In connection with their exhibit, the Grand Railway System are installing at the Festival of the Empire, London, an oil painting they have had executed by a prominent artist, of a portion of the city of Ottawa showing the Parliament Buildings, the Ottawa River and Laurentian Hills in the distance, the "Chateau Laurier," the Grand Trunk's magnificent hotel, the new Grand Trunk station and the northern section of the city. Those who have seen the picture have expressed gratification on the true portrayal of the subject and the artistic execution of the work. The picture went forward to London via the S.S. Celtic on Saturday, April 15th, and will no doubt be an attractive feature in the Grand Trunk building at the Festival of Empire. The picture is five feet by seven feet with a 12 inch gold moulding of special design.

FOOD - FOR THOUGHT

Who pays the enormous expense of those show-rooms in our towns and cities? Is it not the people who buy pianos there?

Why buy from them when you can get just as good, and in many cases better, from me, delivered Free from the factory to your door? This is one of the reasons I can sell you a piano for less money than you pay at any show-room.

All kinds of instruments taken in exchange. We defy competition for the money in all grades. Get my prices before purchasing, for they are certainly very low for strictly high grade pianos.

Also agent for Raymond, New Williams, and New Home Sewing Machines.

P. S.—Pianos sold on instalment plan when wished.
