THE COURIER

Tree Hoserra Store.—In the number of this urnal published on this day week, we promises

captured of Aboukir. The Stone is much mut; the people of Canada are quantum to execute the lated; its length is three feet, by two feet five in breadth, and its thickness about twelve inchering that they are intelligent enough to nominate the worthiest citizens to the Magistracy. most, being in heroglyphics, the second in the Denefic or popular language of the country, and Denotic or popular language of the country, and Anos of the excesses in which a political cabal the third in Greek. The event recorded in these proof of the excesses in industry of Mr. Wilson's riptions is the Coronation of Ptolemy Epi-can, with impunity, indulge—of Mr. Wilson's antecedents, or private history, we seek no knowonth of March, 196 years B. C., or 2,039 years | ledge; we deal with the facts with rigid imparagos The cranslation of this inscription we shall tiality—they need no coloring or cooking. Mr. Leslie, Civil Secretary, a gentleman whose name

take an early opportunity to publish in full.
On the arrival of the Stone in England, it immediately attracted the attention of learned men, and, in 1803, an analysis of the Greek inscription was published by M. Ameilhen. Dr. Heyne, in Germany, and Professor Porson, in England, also devoted their attention to the subject, and a full and antisfactory translation of the Greek inscrip- upon his trial unless his accusers be produced. tion was given to the learned world. The Anti-quarans then applied themselves to the other two. They found that the Greek inscription itself contained a statement thire it was only a translation of the others. It was stablished that the hierogly-phic character, contary to the opinion of many ancient and modern scholars; was in use substant of the invasion of Coypt by the Persians, quint to the invasion of Coypt by the Persians, and the contained of the Peace. I have substantially assertion of the stable of the contained on the property of the contained on the property of the peace. I have the honor to acknowledge the receipt of your letter of the lith inst, apprising me of this time of the peace of the peace of the peace. I have the honor to acknowledge the receipt of your letter of the lith inst, apprising me of this time, apprising me of this time, apprising me of the first and the same of the peace of the peace. I have the honor to acknowledge the receipt of your letter of the lith inst, apprising me of this time, apprising me of this time of the lith inst, apprising me of the peace of the peace of the peace of the peace of the peace. I have the honor to acknowledge the receipt of your letter of the lith inst, apprising me of the peace of the peace. I have the honor to acknowledge the receipt of your letter of the lith inst, apprising me of the peace They found that the Greek inscription itself con-

actively occupied in securing, for the Parishes above and below Quebec, a commodious wharf; hitherto, the accommodation has been restricted and insufficient. The Cul de Sac is the proposed locality for the new wharf, a selection at once judicious and appropriate. The trade of Quebec naminedly importing analysis of a fixed before seems of the many contents or absolute light of the linear plants of the matter, the Archaelogist of the linear plants of the matter, the Archaelogist of the linear plants of the matter, the Archaelogist of the linear plants of the lin unifestly improving. we deeply regret to see mixed up with these un-

under Cambyses, B. C. 525, and it was also established that the present Coptic was the language of Ancient Graph. Desict and Akkrantan and applied themselves to the transition of the present of the pre perioric, or captic inscription, while Dr. Youved and Characters in hieroglyphic interpretation. We shall confine ourselves to the labors of the latter, as being more directly in point. We believe that to our countryman, Dr. Young, may be attributed the finor of casting the first true beam (f light on this obscure andiest. He identified, in the hieroglyphic inscriptions, the names of "Ptolerny" and "Berenies," and the probable value of each of the characters which stood as the representative of letters. Beyond this he was anable to earry the application of his principles of interpretation. To Characteristics belongs all the glory of the complete development of the mays on the 27th of December, 1822, Champolloin feed an Exth of December, 1822, Champolloin feed an Extra the property of the concellent of the mays an extra the property of the complete development of the mystery.

stration of public feeling, to make their voice-heard in the Council Chamber. In to far as the Ottawa interests are concerned, reciprocity is a question of self-preservation. The citizens are

The c. D. Base and the same of the same of

tion which the language of England's Premier always claims, the speech of Lord John Russell upon Colonial affairs. We accept the expression of the opinion, uncontroverted as it was by the opposition, as an exposition of the English mind, and a guide by which we may comprehend the determined policy of the Empire. The divergent interests of distant dependencies, relieve us from t is the necessity of discussing the soundness of the principles which he advances, when they do not apply to Canada. Our connection with New Zealiand and Australia is constructive, rather than chanic, and education for all. Such is our Conservatism, and it is the gurest form in which servatism, and it is the gurest form in which Canadian Conservatism can be stronged. We scorn Canadian Conservatism can be shrined. We scorn place where they first met Prisoner; thinks there is with open contempt a Constitution which fetters us the slaves of a faction, and imposes upon us the slaves of a faction, and imposes upon us the alternative of secenting the legal imposes. the alaves of a faction, and imposes upon us the alternative of accepting the legal juggle of our Jury Law, or resisting the incentives to national hatred. We leave the local, to deal with the general question; we return to Lord John Russell: The sentiments which his Lordship embodies in his speech, stripped of the gloss of embodies in his speech, stripped of the gloss of rhetoric, and reduced to the level of our poor theoric, and reduced to the level of our poor Colonial understandings, mean simply this: that we are well governed—that the connection is advantageous, but that we must not dream of imposing duties upon English goods, to foster native factories. This latter doctrine is but the revival factories. This latter doctrine is but the revival of the anti-revolutionary dogma, so signally chas-

peaking on behalf of Manchester interests, would wish to enforce; but we are not insensible to the important political concessions embedded in speech. He relieves us from the representation buried at us, because we proclaim our Constituhurled at us, because we proclaim our Constitu-tion inapplicable to our condition—he, almost in—

ing fact or two. We know from English sources, Grey and his precious Department :-

