The Smack in School.

A District School not far away,
Mid Berkshire hills, one winter's day
Was humming with its wonted noise Of three-score mingled girls and boys-Some few upon their tasks intent. But more on furtive mischief bent The while the master's downward look Was fastened on a copy-book—
When suddenly, behind his back,
Rose sharp and clear a rousing SMACK!
As 'twere a battery of bliss Let off in one tremendous kiss! "What's that?" the startled master or "What's that?" Inc started what's that?" a little imp replies, "Wath William Willith, if you please—"Wath William Willith, if you please—" I saw him kith Thuthannah Per With from to make a statute thrill. The master thundered, "hither Will! Like wretch o'ertaken in his track, With stolen chattles on his back, Will hung his head in fear and shame And to the awful presence came-A great, green, bashful simpleton. The butt of all good-natured fun-With smile suppressed, and birch upraise The theatener faltered—"I'm amazed That you my biggest pupil should Be guilty of an act so rude! Before the whole set school to boot-What evil genius put you to't?"
"'Twas she, herself, sir," sobbed the "I didn't mean to be so had -But when Susannah shook her curls, and whispered I was 'fraid of girls, And duren't kiss a baby's doll

the different medicinal preparations offered for sale for the cure of human ailments, and that they number over fifteen hundred; and that among all that are liquid there is not hors and other animals, will prove fatal the different medicinal preparations offered may be fatal. their columns, even by mistake, an advertisement to sell pure liquors by the glass or barrel. Perhaps conscience is quieted in this way. "Pure liquors are certainly mischevious but if they are rendered impure by putting medicine into them, they may do some good." But these hair-splitting gentlength of the ladies' bonnets being absolutely redicines. Large white being simply disguised by some other name get it in. or ingredient. If we hope for victory, we must be consistency—a firm adherence sidered that consistency—a firm adherence with the election of Prince Alfred by an enormous majority. In Athens he obtained to the Act of Incorporation of the Ramsay Lead Montreal 9th January 1863. the religious press and with the respectable secular newspapers, and let Tonics, Bitters, Renovaters, Schnapps, Made Brandy, Beastly Beers, and Rot-Gut Whiskey be considered as in the same category.

Lady Pilferers.

the serious with the ridiculous. In order to test the honesty of his customers, most of whom were carriage folks, he caused a half feedly quiet, but the Provisional Government feedly quiet, but the Provisional Government the glass cover of a case which stood on the raising a loan. counter; this gave the half sovereign the appearance of lying outside the case, as if the attempts made by ladies to possess them- One of them bought a quantity of white held selves of this little coin. Some would claim lebore to cure a cough. The root is, it apit boldly, declaring that it had just dropped from their purse, but would draw back in to be a panacea for nearly every ill that dismay when they became aware of the trick flesh is air to; and the remaining eight Others, as soon as they caught sight of it. would sidle up to the place, and make the most cunning efforts to conceal their purpose remedy. The whole party soon afterwards of pocketing it, Some would throw their must, others their handkerchief, parasol, or some time blind, others were partially parasol, or some time blind, others were partially parasol, Carleton Place 23rd. under the pretence of looking into the case slip their hands beneath the covering toward the piece of money, and not being able to lay hold of it, would exhibit the most comical confusion. The perfumer told me he found the joke, at last, too expensive. Some of his regular customers, who had been baffled, department of Gard, in France, have just as the law directs. kept away from his shop, and prudence, been sent to Paris. A New Way to Cook Beer.—When you get hold of a good thing, it is well to communicate." Having learned a method of gooking beef within a few years, we find it so much the best way that no week elapses without a meal of beef steaming on our table. To steam beef, procure a cast iron pot, of large dimensions, having at the bottom a shoulder, which is found in most large from pots, at the point where the diameter is diminished to fit the hole in the stove. Across this hole, you place some pieces of shingle; then fill up the pot to the shingles with water, adding a few pieces of lemon pied or a little mace if you please; place the shingles with water, adding a few pieces of lemon pied or a little mace if you please; place the shingles with water, adding a few pieces of lemon pied or a little mace if you please; place the shingles, cover up tight with a fitted the cover; place over a hot fire and wat till done. You must be careful to add mit till done. You must be careful to add water occasionally; for if it should all beil away, of source the gravy would be burved, and the flavor of the meat injured. When finished, the bottom of the pot contains a finished, the bottom of the pot contains a large quantity of most excellent gravy, which, of course, must be thickened and seasoned. A rump of beef, or a shoulder, forms an excellent piece to operate on.

