ROSSLAND WEEKLY MINER

Le Roi Meeting It is stated that the Le Roi general meeting which was postponed from the latter part of October last to meet at some later date has been called for the 28th instant. It is expected that a report which will more than satisfy them in the possibilities. By the time of the proposed eneral meeting the additional machinery, this mine, will have about been como'ciely assembled and a basis of work can be igured on the new premises which will greatly reduce the cost of extraction and the subsequent handling and treating of the ore.

#### Machinery Sold.

Considerable mining machinery is now being purchasd. The British Columbia Copper company has just bought a three drill Ingersoll-Sargent compressor for their No. 7 property at Greenwood. 'The Jenckes Machine company agency of this city has sold a 25-horse power hoist. a No. 6 Cameron pump, hose, wire rope, cars, bucket and tools to the Quebec Copper company, which is operating the Mar merite, near Greenwood The Canadian Rand Drill company yesor, 16x24.

terday sold a seven-drill compressor, 16x24, and three 3 1-2 hand drills to the British Columbia (Rossland) and Slocan syndicate, to be used at the Snowshoe mine, which to be used at the Snowshoe mine, which is being operated by that company. The Jenckes Machine company has sold to the Winnipeg Mines, limited, a horst, pump, drills and other apparatus.

#### Sale of Work.

The ladies of St. George's guild who with their friends are organizing a sale of work for the benefit of the building fund of the Anglican church, say that efforts are meeting with a good deal of appreciation and that it is probable that a very satisfactory condition. As you are aware, the company offered its capital for subscription in July last, and I am lossed to be to the theta it was
