Ayer's Sarsaparilla
Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So well as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, and diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all scrofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetters, Salt Rheum, Scald Head, Ringworm, and internal Ulcerations of the Uterus, Stomach, and Liver. It also cures other complaints, to which it would not seem especially adapted, such as Dropsy, Dyspepsia, Fitis, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhoea, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

All persons who undoubtedly prefer to be well than keep the stomach property invigorated, as it is the responsible organ of the system. If the digestion is imperfect, every member, every gland, every muscle, every nerve or fibre, is more or less out of order. The brain is clouded, the spirits are depressed. All this depends on this to be the truth. It is, however, not half the truth. Columns would be required to enumerate the pains and penalties of dyspepsia, nor could any pen do them justice. Tens of thousands feel them; no man can describe them. Can they be prevented? Can they be relieved? Can they be banished at once or forever? unquestionably they can. No dyspeptic has ever used WILSON'S TONIC and SASSAPARILLIAN ELIXIR in vain. Believe no one who says the complaint is incurable.—This great blood purifier will remove it, it is eradicating it in thousands of cases over which medical practitioners have shaken their heads ominously, saying "nothing can be done."
