

- A. It is not 25 inches.
- Q. What is it then?
- A. Yes, that is about right.
- Q. And you have 12 inches recorded from a spring near the village?
- A. Yes.
- Q. And you have a record on the mountain springs in which you told us you had 70 or 100 inches .
- Mr Commissioner Shaw: Now we come to No. 2 and there are 220 acres in that reserve?
- A. Yes.
- Q. How much of that land is cultivated?
- A. About 15 acres.
- Q. What is grown there?
- A. A little hay and some garden stuff.
- Q. You don't grow any wheat or oats?
- A. No.
- Q. Do you grow any potatoes?
- A. Yes, we have a few potatoes.
- Q. Is all the land cultivated there that is good?
- A. Yes.
- Q. Is there any level land that might be cultivated?
- A. We have cultivated all the best land.
- Q. Is there any other land which would make fairly good land?
- A. There is 1 or 2 acres of brush that might be cleared off.
- Q. What is the rest like?
- A. Sidehills.
- Q. Good pasture?
- A. No, it is steep sidehill.
- Q. Now you have some water records there?
- A. Yes.
- Q. You have 50 inches from a stream on the reserve?
- A. Yes.
- Q. Is that all you have?
- A. Yes, that is all we use, and we want some more water.
- Q. Is there any creek from which you could get water?
