

Co-operation

**Is Steadily
Reducing**

**The High
Cost of
Living**

Co-operate with your neighbors, and we will co-operate with you. Together we can reduce your expenses and increase your income.

Groceries

Arrangements have just been completed by which The Grain Growers' Grain Company will be able to supply Groceries to Associations, and to individual farmers, either in car load or less car load quantities. We have prepared a Price List quoting a long list of articles. This will be mailed to any farmer, association or co-operative store on application. Our prices are right and we can save you money.

Flour

Now is the time to lay in your supply of flour for the summer. Do not wait until March—get your order in early. The capacity of our flour mill is limited, and the demand for our flour has at times been considerably more than we could supply. If your order is sent in now you will be sure of getting a car when you want it.

Coal

We can supply you with any grade of coal direct from the mines, and save you from one to four dollars a ton. We have shipped hundreds of carloads to farmers and associations this season, and have saved them thousands of dollars. We shall be pleased at any time to give you full particulars as to the grades of coal offered, prices and freight rates.

*A Dollar Saved is a
Dollar Earned!*
