GOODLY SUM REALIZED
BY LOYALIST CHAPTER.

The members of Loyalist Chapter, Daughters of the Empire, are well pleased with their efforts yesterday to raise money by the sale of the special edition of a Buffalo paper, and the net returns amounted to \$350. The Loyalist Chapter were assisted by members of the Y. W. P. A., Valcarlos Chapter, Seven Seas Chapter and Lady Roberts Chapter. The young women started out with armfuls of papers at noon and at three o'clock in the afternoon were all sold out. It was rather an uncommon sight in St. John to see a large number of neatly attired young women selling papers, but all worked hard and claim that while they sold about three thousand papers, they could have easily sold double that number.

The chapter wishes to thank C. A. Munroe, of the St. John News Co. for the donation of the papers, and W. H. Golding for the use of the Imperial lobby, which was the headquarters of the paper sellers. So successful was yesterday's venture the Loyalist Chapter intend trying another scheme in the near future.

GUIDES TO MOTHERS.

When you make rompers next time make a double seat, so that when the outer cloth wears out you can sew down the inner seat and the cloth will all be faded alike. Your patches will be already there.

The tops of long wristed gloves make lovely looking stockings for baby; when the fingers are worn out then use them at the lowest point possible in the wrist, then sew them neatly to a pair of soft little feet cut out of the gloves. Any color gloves and any color feet can be used.

To make a baby robust, healthy and handsome put him out every day in a pile of sand, even if you have to lay him on purpose. Do not care how soiled his overalls or rompers are, or his hands and face, or whether he eats any of it.

Don't worry over him, only provide a big spoon to dig with and in a short time the baby will gain in weight, color and every way. The air and sand and freedom are worth more than any amount of medicine to any child.

ST. STEPHEN

St. Stephen, June 8.—The Kiddies Concert held in the Blou on Thursday evening of last week was a splendid success and was greatly enjoyed by all present. The wee tots of kindergarten age were most attractive in their songs and drills and reflected great credit on Miss Marjorie Haley and Miss Lilla Moore, who so painstakingly drilled them. The little Misses Barbara Vesey and Patricia Grimmer were particularly winsome. Edward Moore's rendition of the "Marseillaise" in French, was certainly wonderful for one of his age, while Master Frank Touraine gave a fine patriotic recitation "Wars and Rumors of Wars." This was followed by a particularly sweet good night chorus by all the children under the direction of Mrs. Touraine. A play adapted from Kingsley's Water Babies was acted entirely by children under ten years of age and very well done.

THIN-BLOODED
MEN AND WOMEN

Need the Rich, Red Blood Dr. Williams' Pink Pills Actually Make.

Thin-blooded people do not remain so from choice but from indifference, in some cases from despair. People who are pale, languid, with palpitation of the heart, some difficulty in breathing and a tendency to be easily tired are suffering from thin blood. They need only the resolution to take the right treatment and stick to it until cured. The remedy that can be relied upon is Dr. Williams' Pink Pills for Pale People. With every dose they make new blood, and new blood means health and strength. The red cheeks, good appetite, increased weight and strength, the power to do their work, the proof of their great value to thin-blooded people. Here is an example: "I honestly believe Dr. Williams' Pink Pills saved my life. Some years ago I had anaemia, and as I did not realize the seriousness of the trouble I soon became a complete wreck. I got so weak I could hardly walk. I neither ate nor slept well, and could not go up stairs without stopping to rest. At times I had an almost unbearable pain in my back and would have to remain in bed. I suffered almost constantly from a dull headache, and when sweeping if I would stoop to pick up a pin I would get so dizzy that I would have to catch hold of something to keep from falling. At times my heart would beat so fast that I would have a smothering sensation. My eyes were sunken and my hands and limbs would be swollen in the mornings. I tried several kinds of medicine without benefit and my friends thought I would not recover. Then I began taking Dr. Williams' Pink Pills, and before long could see and feel that they were helping me. I slowly continued the use of the pills until I was completely cured and I cannot say enough in their praise, and I strongly recommend them to all run down girls and women."

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Who's Who and What's What in the Picture World
and on the Stage—Favorites and What They Say and Do.

PATRIA AT THE STAR.