Lecture, in the Rooms of the Society, this evening, Wednesday,) at eight o'clock, on the "Action of Infin-

embodies in his speech, stripped of the gloss of Bridget Coleman, that the two girls are the daughters of factories. This latter doctrine is but the revival of the anti-revolutionary dogma, so signally chastised by the Thirteen Provinces. Lord John Rustised by the Thirteen Provinces. Lord John Rustised by the Thirteen Provinces. Lord John Rustised by the Individual of the attention of the Bench, nevertheless that right usserting the dreams that we will submit to such Manchester cotton spinning visions, and he may prepare for a future, when we shall assert the right to manufacture for ourselves, and impose any duties upon English goods we think requisite, to secure protection to our Canadian manufacturers. We may take exception to the restrictions upon Canadian manufactures, which the Premier, speaking on behalf of Manchester interests, would half an hour's deliberation, returned a verdict of guilty.

The Clerk of the Crown read the next miletment.

The Prisoner, a female, assess Elisabeth Decler, was accused of baving stolen two gowns, some money, and sundry articles, to the value of £3. The Prisoner pleaded

cash of Larchy.

Cash o The Cape.

We have a letter from a friend in South Africa,

We have a letter from a friend in South Africa, dated Graff Roynet, September 14, 1849. There is later intelligence, but still we glean an interesting fact or two. We know from English sources, from the wake, but suspected the Prisoners, copy that that the convict difficulty is over, the Colonists Elizabeth Jolif; thinks she was absent 48 hours, that the convict difficulty is over, the Colonists Elizabeth Jolif; thinks she was absent 48 hours, that the convict difficulty is over, the Colonists Challenge and the Station Colonists and the Colonists of the C "We came up here from the Bay in a waggon with 14 oxen, with all our goods and chattels; we were very commutable, and slept in the waggon every night, according to the custom of the country when travelling, and we brought a servant with us who used to cook for us when the oxen rested. It is nearly two hundred miles from here to the Bay, and only five houses all the way. We are now answortably assisted and I never used board has been as in the place where the male Prisoner, a Mexican the place where the male Prisoner and, and had him arrested. The Prisoner stated that he had its fit. 13th December last, and found a Poligeman, whom she the place where the male Prisoner was, and had him arrested. The Prisoner stated that he had 7s. 6d. in his possession when he was arrested, but that it had been given him by a little boy to keep. Judge Rolland charged the Jury on the evidence given, who, after ten minutes' deliberation, returned to the Court with the verhict of guilty, in the case of George and Elizabeth Joliff.

The Court was adjourned at 4 o'clock to-day, till 10 on Ruesday morning.

> To the Editors of THE MONTREAL COURSES & To the Editors of THE MONTHEAL COCHIER to GENTLEMEN,—It must becasionally strike the minds of the two Editors of the Pilet, and particularly the one who receives the largest pay for his labors, that his "thrice shair enemy," called Ameration, needeth a great deal of killing. If the movement in Montreal is confined, dain enemy," called Annexation, "needed h a great deal of killing. If the movement in Montreal is confined, if early is his being," to 18 individuals, and if, as he beasted from day to day, the movement is defunied, why been continually harping upon it and writing such articles as the one which appears as leader this morning?
>
> The Pilos well knows that, as a body, the Annexationists are really and truly in favor of the Reciprocity Bill. They regard it as a firm step in the right direction—a step which can never be retraced, but which will be followed every year by still advancing steps. The wedge was first introduced when the American Governbe followed every year by still advancing steps. The wedge was first introduced when the American Government facilitated commercial intersourse with Canada by enosting the Drawback Bill; and if the Reciprocity Bill pages, it will be such a blow on that wedge as will well pages, it will be such a blow on that wedge as will well nigh shiver the trusk of restrictive commercial policy in Canada to pieces. It will so loggen the sources and channels of trude, that no man, or set of men, can everyfull of refetter them. It is essentially part of the progress of the sources and the sources are the sources ar

not pass. There appears to be so little inducement to the Americans to pass it, that I firmly believe it will not pass it that you be thrown out; it will be abelyed, and the present Ministry will tell the country (if they hold together long enough) to wast another year, and then we'll get if for you. Instead of twitting in with indi-formed will-lieisms, and wraging through hilf a column with quasi-above and nonseasts about the American Constitution, and macring self-avident matters, such as "the country will appreciate, such the voice of the people, it—and all that twaddle, why does not the organ carry out his contempt for Ameration by treating his readers to something better? The grounderful "passeon," the Reciprocity Bill, which is to do everything, will hear a limit checking the readers with the different affects it will produce in Upper Cannot in those which Lower Cannot, will apperience, On the Fifer show that it will directly benefit ablanced, or Lower Cannot at all, to an extent worth talking about? On the Piter singulates its readers to the change which will take place in the burn traders us to the change which will take place in the burn traders us to the change which will take place in the burn traders us to the change which will take place in the burn traders us to the change which will take place in the burn traders us to the change which will take place in the burn traders us to the change which will take place in the burn traders us to the change which will take place in the burn traders us to the change which will take place in the burn traders us to the change which will take place in the burn traders us to the change which will take place in the burn traders us to the change which will take place in the burn traders us to the change in the burn traders us to the change in the burn traders us to the change which will take place in the burn traders us to the change in the burn traders us

States fage. Over £00,000 was received by the Imperior-Beneral fast year on this item of revenue; and it would be a toos which every body would teel, if the Southers interest only their point—and what is more, it would be one of those arguments in favor of Antexastion which no sophistry could upset, and no special pleads ing gainsay. Think you, Mr. Pilot, that the Casadian will not want other things which the States can
