

"Why the mail was late"

Mr. Edison made all sound reproducing instruments possible but he perfected the Edison Phonograph.

AMBEROL RECORDS *for* The EDISON PHONOGRAPH

are Mr. Edison's newest and greatest invention. They are no larger than the regular Records, but hold twice as much music and play twice as long.

Every Edison Phonograph in existence, except the Gem, can be equipped with an attachment to play these new Records as well as the old Records.

There are new Records fresh every month for the Amberol Records as well as for the old Records. All new machines are equipped to play both. Any old machine can be easily equipped

to play both by consulting a dealer. A full line of Edison Phonographs can be heard and both kinds of Records can be enjoyed at the store of any dealer anywhere.

There is no excuse for anyone to be without the pleasure that is furnished by an Edison Phonograph.

One of the greatest pleasures which the Edison Phonograph affords is making Records at home. The Edison is the only type of machine with which this can be done. Ask your dealer or write to us for illustrated catalogue of Edison Phonographs, also catalogue containing complete lists of Edison Records, old and new.
