NO REFERENDUM VOTE AT NEXT ELECTION

### City Solicitor's Report Shows That City Council Cannot Abolish Grocery Shop Liquor Licenses.

censes at the next election. This was decided upon by the aldermen when the city solicitor reported as follows to the council Monday night.

Gentlemen:-I have the honor to report on the following questions submitted

(a) As to the power of the council t submit a referendum inviting the electors to say whether shop liquor licenses in gro ceries shall be abolished.

(b) As to the power of the council to abolish shop liquor licenses in groceries. In reply to both questions I beg to point out that the council is not the li-censing authority, and by section 182, the right of the council to interfere with the on of the board is distinctly tived, the power of the council being limited to regulating by by-law (under sec tion 205, sub-section (a) "the manner and conditions under which the board of licensing commissioners may authorize and grant" the renewal or withholding of

As to the second question: By section 205, sub-section (b), no new liquor licenses can be granted until the population of the city increases to an equal extent author izing the issuing of additional liquor

I am, therefore, of opinion that referendum cannot usefully be had on the sub section (189) of section 50 of the act. It is furthermore my opinion that ex-isting liquor licenses cannot be abolished without direct authoritative legislation. C. DUBOIS MASON.

Ald. Douglas moved that the report be received and filed. Ald. Yates seconded the motion.

His Worship-What! Do you want to rule me out of order? Ald. Douglas-I can't do that. I'm not the mayor, thank goodness.

His Worship then continued. He dewrong with the solicitor's advice or the

Ald. Fell pointed out that the statute did not provide for the abolition of grocery licenses. If the council had the power that the mayor had suggested it might have, it would be able to order retailer to build separate stores in which to dispose of his wine, his beer and his other intoxicants. That would

Ald. Hall pointed out that the petitioners only asked that the licenses he taken from the grocery stores, which would not prevent the holder from opening up in another building.

Ald. Fell-What would be gained by will not allow us to do it. As I said. if we could do it we could make the retailer open stores for the sale of all his intoxicants separately. After some further discussion the report was received and filed.

RAILWAY CROSSING CASES.

Applications Made By the Vancouver, Westminster & Yukon Co.

Ottawa, Nov. 27.—The railway commission had under consideration this forenoon railway crossing cases of the Vancouver, Westminster & Yukon Ry. Mayor Buscombe, of Vancouver, represented the city. Joseph Martin, with Mr. Woods, managing director of the Vancouver, Westminster & Yukon: Mr. Stewart, engineer, and H. B. McGiverin, represented the railway company Messrs. Creelman and Drinkwater and Engineer Cambie, of the C. P. R., and Mr. Ewart, K. C., represted the British Columbia Electric Railway Company. There was an application for a cross

ing over the tracks of the British Colimbia Electric railway at Venables. Harris and Powell streets, Vancouver and the tracks of the C. P. R. for its line from False Creek to Burrard Inlet, on their main line; an application for crossing a spur line of the C. P. R. into the Brunette Sawmill Company, New Westminster, and for the crossing of the junction of one of their spur lines leading into the Fraser river sawmills, New Westminster.

Before these cases were taken up Mr. Martin asked the commission when judgment would be given in application of the board of trade, Vancouver, in regard to its complaint against the R. in respect to freight rates. Mr. Killam said that Mr. Hardwell, freight traffic expert of the commission, had not yet got all the information which the commission had asked for to enable them to give a decision, but he expected to have it before long.

AUTOMOBILE CLUB'S SUGGESTIVE BY-LAW

### Proposes Elimination of Arbitrary Clauses and Simplifying of General Motor Vehicle Regulations.

The suggestive by-law, drafted by the Victoria Automobile Club and submitted to the city council Monday for the purpose of illustrating what would be most acceptable to the motorists of the city in the way of regulations, difclared that there must be something fers but little in its general effects from the one prepared by the city solicitor. It is considerably shorter, embracing only 10 short clauses and covering less than three sheets of regulation typewriting paper, while the city's by-law contains 26 clauses and fills up eight complete pages. The general aim throughout is not to change the regulations, but to weed out the worst o them while retaining the ones which do not conflict with the general view of the automobilists on the point of

This provision is ridiculed as impracticable, and it has been pointed out that its enforcement would bring many of the driving out the Hindus to see and think mas. This pleasing announcement was automobilists into conflict with the police, as there are not a few who would rather pay a fine or take the conseuences of any proceedings which might be instituted against them, than submit to what, in their eyes, is an in-

justice and an indignity. The suggestive by-law also provides for a fine, not less than \$25, for the first offence, and for subsequent offences against the regulations a like penalty, with the alternative of the convicted being imprisoned for a term not exceeding one month. In clause 24 of the city's by-law the matters of penalties is dealt with at some length and fines ranging from \$50, the lowest amount, to \$400, for various offences against the provisions of the measure

The automobile club have not registered any complaint against the general provisions of the city's by-law insofar as the rules of the road, duties of the police, use of whistles and horns, etc., are concerned, but have aimed in their suggestive by-law, at placing all motor vehicle owners and drivers, whether plying for hire or for pleasure, on what is, in their opinion, an equitable basis. The automobilists further desire to be governed by the speed regulations of the provincial act

of 1904 The motor vehicle by-law has already been read twice. At the special meeting called for next Thursday evening it will be finally considered, and, as the aldermen have practically agreed in previous discussions that the by-law, as drafted is too voluminous and rather inequitable, it is almost certain that it will be amended, and that the suggestive by-law will be used in so

in the Institute hall when addresses were delivered upon the subject of "Good Citizenship." Although the meeting was timed to start at 8 o'clock, t was decided at that time to delay the commencement to allow an audience to turn up. Half an hour later Ald. Davey took the chair and C. H. Lugrin, A. J. Pineo, William Marchant and Rev. W. T. Gladstone took places on the platform.

The chairman, in opening the meeting, said that it had been called for the purpose of creating interest in good citizenship, and he supposed all would admit that, although Victorians were no worse than the people of other cities, they needed reminding of their duties However well our citizens compare with others, there was certain apathy

which needed overcoming. The first speaker was Mr. Lugrin He referred to the small attendance, and said that it was likely that all present were good citizens. It would be a mistake for them to imagine, however, that they were the only good citizens. It would be presumptous of him to attempt to teach the duties of good citizenship, and he would therefore only remind the citizens present of the obligations which were being portunity to address any meeting that neglected by them. Perhaps these obligations were not left unfulfilled intentionally, but still, they were unful-

Speaking of local affairs, Mr. Mar-chant said that he strongly disagreed with the present practice of having the police appointed by three commissioners. He thought that they should be under the control of the provincial government, liable to be moved from place to place, and not subject to local influences. Then they would be able to perform their duties more conscientiously.
