FAST LINE SERVICE.

B. R. Macaulay Interests British Capitalists.

THE SCHEME OUTLINED.

Canada Will Be Provided With a Six and a Half Days' Service for Less Money Than Paid for Inferior Steamships—Proposal Before the Government.

When Mr. B. R. Macaulay, of Macaulay Bros. & Co., was in Ottawa last week, he representing an English syndicate, placed before the government a proposition for a fast steamship service to Canada. The proposal of the English capitalists, Mr. Macaulay, succeeding in interesting on his recent trip to England is that for an annual subsidy of \$500,000 for ten years they will build and put in service in two years' time a fleet of 10,000 ton steamers capable of making the trip from Canada to England in six and a half days, and fitted with first-class passenger accommodation, good freight facilities and modern devices for the safe carriage of perishable goods.

These facilities a company are ready to furnish to the satisfaction of the government and they are willing to submit to any penalty if they fail in their contract; but they ask in return that the government shall enact certain legislation along lines developed by Mr. Macaulay, and considered absolutely necessary to enable them to carry on business profitably and successfully.

Mr. Macaulay yesterday gave out the following statement, outlining the proposal which he presented to members of the government while he was in Ottawa: A fast mail, passenger and freight line of five steamers, of 10,000 tons each, to be built with a special view to Canadian shipping requirements, with all known improvements for cold storage to ship fruit, meats, dairy and general farm products from Canada, and the fine class of dry goods freight, etc., to this country. At the present time passes altogether through the United States to our western coast.

The steamers to make the passage in six and a half days and from the ports of Halifax and St. John in the winter months, and to and from the ports of Quebec and Montreal in the summer months. They will be able to make the passage in six and a half days. They will be able to make the passage in six and a half days.

The iron moulders are still out. Yesterday one man from Fleming's joined the strikers, while a non-union life went to work in the St. John Iron Works.

The wife of Rev. H. F. Waring received a telegram last evening hearing the sad news, to stage their spectacular production of Longfellow's Evangeline at the Mechanics' Institute Thursday and Friday evenings, May 2 and 3. The story is acted in pantomime, while the thread of the story is recited by Mrs. Rodenbaugh.

The steamer Victoria, which left for Fredericton yesterday, made an unusually speedy and successful opening trip. She arrived at Fredericton by 3 o'clock in the afternoon.

The liquor license commissioners were in session again last night and continued their deliberations over the applications for license. The board adjourned without completing the list.

A lad named Maxwell, who is an employee at the Indiantown mill, received a telegram yesterday morning. Dr. Gilchrist dressed the wound.

The plans and specifications for the telephone buildings in St. John have been completed and tenders will be asked on Monday next for the erection of the buildings.

Lieut. Col. McLean gave a dinner last evening to Mr. Charles Cassils and Col. Starke, of Montreal. Among the other guests were Hon. Wm. Pugsley, Recorder of the Court, Mr. John Thomson, Dr. MacLaren and Lieut. Weldon McLean.

Mrs. Mary E. Eliza Kennedy, widow of Mr. J. S. Kennedy, died very suddenly yesterday morning at the residence of her son-in-law, Mr. John McGinley, Paddock street. She leaves two daughters, Mrs. John McGinley, and Mrs. A. P. Jones.

Hon. J. W. Longley, attorney general of Nova Scotia, was married at Berkeley, Kent England, to Mrs. Lois Fletcher, of Halifax, on April 4. Mr. and Mrs. Longley will spend a few weeks in Devonshire, and return to Halifax early in May.

The water on the Loch Lomond road has receded and the highway is now dry. Messrs. Moore and Mooney have agreed to repair the road if any damage has been done by the flooding. The government are having levels taken to ascertain what precautions will be necessary to prevent future flooding.

Mr. Dennis Griffin, an employee of the Lawton saw works, was hurt yesterday morning by the bursting of a grind stone. With others, he was standing near the rapidly revolving wheel when it burst.

One of the pieces struck him on the back and he was quite badly hurt. He was taken to his home and Dr. Scamell was summoned. No bones were broken, but the man was quite badly bruised and will be confined to his home for a few days.

Grand Master Forbes, with a full complement of the Grand Lodge officers, paid a visit to Union Lodge of Portland, No. 16, P. & A. M., last evening. There was an unusually large attendance of members. The third degree was worked. The grand master made an eloquent address. He will visit the other lodges during May. Worshipful Master M. B. Edwards also made a hearty speech. There was a large number of visiting Masons present, including a number of brethren from the mother country. After the lodge meeting refreshments were served.

A Letter of Thanks.
Dear Friends,—As many of you know the hand of sickness is at present laid so heavily upon me that I am not able to attend to my usual business. Should it be my happy lot to again enjoy health and strength I have decided, however, to discontinue that work. Therefore, on retiring from the business I desire to extend my hearty thanks to the public with whom I have done business for their kind patronage. Expressing likewise my gratitude for the sympathy of my friends in my present illness. I remain, Yours truly,
ALEXANDER KILPATRICK.