If also fine. Try it.—Country Genander every number contains sixteen pages of useful information, and from new to ten original engravings of new inventions and discoveries, all of which is prepared expressly for its columns.

been salted, is poisonous to domestic animals. If left in their way they will partake as freely of it as they will of pure salt, when it very often proves fatal. The "L'Union Medicale," a French publication, gives an account of the researches of M. Reynal in TO THE INVENTOR. regard to the poisoness property of brine.
From a series of experiments detailed, he draws the following conclusions:

within a year he has taken pains to count a certain time, even in small quantities, obtaining Letters Patent on new inventions, is fur-

that they number over lifteen hundred; and ley Farmer, that brine, it swantowed by that among all that are liquid, there is not hogs and other animals, will prove fatal, one which does not contain either opium or yet we would it the subject is susceptible alcohol." Still, newspapers, secular and re- of the definite results as stated by M. Reyligious, advertise these without compune | nal, for the degree of the poisonous propertion, when they would be horrified to see in ties of brine depends on various circumstantheir columns, even by mistake, an adver- ces. We have known a much less quantity

the some good. But these hair-splitting gentlemen launch out their severest anathemas against the "unprincipled men who fabricate wines and brandies, beers and other forms of alcohol." Every liquid patent medicine is nothing more than disguised alcohol or opium. Fanatical men exclude are pretty much all long sacks, and braided to the ladies bonnets being absolutely rediculous. THOMAS SMITH. Almonte, September 23rd, 1862. Who wants a good Straw

Cutter.

E beg to inform farmers and others that we are now manufacturing the Rochester Feed Cutter, which is a strong, cheap and durable machine. It works easy—cuts short and fas, and cannot be surpressed by any Straw Cutter manufactured in the Province. All orders punctually attended to. G. M. COSSITT & BRO.

ROBERT CRAMPTON. Smith's Falls, Nov 22, 1862 Carleton Place, Sept. 23, 1862. October, 1862. October, 1862. MESSRS. MAIR & CO

BEG to intimate to the inhabitants of Perth and surrounding country that partly for the purpose of assorting the balance of stock belonging to the estate of the late JAMES MAIR, ESQ., they have recently purchased and received a large quantity of

New Staple and Fancy Dry Goods,

GROCERIES, DRY SALTERIES, HARDWARE, POTTERY, &c., &c., &c. They desire the public to take notice that these new purchases have been marked at a trifling advance over INVOICE PRICES, and that they shall CONTINUE TO SELL in this manner until the entire stock has been swept away. The balance of stock (amounting to some \$9,000) the Executors beg to say will be pushed off at a decided REDUCTION from Montreal Cost Prices; and when it is remembered that these were purchased before the late startling advances in manufactured Goods—the public will have little difficulty in divining their true interests and deciding where to buy,

As these Goods MUST BE SOLD during the Winter, and the affairs of the late business wound up by

the ensuing spring, the Executors would urge on intending purchasers to BUY AT ONCE and thus secure the cream of the stock at merely fractional rates,

IN STAPLE AND FANCY DRY GOODS Their stock is particularly heavy and comp'ete, comprising in part, GREY COTTONS, GLASGOW, BENGAL and REGATTA STRIPES, OXFORD DENIMS, DERRYS, and an immense assortment of PRINTED CALICOS, from 6d up. Their heavy stock of SERGES, KERSEYS, WELSH and CANTON FLANNELS, &c., &c., has been placed at an unusually low figure and WILL command attention. Their stock of DRESS GOODS is remarkably fine, including French tinted Merino, Gala and Camplet Tertans, ell wool and mixed checks, &c., with SPECLAL BARGAINS in Reppes, Winceys and Printed DeLaines. A large stock of Seal-skin and other Cape and Mantle Cloths. A complete assortment of Ribbons of the choicest patterns, together with a select stock of Ladies' Felt Hats, trimmed and plain of the latest styles and at city prices. A number of year-o'd Fancy Robe Dresses will be sold at 20 below cost. To gentlemen we offer a large and varied assortment of West of England Broadcloths, Tweeds, Meltons, Heather-mixtures, &c., of recent styles, together with all the coarser fabrics usually worn, including Sattinetts and Cotton mixtures generally.

