BOARD OF TRADE HOLD THEIR ANNUAL MEETING AND ELECT OFFICERS

Annual Report Deals With Some Vitaly Important Topics Of The Times.

JOHN S. MUNN IS PRESIDENT WALTER S. MONROE VICE-PRES.

The Two Leading Officials Were Elected by Acclamation.—Eight Nominations for the Five Positions of Councillors to be Filled.—Board Had a Year of Many and Varied Activities.

The Board of Trade meet this afternoon at four o'clock to elect officers for the present year.

As far as the offices of President and Vice-President are concerned, these are already filled. Mr. John S. Munn, having been elected President and Mr. Walter S. Monroe, Vice-President, both by acclamation.

The elections to be made are to fill

the axioms honesty and straightforwardness, being strictly adhered to.

Youngest President

Mr. Munn is the youngest man to occupy the Presidency of the Board of Trade since its inception in St. John's, but if the youngest in years, he has an experience in our trade matters which does not fall to the lot of every merchant. That the Board of Trade will flourish and continue its good work under his guidance we are confident.

He is following in the footsteps of a very active and progressive man, Mr. W. G. Gosling, but we are certain that he will fill the office with satisfaction to all.

JOHN SHANNON MUNN Elected by Acclamation President of The Board of Trade for 1914.

the offices of Councillors numbering five.

The nominations for Councillors are:—H. E. Cowan, W. H. Franklyn, W. G. Gosling, J. V. O'Dea, F. Moore, F. McNamara, J. Sellars and Gordon Winter.

The New President

John Shannon Munn, Esq., the President of the Board of Trade for 1914, who was elected this afternoon by acclamation, is one of the youngest and best known of our merchants.

For the last ten years he has been a director of the firm of Bowring Bros., Ltd., and for the last four or five years the firm's extensive Newfoundland branch has been under his management, principally.

Mr. Munn is a Newfoundlander, born at Harbor Grace, but his life, excepting his university days, has been spent in St. John's. His training in business has been thorough.

When he first entered the office of Bowring Bros., he started at the lower rung and familiarized himself with all branches of the work. He was known for his observation of the smallest details, and the experience he then gained is no doubt of unvaluable aid to him now.

Very Well Known

Mr. Munn is well known to nearly all citizens and the majority of outport people who come to the city on business. He is a great worker, but still a believer that recreation is necessary.

His employees have the highest esteem and regard for him. His firm has been doing business in the Colony for over a century, and is known to be as safe as the Bank of England. Such a reputation was not built up in a day, nor was it earned without

Vice-President Monroe

Like the president, the new vice-president, Walter S. Monroe, Esq., was also elected by acclamation.

While a young man he, too, takes to the council board an extensive and valuable knowledge of the general trade of the Colony. All his business life has been spent in this country, and he has taken a leading part in the exportation of fishery products, while he is also connected with nearly all our local industries.

His first business connections were with the firm of Monroe & Co., now out of existence. Then he was a partner in the firm of Bishop & Monroe, with Hon. R. K. Bishop, the present principal of Bishop, Son & Co., Ltd.

Started Monroe & Co.

When Bishop & Monroe dissolved partnership Mr. Monroe started out with a new company under the title of Monroe & Co., engaging in the general fishery business.

Mr. Monroe has purchased extensively of all our fishing products and has shipped them to all our foreign markets. He will be able to give valuable assistance to the Board for he is keen and observing and broad-minded as well.

Mr. Monroe will make an ideal vice-president and the Board of Trade displayed great wisdom in its selection.

Been Kept Busy.

The fifth annual report of the Board of Trade shows that body has been constant in good works and has more than justified the movement which resulted in its organization in 1909.

Since the last Annual Meeting in January, 1913, the Board has held fifty weekly and five special meetings and

WOMEN VOTE-SEEKERS HELD RESPONSIBLE FOR BIG EXPLOSION.

Suffragettes are Blamed for Infamous Outrage Which Caused the Destruction of Glasgow Botanical Gardens and Almost Cost the Caretaker his Life.

Glasgow, Jan. 25.—A bomb outrage attributed to the arsonettes, virtually destroyed an extensive conservatory in the Glasgow Botanic Gardens, known as Kimble Crystal Palace.

The glass roofs and sides of the structure were blown into thousands of atoms and many valuable tropical and other plants were ruined.

The caretaker succeeded in severing the fuse of a second bomb, just before the first had exploded. He had a narrow escape from losing his life, by being struck by flying splinters of metal and glass.

Footprints found near the bushes in the vicinity of the Conservatory indicated that the perpetrators of the outrage had been hidden for some time, awaiting an opportunity to set the fuses of the bombs.

LONDON AND LEEDS ARE EMBARRASSED BY A BIG STRIKE.

Ten Thousand Coal Carriers are Out in London Alone and the Strike is Causing Much Discomfort During the Cold Snap.—Residents are Handling Coal Themselves.

