MORE TROUBLES IN IRELAND

Limerick, Jan. 26.—The police barracks at Murroe, occupied by eight constables, was attacked after midnight by about forty armed men. The two parties exchanged shots for a couple of hours. The raiders vainly tried to bomb the building, but finally decamped on the approach of the military. So far as known, nobody was injured.

London, Jan. 26.—Armed men, wearing masks, attacked the police barracks at Balingglass, county Wicklow, last evening, and shot and wounded one constable severely and another slightly. The constables escaped.

Thurles, Ireland, Jan. 26.—Archbishop Hartley, in the Thurles Cathedral yesterday, denounced the recent crimes in Ireland, saying:

"During the last week shocking events have occurred in Thurles and neighborhood. Armed raids on police barracks, the willful murder of a constable and an attack by the police on undefended and unoffensive homes call for universal condemnation and reprobation.

"It is most horrible and shocking that anybody should commit murder in cold blood. It is also shocking that a number of police whose special duty it is to protect life and property should engage in an orgy of violence and endanger the lives of many innocent people, women and children as well as men.

"With all the authority I can command, I condemn these crimes as the most grave violation of the laws of God."

Labor Opposition.
London, Jan. 26.—One positive result of the English parliamentary laborite delegation to Ireland will be decided opposition by the English Labor party to the government's present plan for home rule in Ireland, according to the Daily Mail's correspondent who is accompanying the delegation.

All the provinces except the prairie provinces anticipated additions for the week of Jan. 10.

All groups with the exception of lumbering, shipping and longshoremen reported decreases in staffs. The decline still being largely caused by curtailment of activities during the usual stock-tank and inventory period.

WE HAD IT 16 BELOW TODAY

Only Once This Season Was Mercury Lower — Small Pupils in Centennial Sent Home.

If the cold spell continues this week, or if it remains moderately cold, January of 1920 will go down on record as the coldest ever chronicled here, according to a statement of D. L. Hutchinson, director of the meteorological observatory, to a Times reporter this morning. At 7 o'clock this morning the thermometer registered sixteen degrees below zero. This is only one degree above the record for the season, which was established on Dec. 18 when the mercury dropped to seventeen below. Fortunately, the wind was only light this morning and while the cold was penetrating it was not felt so keenly as on some other days this winter when a higher temperature prevailed.

Fredericton reports 22 below at 8 a. m., clear; Halifax 9 below, fine, four below at 11 a. m.; Moncton, fine, light west wind, 18 below; Edmundston, 36 below, no wind; Woodstock, 40 below at 7 a. m.; clear; Hamilton, 30 below.

Centennial school was so cold this morning that it was deemed advisable to send the pupils of grade 1 home at 10 o'clock. The heating apparatus in the school is reported to be antiquated and in addition snow blows in through cracks about the windows and doors, making it almost impossible to heat the rooms. The temperature in some of the rooms this morning did not reach above fifty degrees.

In St. Stephen the weather was clear and thirty-two below was the record. St. John's it fair and clear, twelve below.

ESCAPED FROM POLICE CELL

Murray Got Out Last Night — Fourteen Names on the Record This Morning.

George Murray appeared in the police court in name, but not in person this morning, as the door on the cell in which he was lodged was not strong enough to withstand the attacks made on it by him with some unknown instrument. He escaped last night about eight o'clock, and although no one saw him, it was supposed he had gotten away through the police court and down the front stairs. He was charged with drinking and furiously driving a horse in Adelaide street.

Fourteen prisoners were gathered in by the police Saturday and Sunday. For the last two weeks there had been very few arrests made.

James Doherty, arrested last night by Detective Biddiscombe and Inspector Merryfield on a warrant, was charged with unlawfully keeping liquor on his premises for sale. Inspectors McAlister and Merryfield told of visiting his residence in the rear of 25 Brunswick street on December 4, and finding two jugs of beer, which exceeded the percentage allowed by law. The inspectors said that they were walking by the window and saw two women drinking, and called them to investigate. The inspectors also told of having complaints about the reputation of the house. The case was postponed until tomorrow morning.

A man and woman who have been having slight difficulties in domestic life brought their troubles to the magistrate. The wife said her husband has not been supporting her and in the last two weeks she had had to go out and work to support herself and baby. After some advice to the young people reconciliation was made.

Alexander Gracia was given in charge by Captain Wyatt of S. S. Alston on charge of being a stoway on board the vessel. The captain took him back to the ship.

James Redmond was charged with being drunk and acting wrongly in the street. Policeman Chisholm gave evidence. The accused was remanded.

William Kosmek, aged forty-four, an Austrian who has been before the court on several occasions on the charge of vagrancy, was again arraigned on that charge and sent into jail for further investigation.

Seven men charged with drunkenness pleaded guilty. Four were remanded to jail, while three paid a fine of \$8 each.

IMPORTANT PLAYGROUNDS MEETING HELD

A special meeting of the playground executive was held on Saturday with Captain A. J. Mulcahy in the chair. Representatives from various societies in the city in favor of recreational centres were present. A. M. Belding was called upon to explain the objects of the meeting. It was decided to have two members of each society appointed to act in conjunction with the representatives of the city in revising the by-laws and constitution. The new officers will be appointed at the next meeting of the executive.

Plans were discussed as to what measure would be brought to bear before the city council this morning to establish a playground in the North End. The treasurer, Mrs. George Dishart, gave a detailed statement of the expenditures of last year, while the secretary explained that owing to the lack of repairs last year at least \$7,000 would be needed this year to carry on the work and establish a ground in the North End. The following delegates were appointed to attend the meeting of the council this morning: A. W. Corey, T. S. Stevens, representing North End; Captain A. J. Mulcahy and Mrs. Mulcahy, S. M. Coles of the Sugar Refinery; A. M. Belding, Mrs. T. N. Vincent, Mrs. J. H. Doody, Mr. Woodworth of the Y. M. C. A., F. J. Barrett of the Rotary Club, Dr. Stanley Bridges of the Commercial Club, and Mrs. George Dishart.