A few suits of Ready Made Glothing at COST.

A few suits of Ready Made Glothing at GOST. A few suits of Ready Made Glothing at GOST.

FURS,

A fine assortment, comprising Ladies' setts, in Mink, Some Martin, Opossum and Grey Squirrels.—
Children's do in Eider-down and Fleecy-wool. Boas, Victorines, and Guantlets of all kinds, with a large lot of Gentlemens' Hats and Caps in Otter, S. S. Seal, German Mink and Muskrat.

FORMER STOCK AT 10 PER CENT BELOW COST. GROCERIES,

A large stock of Green, Japanese and Black Teas of undoubted brands and at low prices; Tobaccos from 1s 6d up; Broken Loaf, Granulated, and Porto Rico Sugars; Treacle, Syrup, &c., very cheap. The stock of Dry-Sal'eries includes every item usually sought for, and, upon inspection, will be found to be

Public, that he is nowprepared to work cheap for Cash.

NG 5s PER SETT.

Troved manner.

Sturing Ploughs, Haries, and every Implearmer, all of which he heads and the public may readily conclude that great inducements will be held forth to effect.

A LL OLD STOCK AT COST!

In Crockery we offer all the variety which is usually required for the town and country trade, and the entire balance of the old stock will be disposed of at merely nominal rates.

HARD WARE, &c.

A limited assortment of Shelf and Heavy Hardware, including Nails and a small quantity of Iron to quicken sale, will be placed at a fraction under cost; while a great variety of articles in daily request such as herrings, Codfish, Oils, &c., will be all sold off at greatly reduced prices.

As has been intimated, the entire stock must be cleared out by the ensuing Spring, and from the foresting of the desired end. Should that be any, however, who "have their doubts" about these matters, the next best thing for them to do is to call and judge for themselves.

TAKE NOTICE.—The balance—\$9,000 worth—of the stock of the late James Mair, Sen, Esq., is placed at less than cost.

N. B.—The highest market prices paid for all kinds of merchantable produce during the season. erth, Nov. 20, 1862.

SMITH'S FALLS THRESHING MACHINES MANUFACTURED BY Frost & Wood, Smith's Falls, C. W.

THESE Celebrated Machines, to which the attention of the Agricultural public is called, have during the past seasons given the most entire satisfaction. Their superiority wherever they have been introduced and brought into competition with other Machines have been universally acknowledged by all who have used them, both for Durability, ease of Draft, and the thorough and effective manner of their operation.

Our SEPARATOR (capacity, four to ten horse power) for the coming season will be Our SEPARATOR (capacity, four to ten horse power) for the coming season will be superior in every respect to any ever before made, as our aim is to excel every manufactory in the Province, in producing first class work. In their construction none but the very best materials are used—frames well put together—cylinders run in copper boxes, which is a great improvement,—babbet metal in boxes where necessary, and everything is get up in the very best manner and with the latest improvements.

The DOUBLE PINION HORSE POWER, by which we drive the Separator and which we have much improved, is celebrated for great simplicity, ease of draft or effective power, costs less to keep in repair, and is very strong and durable.

Parties who intend getting Machines for the coming season, are respectfully invited to examine ours before purchasing elsewhere, as we are satisfied that they are the best and most reliable in the Provinces.

We continue to keep always on hand:—

tions. It is allowable, indeed, and right, to fleetow cultivation on the flower-gradess of your mind, only they must not be fluered for the formal control of the crew of the iron clot take the place of the plain, but means any corn-fields, or leady you to neglect their cultivation. Extracts from Whately's Less control of the crew of the iron carried to take the place of the plain, but means a single and the plain but made as signal that she was sinking and the state of the plain but made as signal that she was sinking and the state of the plain but made as signal that she was sinking and the state of the plain but made as signal that she was sinking and the state of the plain but made as signal that she was sinking and the state of the plain but made as signal that she was sinking and the state of the plain but made as signal that she was sinking and the state of the plain but made as signal that she was sinking and the state of the state o