London, Jan. 25.—The fact that 10,000 coal carriers were on strike in London, was brought home to citizens to-day by the severe cold wave.

The men left work on Tuesday, demanding an increase of two cents a ton for loading coal; so as to bring their pay up to 20 cents a ton. Their absence from work had not been generally noticed, as the weather had been rather warm.

Residents followed the example of Leeds citizens and volunteered to carry on the work till the strike was broken. A hundred medical students dressed in white smocks lifted and carted many tons to the hospitals, while hotel employees in gold-braided uniforms, fatigue parties from several guards' regiments, tradesmen, and even women got to work.

Some strikers have already yielded.

THREATENED LOCKOUT OF 200,000 BUILDERS.

Employers are Demanding that Trades Unionists Sign Agreement to Work with Non-Unionists.—Unionists Refuse.

London, Jan. 25.—Some 200,000 men employed in the building trade in London are threatened with a lock-out by employers, who demand that the Trades Unionists sign an agreement to work, without question, with non-union men, or quit.

The men refused to comply, and declared that employers would have to withdraw the order before they took up their tools again.

LONG CONTINUED COLD AROUSING THE WOLVES.

Little Girl in France is Devoured by the Brutes as She Returns Home from School.

Paris, Jan. 26.—Long continued cold especially in the Central districts of France, is bringing numbers of wolves frantic with hunger out of the woods.

A little girl returning from school at Lacoquille was devoured by wild animals, searching parties finding only the torn pinafore and a few bones.

Hunting parties are being organized everywhere.

AMERICAN SCHOONER SELMA IS WRECKED

Halifax, Jan. 25.—The American fishing schooner Selma, Capt. Dominey, ashore at Mager's Beach, is likely to become a total wreck.

The S.S. Lady Laurier took off 14 of the crew, the captain and 3 men deciding to stay by the ship till later. The Selma had no fish on board.

MEXICAN REBELS MURDER HUNDRED WOMEN AND CHILDREN.

Shot Down Non-Combatants Together With One Hundred and Fifty of the Government Troopers.—Survivors Bring the News.

Mexico City, Jan. 25.—One hundred women and children, and 150 federal soldiers were massacred by rebels recently near Vanegas, north of San Luis Potosi.

The soldiers with the women surrendered to the rebels, and were taken to a ranch near Matchueta, where the alleged butchery occurred.

Major Rebalto and Capt. Rameriz with a handful of men were the only ones to escape.

They arrived here to-day, bringing news of the affair.

DESPITE PRESSURE, HUERTA REFUSES TAKE BACK SEAT.

Washington Wants Him to Get Out and Many Friends Have Represented to Him the Advisability of Doing This, but he is Obdurate.

Mexico City, Jan. 26.—Huerta betrays no sign of yielding, altho he is cognizant of an increase in the strength of his enemies intriguing within the capital, and his friends in the field are handicapped by inability to procure money.

He is now confronted with Washington's determination that he must retire from Mexico's affairs.

Personal and political friends, and the highest officials of the Catholic Church in Mexico, who have been endeavoring by methods, for the most part discreetly indirect, to bring about his elimination, are seemingly convinced that they have failed.

Huerta talks optimistically of the outlook, displays pride in the size of his army which he estimates as considerably more than 10,000, and appears to believe that in spite of all obstacles he will be able to dominate the situation within three months. It is conceded here that ex-Minister Magan has fallen in his mission to Mr. Lind at Vera Cruz, and that the United States will listen to no proposition short of unconditional elimination of Huerta.

DIFFICULT TO KEEP LIBERAL CABINET WORKING TOGETHER.

Churchill and Lloyd George are at Variance and There is More Likelihood Than Ever of the Former Leading a New Party.

Halifax, Jan. 26.—A New York cable to the Tribune from London reports that Churchill is finding continued co-operation with a man pledged as Lloyd George is to the Little Navvites more and more difficult.

In slightly modified form vague rumors are afloat that a combine to be supported by the Northcliffe papers is being discussed for the formation of a new party headed by the Duke of Westminster and Churchill, and possibly allying the Duke of Sutherland.

SIR JAMES WHITNEY ON MENDING HAND

Toronto, Jan. 26.—His physician says it now seems probable that Sir James Whitney will completely recover from his illness. The Prime Minister passed a very satisfactory day, and when asked whether his patient would ultimately regain his health, the doctor stated that Sir James was making good progress, and that the outlook was exceedingly hopeful.

STRATHCONA LEFT \$15,000 TO BOY SCOUTS

Ottawa, Jan. 26.—One of Lord Strathcona's recent benefactions showing the deep interest he took in Canadian boyhood, was a promise to contribute \$5,000 a year for three years to a fund being raised to permit of the appointment of a Dominion Secretary to travel through Canada and organize the Boy Scouts.
