

Lower Your Coal Bills

With a "Hecla" Pipeless Furnace

IT will cost you less for coal to heat your whole house with this furnace than it will to try and heat it with stoves.

It will cost you less for coal with a "Hecla" Pipeless than with any other heating system!

The "Hecla" Firepot has three times the heat-radiating surface of any other furnace because it is ribbed with flanges of steel. For that reason it gives quicker heat—and more heat.

Owners say that this exclusive "Hecla" feature applied to pipeless heating means wonderful fuel economy.

At today's price of coal you do not need to save many tons to pay for a "Hecla" Pipeless.

Patented Fused Joints are

another superiority of the "Hecla" Pipeless. They are proof against leaks of gas and dust.

And in the "Hecla" Pipeless you get an extra big waterpan—that runs all around the furnace. Thus, every room in the house is supplied with air that contains a healthful degree of moisture.

It takes but a day to install a "Hecla" Pipeless. Our booklet "Buying Winter Comfort" describes all the other advantages fully—tells why it keeps the cellar cool for vegetables, why it heats every room properly, why we guarantee it absolutely. Write for it now. There's lots of zero weather ahead. Why not enjoy the comfort a "Hecla" Pipeless gives, and begin saving your coal bills now—this winter?
