Nothing was heard from them until a message was received from across the lake that the missing rowboat was pulled up on the shore. The men are thought to be deserters or men wishing to

LOCKED GIRLS IN CELLAR FEARED REGISTRATION

Montreal, June 27.—An incident in the recent registration of man and woman power in this city is given on reliable authority to the effect that one citizen locked his five daughters in the cellar all of Saturday to prevent them from registering. Over a thousand complaints have already been received by the superintendent registrar and deputy registrars in this city in connection with loss of registration certificates. It is thought that a number of these are merely attempts to find excuses for not having registered before the 22.

RETREAT "IN DISORDER"

The official war communiques hav told of many defeats and retreats lately, but the Italian statement of Sunday, telling of the rout of the Austrians at the Piave is the first in a long time to mention a retreat "in disorder." One had almost begun to think there were no such things as real retreats any more in modern warfare, but only strategic withdrawals.