PERILED HIS LIFE TO VOTE FOR METROPOLITAN.

Archbishop Lewis' Vote for Bishop Bond as Head of Anglican Church in Canada.

Archbishop Lewis, of Ontario, former metropolitan of Canada, who is lying dangerously ill at the Hotel Empire, was reported last night when he learned by a despatch from Montreal that his personal friend, Bishop Bond, of Montreal, had been elected to succeed him as head of the Anglican church in Canada.

Leaving on what he believed to be his death bed, Archbishop Lewis wrote his signature, and set his seal last Thursday to the two votes that determined the election in the House of Bishops yesterday. In his weakened condition, while still lingering between life and death, after a long siege of pneumonia complicated with heart disease, the excitement and sense of responsibility that accompanied his few strokes of the pen seriously imperiled the archbishop's recovery.

The election of metropolitan of Canada was held by the House of Bishops yesterday. The election of metropolitan of Canada was held by the House of Bishops yesterday. The election of metropolitan of Canada was held by the House of Bishops yesterday.

The archbishop fell ill from pneumonia early last February in New York. He was nursed by his wife, who engaged apartments at the Hotel Empire. On three different occasions Dr. Douglas Stewart, his physician, conservatively said that the archbishop was in a very serious condition. Very slowly Archbishop Lewis began to mend. He was said to be slightly better last Thursday.

Archbishop Lewis, through his long illness, had the ambition of casting his vote for his successor as metropolitan. As the last head of the church his voice in the Canadian house of bishops counted for two. The other ten bishops of Canada have one vote only.

There were several aspirants for the office of metropolitan. Besides Bishop Bond, of Montreal, the name of Bishop Baldwin, of Huron, was also prominently mentioned. Bishop Bond was the favorite of Archbishop Lewis. The archbishop was one of Bishop Bond's consecrators when he became bishop in 1870. Therefore, although his life hung by a thread, the archbishop last Thursday read the terms of the official ballot and signed his name and set his seal thereto. Bishop Bond was elected.

Mrs. Lewis said last night: "The archbishop risked his life to remain in the country in the hope of being present at the election in the house of bishops. If he had gone at once to Egypt after resigning he would probably have escaped this illness. It was as much as his life he would have risked to give his signature and seal at that time. We are both very happy, however, to receive the news of the election of our bishop of Montreal."

Archbishop Lewis, of Ontario, is 76 years old. He was born in Garryville, Castle, Cork. The castle and large surrounding estates were given to his father by Henry II., of England. He was elected a bishop in 1831. The new archbishop and metropolitan of Canada, is about 80 years old.—N. Y. Herald.

GRIEVES FOR SON.

Jacob Bottner Missing Away Because of Boy's Disappearance.

New York, April 7.—Grieving over the disappearance of his son, Jacob Bottner, 79 years old, of Jersey City, is rapidly approaching death.

John Bottner, the son, who is 20 years old, has been missing since his home on March 24. For some time previous to his disappearance young Bottner grieved over the death of his mother and sister, until his friends say, his mind became affected. This mental condition was aggravated by an accident which happened in the box factory in which he was employed.

He and another boy were working side by side at a machine, when it flew apart and one of the pieces killed Bottner's companion. Bottner always insisted that he was to blame for the accident and frequently brooded over the death of his friend.

BRONCHITIS IS NOW EPIDEMIC.

Bronchitis is becoming very prevalent, but is not so incurable, for Catarrhosis Inhaler sends the healing medicine into every part of the lungs, bronchial tubes and lungs; it reaches the germs and destroys them. Catarrhosis soothes and cools the inflamed membrane, quickly cures the dry cough and feverishness, and the laborious breathing and soreness in the wind-pipe are relieved at once when Catarrhosis is inhaled. Bronchitis is cured in one to five days. It has been extensively used, and never once failed. Even cases of 5, 10, 20 years standing that have baffled the skill of the best physicians, have been cured by Catarrhosis. Your doctor will tell you that Catarrhosis is one of the greatest discoveries of the century, and that he always prescribes it for Bronchitis, Asthma and Catarrh. Get it today, and be cured. SHE WAS DRIVEN OUT.

Mrs. Nation Ordered to Leave Kansas City. ALSO FINED \$500.

Allowed to Stand, to Be Collected Should She Return—Was the Decision of Judge in Trial of the Smasher for Obstructing the Street.

Kansas City, Mo., April 16.—Mrs. Carrie Nation, arrested Sunday, charged with obstructing the street, was arraigned before Police Judge McAuley, fined \$500 and given until 6 o'clock this evening to leave the city. The judge warned Mrs. Nation if she was found in the city after that hour she would be arrested and placed in jail. She agreed to leave town and 15 minutes later boarded a street car for Kansas City, Kan.

