## COUNTY COUNCIL.

Special Meeting to Deal With Several Matters.

Warden Vansickle announced this morning that the County Council would probably hold a special session to deal with some important matters that are pending. It is expected that it will be held on September 30th. Some of the items of business to come up will be the appointment of a commissioner on the Last and West Flamboro road, a motion to increase the appropriation for the Green road, about \$400, and the settling up of the Waterdown subway matter.

ter.

Warden Vansickle is agreeable to the County paying for the grading on the approach to the proposed subway, and also to buying the right of way.

There is some likelihood of a heated discussion over the subway as some of the councillors are of the opinion that the county should not pay for the right of way and the grading.

## EAST AND WEST.

The Growth of National Spirit in This Country.

There are still some people who magine that the extremities of Canada are self-centred and careless of what is being done in Ontario and Quebec. has been said that the Nova Scotian doesn't know what is being done in Toronto, and, more than that, doesn't care. That is not a fair statement. All manufacturers know that the growth of the national spirit has awakened a keen interest. An example is proved by the J. A. McDonald Piano and Music Company, of Halifax, the leading Nova Scotia music firm. Last year this firm made at the Dominion Exhibition at Halifax the finest display of Gourlay art pianos ever seen in the East. The business growing from that exhibit was so large that Mr. McDonald resolved to make even a better display for this year's fair. In order to provide himself with the goods he required he travelled to Toronto in the early days of the recent exhibition to see the Gourlay exhibit there, and, if possible to make his selections in advance of his competitors. He was successful in being first on the ground and in purchasing most. of the Art Gourlays displayed. In consequence, he went away with a large satisfaction J. A. McDonald Piano and Music Com-Art Gourlays displayed. In consequence, the went away with a large satisfaction in his heart. It has been proved that the people of Nova Scotia want pianon not alone beautiful in tone quality, bu of artistic case design as well. In the Gourlay the combination is found.
