

FIG.	PAGE
124. TRANSITION OF MYOMATOUS INTO SARCOMATOUS TISSUE.....	182
125. SARCOMATOUS TRANSFORMATION OF A MYOMA WITH A SECONDARY GROWTH ON THE POSTERIOR SURFACE OF THE UTERUS.....	185
126. MYOSARCOMA OF THE BODY OF THE UTERUS WITH A SECONDARY AND PURE SARCOMATOUS COCKSCOMB-LIKE GROWTH ON THE POSTERIOR SURFACE.....	186
127. THE LOBULATED AND MYOMATOUS NODULE REMOVED FROM THE LEFT BROAD LIGAMENT IN FIG. 125.....	187
128. COMMENCING SARCOMATOUS TRANSFORMATION OF MYOMATOUS TISSUE.....	188
129. A SARCOMA THAT HAS DEVELOPED FROM AN INTERSTITIAL MYOMA.....	189
130. SARCOMA DEVELOPING IN THE CERVICAL STUMP.....	191
131. SARCOMATOUS TRANSFORMATION OF A UTERINE MYOMA. SUPRAVAGINAL AMPUTATION WITH RETURN OF THE GROWTH IN THE CERVICAL STUMP.....	193
132. SARCOMA OF THE ANTERIOR UTERINE WALL.....	197
133. A LARGE SARCOMATOUS NODULE CONTAINING AN IRREGULAR, SMOOTH-WALLED CAVITY IN ITS CENTER.....	198
134. PROBABLE SARCOMATOUS TRANSFORMATION OF BUNDLES OF MYOMATOUS TISSUE.....	199
135. SARCOMA DEVELOPING IN THE CENTER OF A SUPERFICIAL MYOMA.....	202
136. SARCOMA DEVELOPING, IN PART AT LEAST, FROM A SUBMUCOUS MYOMA.....	205
137. A MYOMA SITUATED TO THE RIGHT OF THE CERVIX AND SHOWING EARLY SARCOMATOUS CHANGES.....	206
138. SARCOMA DEVELOPING IN THE CENTER OF A LARGE INTERSTITIAL UTERINE MYOMA.....	209
139. SARCOMA DEVELOPING IN THE INTERIOR OF A MYOMA.....	211
140. PROBABLE SARCOMATOUS TRANSFORMATION OF A MYOMA; ALSO DISCRETE MYOMATOUS AND SARCOMATOUS NODULES IN THE SAME UTERUS.....	213
141. ASSOCIATION OF MYOMA AND SARCOMA IN THE SAME UTERUS.....	214
142. A SARCOMATOUS UTERUS CONFORMING IN CONTOUR TO A GLOBULAR MYOMATOUS UTERUS.....	216
143. SARCOMA AND MYOMA IN THE SAME UTERUS.....	217
144. MIXED-CELLED SARCOMA OF THE UTERUS ASSOCIATED WITH MYOMATA OF THE UTERUS.....	218
145. SARCOMA OF THE POSTERIOR UTERINE WALL, ORIGINATING IN A MYOMA.....	220
146. SARCOMATOUS TRANSFORMATION OF A MULTINODULAR PEDUNCULATED, SUPERFICIAL MYOMA.....	224
147. SUSPICIOUS CELL CHANGES IN A MYOMA.....	225
148. EARLY SARCOMATOUS CHANGES IN A MYOMA.....	225
149. SARCOMATOUS TRANSFORMATION OF MYOMATOUS TISSUE.....	226
150. GRADUAL BUT DIRECT TRANSITION OF MYOMATOUS INTO SARCOMATOUS TISSUE.....	227
151. SARCOMATOUS TRANSFORMATION OF MYOMATOUS TISSUE.....	228
152. SARCOMATOUS TRANSFORMATION OF MYOMATOUS TISSUE.....	228
153. SARCOMATOUS TRANSFORMATION OF MYOMATOUS TISSUE.....	228
154. SARCOMATOUS TRANSFORMATION OF MYOMATOUS TISSUE.....	228
155. JUNCTION OF MYOMATOUS AND SARCOMATOUS TISSUE.....	229
156. A RAPIDLY GROWING SUPERFICIAL MYOMA WITH SMALL PAPILLE-LIKE OUTGROWTHS SPRINGING FROM ITS SURFACE.....	238
157. DIFFUSE MYOMATOUS THICKENING OF THE UTERINE WALL. DISCRETE SUBMUCOUS MYOMA AND A SUBMUCOUS MYOMA PRESENTING AN APPEARANCE SUGGESTIVE OF SARCOMA.....	241
158. SUGGESTION OF SARCOMA IN A SMALL SUBMUCOUS MYOMA.....	242
159. SUSPICIOUS CELL CHANGES IN A SMALL SUBMUCOUS MYOMA.....	243
160. SUSPICIOUS CELL CHANGES IN A SMALL SUBMUCOUS MYOMA.....	243
161. SUSPICIOUS CELL CHANGES IN A SMALL SUBMUCOUS MYOMA.....	243
162. LARGE CELLS OCCURRING IN A SIMPLE INTERSTITIAL MYOMA.....	248
163. GIANT-CELLS IN AN EDEMATOUS MYOMA.....	250
164. SUSPICIOUS CELL CHANGES IN AN EDEMATOUS AND PARTLY SUPERFICIAL MYOMA.....	251
165. GIANT-CELLS FROM AN EDEMATOUS MYOMA.....	252
166. A LARGE NUCLEUS IN A MYOMA.....	253
