

"EXPO" PAPER EACH DAY IN BUILDING TELLING VISITORS NEWS OF THE SHOW

Parking, Police and Other Features of Exhibition Week.

An added feature of this year's exhibition will be the publication of a daily paper to be known as the "Exhibition News" which will be distributed on the grounds each day. The opening number will give the programme and some information regarding the exhibits as well as some remarks by Manager H. A. Porter on the subject of exhibitions and their management.

Car Parking.

Provision has been made for the parking of automobiles this year in Broad street under the supervision of a parking officer. Cars also may be parked inside the grounds on payment of a parking charge of fifty cents. Exhibitors may obtain a permit entitling them to park in the grounds for the duration of the exhibition on payment of \$2.

The Dining Room.

The dining room will be in charge of the Tabernacle Baptist church. It will be at one end of the building and a quick lunch counter will be at the other. The area and efficiency of the kitchen accommodation have been increased and the congestion incident to Labor Day crowds will, it is expected, be eliminated.

Special Police.

Arrangements have been made through the chief of police for special policemen who will guard the fences and keep order about the grounds. The installation of automatic exits this year has obviated the necessity for special police at the exits. The men will go duty on Saturday morning at eight o'clock.

Live Fish Exhibits.

The live fish exhibit will come from the Government Fish Hatchery at Little River and will consist of: One tank of female Atlantic salmon, harbor caught; one tank of male, Atlantic, harbor caught; one tank of two-year-old Brown trout, raised at the St. John Government Fish Hatchery; one tank of one year brown trout, a tank of one year rainbow trout, and a tank of one year speckled trout, also a tank of this spring's salmon fry hatchery. This exhibit will prove of greater interest to the lover of the piscatorial art.

CORNER STONE LAID BY PLANE

Unique Ceremony at Aviation Field—Expect 70,000 at Races.

St. Louis Field for the international air races to be held here Oct. 1, 2 and 3, is rapidly nearing completion. The work is in charge of Col. Albert T. Perkins and represents, virtually, the construction of a new field.

The site is the old Bridgton Field, formerly a commercial field but now the home of the Missouri National Guard air unit.

A unique ceremony was held last month by way of formally dedicating the field. Major Albert B. Lambert took aloft a 100-pound stone and dropped it, with a fair degree of accuracy, near where the first hangar is being built. Officials said this was the first corner-stone ever laid by airplane.

The amount of grading being done to level off the field is equivalent to about 50 miles of ordinary railroad grading. Six steel hangars, 66 by 120 feet, a machine shop and a water tower with a 10,000 gallon capacity also are under construction. Housing arrangements also will be made for the 800 regular army troops, military and civilian flyers and their mechanics who will be at the field during the meet.

Seating arrangements will be provided by the erection of 3,200 boxes, holding six persons each, as well as a promenade to accommodate 50,000. Parking space for 6,000 cars also will be arranged.

Col. Perkins is chairman of the grounds committee of the St. Louis Aeronautic Corporation. He is a prominent railroad man of St. Louis and is also well known throughout the southwest. During the war he was at-

CONSTABLE GETS 2 YEARS IN KLAN FLOGGING OF WOMAN

Admits He Helped Wife of Airman; Fourth To Be Sentenced.

Tulsa, Okla., Aug. 31.—Arthur Finley, constable at Broken Arrow, was sentenced to two years in the state penitentiary here following his plea of guilty to a charge of riot. Finley is the fourth man sentenced since Governor J. C. Walton placed Tulsa and parts of Tulsa County under martial law two weeks ago and began an investigation into floggings here. Like

the three others, he admitted membership in the Ku-Klux Klan.

Finley confessed having participated in the flogging of Mrs. Myrtle Goolsby at Broken Arrow in July of last year. At the time of the whipping Mrs. Goolsby was the wife of "Slim" Spain, a parachute jumper who was killed in an exhibition a few days later at Seneca, Mo.

Mrs. Goolsby told authorities her assailants had accused her of improper relations with Goolsby, then nineteen years old. She was twenty-two. Both were flogged. A few days after Spain's death she married Goolsby.
