IT PAYS TO ADVERTISE IN THE FARMER'S ADVOCATE.

PAYS BETTER THAN A SAVINGS BANK. Owing to its many money saving and money earning qualities, there is no better investment than a Dairyman can make than a U. S. Cream Separator. 8 or 9 cows and a U. S. Separator are equal to 10 or 11 cows without one, to say nothing about the cost of feeding and labor saved. Dairyman who are getting along without a separator, thereby hoping to save the expense of buying one, are making a grave mistake, as they are sure to find out sooner or later. Many have wished they had bought sooner, so will many others when they know the superior qualities of the U. S. If any Dairyman was sure he would save enough the first year to pay for his separator, wouldn't he buy? Well that is just what hundreds and thousands of purchasers of the U. S. Separator have done, and some have made enough in six months. If you keep cows, write the VERMONT FARM MACHINE CO., BELLOWS FALLS, VT., for their Booklet "How to Make Money," which tell of a few of the many profitable experiences of users of THE U. S. CREAM SEPARATOR There is no duty on U. S. Separators shipped into Canada.

GOSSIP. The necessary classification for the International Live Stock Exposition, held at Chicago, Nov. 29th to Dec. 1st, is now ready for mailing. Application to W. E. Skinner, Live Stock Yards, Chicago. There have been two important changes in the show—most important, the change in the age dates. This rule this year reads: "For junior cattle in the breeding division the ages will be computed from January 1st, and seniors from September 1st. For cattle in the fat division, September 1st and for ewes and sheep, September 1st." Throughout the entire breeding division of the show some of the classes have been taken out and the number of premiums reduced, and the money derived from that source added to the fat division. We believe this to be an advanced step, for the reason that the ultimate result of the breeder's art is the block, therefore that end of this management, educational exposition is favored. The compulsory slaughter test is abolished owing to lack of educational value, but increased premiums are offered in carcass competition to keep up an interest in this highly important contest.
