

THEIR NAME IS LEGION

but actually there are only two kinds of cream separators—the De Laval and Others.

The De Laval is the original and Others merely an imitation of past or present De Laval patents.

Every stage of separator improvement and development has been attained through De Laval inventions.

All cream separators made to-day, regardless of the names by which they are known are built upon discarded or abandoned De Laval patents, and the best of them are scarcely equal to the De Laval machines of twelve years ago, while the advent of

THE NEW IMPROVED DE LAVAL SEPARATOR

HAS IMMEASURABLY WIDENED THE GAP.

Imitation is the subtlest flattery, but never equals the genuine and every intending separator buyer owes it to himself to secure the free trial of a new improved De Laval separator before purchasing any other.

The Tireless Accurate Iron Hand

You can operate the Aspinwall No. 3 Potato Planter without the assistance of another man. The Aspinwall No. 3 not only saves you the extra man's pay, but also plants one-third faster than machines requiring two men. The hand that handles the seed on the Aspinwall No. 3 is the iron hand. Unlike the human hand, it never gets tired. It drops 99 per cent. good.

You can use different sizes of seed and vary the distance of planting without requiring change of pickers. No other planter can compare with it in accuracy or handle as large a range of seed.

Send for our catalog. We are largest manufacturers of potato machinery in the world, and we can give you valuable facts on profitable potato culture.

How \$1 Earns \$3 in Vancouver Inside Property Without Taking a Chance

If you can buy an interest in a property—inside—revenue bearing—Vancouver City property—gilt edge property—for \$100, collect \$30 ANNUAL REVENUE on your investment and then find that your property has grown in value to \$300, and without taking a chance—that's making money pretty fast, isn't it?

If you can buy a piece of vacant inside property, erect a building on it that will pay you 30 per cent. on the cost of the property and building, then that property is worth three times what it cost, if your money is worth 10 per cent. to you.

There are such buildings in this city—mostly owned by very wealthy men—the small investor has not the opportunity—the initial investment is too great.

That's where the Business Unit System—Our System—\$100 units—applied to the most profitable class of investment—Apartment Houses—comes in.

If you know how to invest you really don't have to be satisfied with 6 per cent. or 8 per cent. interest on your money—and you don't have to take a chance either.

Here's our proposition in a nut shell:

The largest and most up-to-date apartment building in Western Canada, estimated cost \$135,000.00

Less mortgage value 60,000.00

Our CASH CAPITAL, 750 Business Units 75,000.00

Gross annual revenue, estimated conservatively \$36,720.00

Less taxes, interest on mortgage, collections, etc. 14,220.00

AVAILABLE FOR ANNUAL DIVIDENDS AT 30 % 22,500.00

Just a few Business Units left, \$100 each. Cash, \$25; balance 6 mos.
