

says they can better afford to lose Yorkton than Federal party could McKenzie.

Dr. Brass a dentist in Yorkton is good and good speaker. McPhee, Lawyer, in Yorkton has no chance and has recently been strongly identified with liquor interests.

Reid, M.P., is a hard man to beat and is the only real politician the Farmers have.

Geo. Bell would say if there is a three cornered contest in this Riding the Tory will be elected.

Battleford March 13th, 1921 - Hon. C. and D. C. McNab - This is a possibly Federal seat. The Province can always win Battleford more easily than N. Battleford. There is a solid German vote in part of the south of this Riding.

Robert Nay, barrister, of Wilkie can win this. He has no enemies. Is fair to all classes, religions and so recognized. Is Crown Prosecutor there. He may go up to Provincial Convention but will be beaten. I suggested he should go up and withdraw which would strengthen his name and have it understood that he could be holding for the Federal and McNab agreed and took note of it. He has some means of his own.

T. B. M Conica is an Am., formerly an American Senator, was a candidate in Kindersley in 1917 and dropped out for Myers. A good platform man. If he runs as a Farmers' candidate, Liberals should not oppose him. About 60 yrs. of age and well off. D. C. McNab said he saw this man's son yesterday and they are opposed to his running. Address Luseland. Bob Gordon of Maidstone M.P.P. for Lloyd Minister is a good candidate.

Hon. C. McNab will write me re Nay's candidature.

Weyburn March 13th, 1921. Hon. C. McNab and D.C. McNab Am. farmers settled here will not vote for the Govt. They also are not strong for Farmers' party. This is also a possibility.

Note - Perhaps all other Sask Ridings should be left for Farmers.

(ANDREW HAYDON)
