

X. GENERAL MINING ASSOCIATION OF QUEBEC.

ONTARIO MINING LAWS— <i>Continued.</i>	Page.
Minerals Reserved on Free Grant Lands.....	202
Pine Timber on Mining Lands.....	203, 207
Mining Claims.....	204
Mining Inspection.....	205
Discussion on.....	205
ORDINARY MEMBERS—List of.....	403
ORIGINAL MEMBERS.....	3
PEAT FUEL—	
Importance of to Ontario.....	347
Utilization of in Older Countries.....	350
Methods of Manufacture.....	351
Use in Metallurgical Operations.....	355
Areas of in Ontario.....	357, 359, 362
Comparative Test of.....	395
Areas in Quebec.....	359, 362
Competition with other Fuels.....	359, 395
Value for Sanitation.....	360
Quebec Bogs Worked.....	361
How Bogs of are Formed.....	363
Classes and Character of.....	363
Manufacture of Moss Litter in New Brunswick.....	364
Difficulties in Manufacture as Fuel.....	365
Quality of Raw Material Important.....	366
In the Manufacture of Coke.....	367
Manufacture in France.....	367
Caloric Power of.....	368
Various Analyses of.....	368
Brughat's Success in Manufacturing.....	369
Cost of Production.....	370-1
Work on Welland Canal, Ont.....	370
By the Dickson Process.....	394
PETROLEUM—Boring for at Gaspé, Que.....	375
PHOSPHATE (Canadian)—	
Deposits of the Ottawa District.....	221
First Discovery of in Canada.....	221
First Mining in Canada.....	221
Mode of Occurrence in Canada.....	222
Nature and Origin of.....	224-245
Mining in Quebec.....	239
Occurrence of in North Burgess, Ont.....	225
Occurrence of in Buckingham District, Que.....	225, 243-44-45
Deep Workings of at North Star and High Rock Mines.....	228, 243
Market Depression.....	242-43