Patricia, a thrilling serial of Romance and Society, commenced with three reels at the Star Theatre last night and the large audiences who attended this cosy North End place of amusement were more than pleased with the first chapter, and they can be assured that the chapters that follow will prove more interesting as the play proceeds.

Mrs. Vernon Castle the star, is attractive and delightfully dressed. A well known dancer, not many of the people in St. John have heard or seen her in real life, and those who have had to pay big prices for the privilege of watching her dance. Mrs. Castle is also an actress of great ability, proving that she has brains as well as skill.

"Patricia" is by Louis Joseph Vance, the famous author of a score of the best selling picture plays. The story tells of "Patricia Channing," a beautiful young society girl, left sole heir to American munition works, and her splendid struggle against "Baron Hurok," a wily foreigner who is endeavoring to gain control of Channing's and the \$100,000,000 trust fund left to "Patricia" by her father. She is aided by Captain Donald Parr, of the U. S. Secret service with whom she is in love.

There is a thrill in every episode and the race between a trait and an automobile, the latter dashing over a grade crossing, only inches ahead of the locomotive, is one of the best scenes of its kind ever filmed. "Patricia" will be repeated today.

Other interesting subjects shown at the Star are, "The Italian Army and Navy," "The Return of James Perome" and "Luke Chautau."

BABETTE AT IMPERIAL.

It is always wrong to steal? Is the question to be answered by the large audiences who were present at the Imperial Theatre yesterday, and will be the very interesting feature play "Babette." It is a French story, the author, English, and English, and is under the direction of the play opens with clever work by a high class French actor, who while discovered by detectives in the act of cracking a safe, makes good his escape to Normandy.

In the latter chapter he falls in love with a beautiful daughter, who is married to her, resolves to live straight in the future. Just before the wedding he makes a fortune at gambling, and in the same game the wife of a business man manages to lose all her husband's money, disaster strikes the woman in the face, and she is left a beggar.

He has won the woman and saves the couple from ruin. As an artist he and his "Babette" resides

to keep the face fresh, clear, youthful.

More important than the cosmetic care of the complexion is its health. To keep the face clear, fresh, youthful, there is nothing better than the complexion powder, which is a half pint with base, purifies, manages cream and keeps the face clean, healthy, and improves facial contour wonderfully.

For a wrinkled, loose or saggy skin, a face bath made by dissolving an ounce of powder in a half pint of water, washes, purifies, manages cream and keeps the face clean, healthy, and improves facial contour wonderfully.

happy in France, and when his money is all spent, and the only manner he can save "Babette's" life, she having taken seriously ill, is to rob a man in a bank. He is arrested, and is recognized by the wife of the man whom he robbed, and she turns out to be the woman whom he years before had returned the money which she lost in the gambling house. The woman and her husband deny that "Babette's" husband is the thief and he is freed. It is an interesting play from start to finish.

The second to the last chapter of "Secret Kingdom," proved, as thrilling as the former chapters, while the singing of Heckman, Shaw and Campbell pleased the patrons of the Imperial better than ever. The programme will be repeated today.

HAD TRAGIC CAREER.

Yesterday was the birthday of a woman whose tragic career and the fate aroused the sympathy of the civilized world years ago. Seventy-seven years ago the unfortunate Carlotta, former empress of Mexico, was born. She is now living near Brussels.

lived two years. Many troubles led her husband to abdicate in 1866 and in the following year after severe fighting Maximilian was taken prisoner and executed.

From that time the former empress has been insane.

Mr. H. D. Stevens of Woodstock, N. Lift Corns Off
With Fingers

Doesn't hurt a bit! Corns and calluses loosen and fall off! Magic!

Few drops of Freezone take all pain and soreness from corns instantly

Try bottles of Freezone cost but a few cents at any drug store.

No hump! Any corn, whether hard, soft or between the toes, will loosen right up and lift off, without a particle of pain or soreness.

Wonderful discovery by Cincinnati man

This remarkable drug is called Freezone and is a compound of ether discovered by a Cincinnati man. Ask at any drug store for a small bottle of Freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted right off with the fingers. Freezone doesn't eat out the corns or calluses, it loosens them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. Try a little and see for yourself. It is surprising.
