HILL-QUINN

The church of the Holy Rosary at Minto, N. B., was the scene of an interesting event on Monday morning, September 30, when Charles Hill, of Minto, and Miss Agnes Quinn, daughter of Mr. and Mrs. Frank Quinn, of St. John, were writed in marriage with nuptial mass by Rev. Father Conway. The bride, who was given away by her father, looked charming in white satin with veil and wreath of orange blossoms. She was attended by her sister, Miss Helen Quinn, who was attired in blue silk with picture hat. The bridegroom was supported by J. A. Coholan of this city. After the ceremony, the bridal party drove to the summer home of the bride's parents, where luncheon was served. drove to the summer home of the bride's parents, where luncheon was served. Among the out-of-town guests was Mrs. D. W. Daley, of this city. The large number of presents, including cut glass and silver, gave evidence of the esteem in which the bride and groom are held. Mrs. P. Coholan and son, 'Harold, were among the out-of-town

SHARK KILLED A large blue shark is lying dead at the head of Market slip. It was killed last evening by a seaman on one of the schooners. The shark was slowly swim-ming near one of the schooners in the a pike pole, drove it into the monster beneath the right eye. The shark fought furiously for a short while, but became weakened by loss of blood and died. Its the tide receded it was left on the shore. The shark was about seven or eight feet long and weighed about 200 pounds.

### **GIVE YOUR CHILD** A CHANCE!

It isn't right to let a child toil under the handicap of defective vision. Poor eyes make backward children. They not only affect their work, but their nerves and health as well.

Do not let your child suffer through neglected eyesight. If there is the slightest indication of eye trouble, bring him in and we will set all doubts at rest.

London, Oct. 2—Seizure, by a British expedition, of German mining property and other development plants in Spitzbergen, including a big wireless installation, is reported by the Express with the intimation that the work of developing immensely rich iron and coal deposits is proceeding. It is said they will be of the greatest importance to Great Britain and the Allies.

The expedition to Spitzbergen sailed a few months ago under the protection of the British navy. Sir Ernest Shackleton, famous Antarctic explorer, was the commander, but he was subsequently obliged to leave to take up other duties. His successor, F. W. S. Jones, who returned to London yesterday, gave an enthusiastic description of the vast mineral wealth which has hitherto been merely tapped to a limited extent by British, German, Swedish and Norweg- ian companies.
