MEMORANDUM

MR. KING:

Federal Improvement Com.

Mr. Rogers is sending up at once
the book of which you spoke.

Re:Printing of Plan

Mr. Rogers says this was put in hand
immediately after the conference yesterday;
that work is being done with every possible
speed, but that owing to the number of
processes - reduction in size, photographing,
and printing - the copies cannot be ready
until this afternoon.

Mr. Acland will do everything possible
to have them by 3.00 o'clock.
