of shipments of Canadian produce to Africa and India.

AUTOS AS FREIGHT

Automobiles constitute the principal Canadian export carried on this new route, the vessels only calling at Saint John, N. B., to take on cargo after loading with American produce in New York. The return service, which omits several of the ports visited on the eastbound route, provides a call at Halifax instead of Saint John, the steamers proceeding to New York after discharging any cargo for this country.

Whereas the eastbound service averages for a monthly sailing from Canada, the return is, at present, more successful, a call being made at Halifax every three weeks.

Produce brought from India is loaded at Rangoon, Calcutta and Colombo, though other goods, trans-shipped at those ports from other centres in India, is also carried to Halifax and New York. Westbound cargoes constitute principally tea, burlaps, canned goods such as pineapples, mango and rice.

Both the eastbound and westbound service is operated through the Mediterranean and the Suez Canal, and on the eastbound run to Rangoon, steamers call at Aden, Bombay, Kilmindri, Fango, Zanzibar and Dar-es-Salaam, East Africa, Colombo, Ceylon, Madras, Rangoon and Calcutta.

EXPECT GROWTH

In the three months that the service has been in operation, there have been four sailings from Saint John to East Africa and Indian ports, the first sailing having been that of the S. S. Kansas, from New York on April 10, and from the New Brunswick port on April 15.

As the new service becomes better known in this country, it is expected that a larger trade will be built up between Canada, East Africa, and India, excellent trade opportunities having been expounded by Mr. Chisholm, Canadian trade commissioner in India, who returned from that country several months ago.

Fair Vale Outing Club Enjoys Cards

Cards were again in favor at the Fair Vale Outing Club last evening, when bridge and forty fives were enjoyed. There were six tables of each. The honors for bridge went to Miss Mary E. Seaton and F. Q. Twitchell; seconds to Mrs. M. C. Ewing and T. S. Fenwick. Those successful at forty-fives were Mrs. McPherson of Quispemis, and Edwin A. Ellis, seconds to Mrs. Vincent and John Myles.

WINS SECOND PRIZE

Miss Edna Lunney, school teacher, of Saint John, has just received word that the pupils of her school at Point Wolfe, Albert county rural school, has been awarded second prize for physical training under the Strathcona Trust award.

McAvity's Will Tell You How

As Hardware Dealers McAvity's are here to sell you what you want.

But it is decidedly their business to lend a hand so you'll want what you ought to get.