Mrs. Nation appeared in court early accompanied by her brother and a woman friend. The court room was literally jammed by a curious crowd. Several cases were called before Mrs. Nation's, and she watched the proceedings with manifest impatience. When Judge McAuley finally asked Mrs. Nation what she had to say to the charges, she delivered a tirade against police and court.

She pleaded that she was merely waiting for a car when arrested and was making the best of her time, meanwhile, by talking to the crowd that had gathered. A policeman testified that several cars had passed without Mrs. Nation making an attempt to board any of them. Mrs. Nation flatly denied the statement. Judge McAuley then gave his decision and warned Mrs. Nation not to come to town again. The fine was suspended. The crowd applauded the decision and followed the "joint smasher" to a car bound for the Kansas side of the river.

The fine will be held over Mrs. Nation in case she should return and, until she is released from the court's order, she is practically barred from visiting Kansas City. Mrs. Nation pleaded that she wished to go to Liberty, Mo., within a few days, and asked if she would be permitted to pass through Kansas City en route. Judge McAuley answered in the affirmative, but warned Mrs. Nation not to stop off here.

TERRIBLE SUFFERINGS OF WRECKED SCHOONER'S CREW AT SABLE ISLAND.

For a Week They Lingered After Provisions Were Exhausted --Rescued and Brought to Halifax Yesterday.

Halifax, April 16.—(Special)—A thrilling sea story was brought to port today by the American schooner Hazel Oneita, which arrived having in tow the French schooner Assomption, which she saved from almost certain destruction on the fatal sand bars of Sable Island. The Assomption, Capt. Bouche, sailed from Tuxis Island on March 1 bound for St. Pierre, Mig., and, on the second day out, encountered a terrific gale and was hove down and dismantled. The crew after hard work, put up a jury rig and, for three weeks, the disabled craft battled with the fierce gales in her endeavor to reach her destination.

Her provisions ran low and the eight men were finally reduced to hard biscuit and a pint of water a day. The schooner was almost in sight of St. Pierre when a fierce storm came on and drove her back as far as Sable Island. Being unmanageable, she drove on the bar and then over it and anchored in seven fathoms with the sea going over her and threatening to engulf her at any moment.

This was on April 7. On that day the last morsel of food was eaten and for the next week the crew were actually starving and could not have held out 24 hours longer, the Hazel Oneita's arrival being just in nick of time.

When the boat from the latter went to the unfortunate craft the crew behaved like maniacs and fought each other savagely to get into the boat and had to be beaten back by the Americans in order to save themselves as well as the others, as had all hands crowded into the small boat, not a soul would have been saved, as a frightful sea was running.

ONE HUNDRED AND TWENTY NEEDLES EXTRACTED FROM BODY OF GIRL.

Says That Five Years Ago She Swallowed Many and Felt No Inconvenience Until Recently—Surgeon Regards Case as Unprecedented.

Paris, April 16.—A despatch from St. Germain, near this city, described the extraordinary case of Juliette Landruaux, a servant girl, from whose body dozens of needles are being extracted. The girl complained of considerable irritation of the skin and last Thursday went to a local druggist, who found a number of needles emerging from various parts of her body.

He extracted them with pinchers. The girl has returned several times a day since and up to this morning the druggist had drawn out 120 needles from her arms, feet, breast, the lobe of her ear, her eyelids and the corner of her right eye. The girl experiences no pain until she feels the needle piercing the epidermis. The needles always emerge thick and fast and unless immediately taken out, disappear again.

Two reputable newspapers, the Matin and the Temps, have investigated the matter and vouch for the authenticity of the story.

Mlle. Landruaux says that five years ago, when she was 11 years old, she amused herself, with other children, by swallowing quantities of needles. She swallowed 40 in one day and never felt any inconvenience until recently, and has enjoyed the best of health. While relating the foregoing to the reporter of the Temps who saw her at the druggist's, she exclaimed:

"I feel one in my eye now."

The druggist then returned her right eyelid and with a magnet drew out four fragments of needles.

A surgeon of the hospital of La Salpêtrière said in an interview that the case was quite unprecedented. Needles inserted under the skin were known to have been borne through the muscles, but there was no record of a needle introduced into the stomach emerging from the lobe of the ear. In such a case the needle must have traversed the skull, which is incomprehensible.

To Starve is a Fallacy.—The stomach is a long since been exploded. Dr. Von Sun's Pineapple Tablets introduced a new era in the treatment of stomach troubles. It has proved that one may eat his fill of anything and everything he wishes, and one tablet taken after the meal will aid the stomach in doing its work. 60 in a box, 25 cents.—4
