der obligation others. If the American revolutionary war, wan the ad not stop here to describe; but it is how very early a period the people iver to keep the Colony from rising to its the celerity and speed to which the le could be cleared, the empericrity of to navigable waters, entitled it. As a consolidated into one the different in force for raising a revenue; a wise the Law not been accompanied by snee, rendered it perpetual, and after-apropriation of the fund raised to the it to no control, from the very body offect it emanated. It was a suicidal far as I can learn, to this Island. By the Coven independent of the pecany tyrannical tioverpor to dispense islute as often as he pleased, a privinot hesitate to avail himself of, for mealing the Assembly together from reading the Assembly, who had his no less arbitrary but more covering himself possessed of anlimited to twenty and his molecular of the result, if a more politic s show of arbitrary rule, had kept the insetting of an Assembly, who had his no less arbitrary but more covert overeign authority in his own hands, sociving himself possessed of anlimited to it, and, as is inevitably the case, forwhich it is dangerous for even unlimited he consequence was, and let it be a driven from his place in the plenitude of funcied security. However hurthly the subset of the Island. We are now nearing advarrived at it, from whence to due mily Compact, which, in a few years, him do the present Market House it was a ruin, a disgrace to any comentited to be called a public buildings were the Office, and the present Market House it was a ruin, a disgrace to any comentited to be called a public buildings were the Office, and the present Market House it was a ruin, a disgrace to any comentited to be called a public buildings were the Office, and the present Market House it was a ruin, a disgrace to any comentity, be and to consist but of two it he flower of assembly; for it was not orn confidential advisers of the Represented, in their Legislative capacity, turn so him, on whom their very existence, Th at the Council did make a claim to mave ent up to them erfairing, that they might on each; but, after some convent, the d the claim was gradually abandoned by lext, take a short view of the manner in sted, and the various changes that were stion of the Colony previous to the adop-form, of which you claim the honor of mean time,
I am your obedient servant,
PROPOSITI TENAX.

rom various parts of the country we age sustained by the recent thunder r's, a house owned by a person of the ruck by the electric fluid, the chimney strion of the sills rent asunder, doing In the Great Western Road we hear In the Great Western Road we hear a stove-pipe protruding through the by Mr. Robinson, descended into the pieces, and escaped into the cellar, aring the storm the electric fluid struck Mr. Kinnon, Ten Mile Hill, Princetown ered it to pieces, and notwithstanding m, and Mrs. McKinnon, in the house pied uninjured. It is difficult to ascerwas first struck—the chimney was le-board turn off, and the house spread in the struck were shattered to pieces; and two the door, killed on the apot. We so complete a wreck, that the family so complete a wreck, that the family to a neighbor's for shelter.—Islander.

PATENT ARTHFICIAL SLATE. And Unchangeable Metallic Paints: PROOF AGAINST FIRE & WATER

Manufactured by the Patentee, in Colchester. Nova Scotia-

PROOF AG AINST FIRE & WATER!

Manufactured by the Patentee, in Colchester. Nova ScotiaFIRE ARTIFICIAI. SLATE is the product of a mixture of
mineral substances known to be the best non-conductors of heat
as well as the most indestructible; the Chemical affinity of which converte the curface of materials covered, into a Coaling of Actual
State—Proof against FIRE and WATER. Thus the laws of
nature are made to accomplish results as surprising as they are useful, by rendering Wooden fabrics as durable as brick or Stone,
and less pervious to moisture, and consequently preventing decay
and destruction from corroding influences hitherto supposed unale
tainable.

The principal ingredients are Alumina, Silica and the Oxides of
from. The adhesive quality of the latter not only binds and attracts
the particles together, but the substance covered also. The longer
exposed to the weather the more powerful the attraction, and consequently the harder the State. As various shades of colour are
obtained, Brick buildings may be made impervious to moisture, and
the fushionable colours of either Free Stone or Grazitic. The oil
must be evaporated by the action of the weather before it is Fire
proof, which will take from nine to twelve months.

The METALLIC PAINTS, Purple and Red, are offered as
Weather and Water Proof solely. Their base being Iron, secures
them from Galvanic action so fatal to lead and other Paints on Iron
work—and their chemical combination makes it impossible, that
any change should take place from atmospheric influence or the
action of Sait Water and Sulphareted hydrogen so prevalent in Sea
Ports and Tidal Harbours. They surpass all Paints yet discovered
in Cheapness and Durability, which render them pre-eminently
adapted to the covering of all kinds of Iron work, such as Shipping,
Mills, Bridges, Steam Machinery, Railway Cars, and Iron
Railiage. The METALLIC PAINTS have been analysed by Professor Hays of Boston. The following is an extract from his Certilessor Hays of Boston. The following is an extra

FREDERICTOR, N. B., Nov. 18, 1850. FREDERICTOR, N. B., Nov. 18, 1850.

Mr. J. W. IRISH.

DEAR SIR,—Please send us two more barrels of your Artificial Slate. We have seen some of the good effects of it at the last fire. Some of the Roofs covered with it did not catch at all, and when the walls were barnt some of the roofs came down in one piece, and others were the means of saving the building, especially one roof alongside of the Bank B. N. A., which also was one means of saving the Bank.

Please see that it is on-board of the first boat, as it might be perfected and stored.

Flanse see that it is on-board of the first boat, as it might be neglected and stored.

Your obedient Servants,
STEWART & NEILL.

St. John N. B., July 20, 1850.

John Ross, Esq., Patentee of the Purple Metallic Iron Paint, and I have much pleasure in stating that I never painted a Ship with so small a quantity of Paint and Oit, and look so well. From its adhesive qualities and the manner it covers the wood, I have no doubt but it will be more durable and much cheaper than any other paint used for such purposes, and would recommend it to the public generally.

Yours, &c.

Yours, &c. ROBERT G. MORAN.

Ross' METALLIC PAINTS.—We have already called public attention to the high estimation in which the Metallic Pain's, manufactured by John Ross, Esq., Truro, are held by those who have had occasion to use them. Certificates of a highly satisfactory character in praise of these articles of Provincial manufactures appear elsewhere, in this issue, and from information afforded by parties who have similarly applied them, we can easely endorse the opinious therein contained.—Halifax Sun.

The METALLIC PAINTS are mixed and put on like an ordinary paint.

JOHN ROSS, Patentee.

A CARD

MRS. WINSLOW TO THE LADIES. RS. WINSLOW, an old an experienced nurse and Female Physician, would call the attention of the Ladies to her Soothing Syrup for childers testhing. It will immediately relieve them from pain, allay all spasmodic action, soften the game, reduce inflammation, and is sure to regulate the Bowels. Depend upon it, Mothers, it will give rest to yourselses and relief and health to your ildren. Price, 25 cents per bottle.

We have soft very large quantities of Mrs. Winslow's Southing Syrup during the past six years, several thousand the last year. We believe, it the best medicine in the world for children teething or for the cure of Dysentry and Diarrhea in Children, whether it arises from teething or any other cause. It gives universal satisfaction—market never heard a complaint from any one using it, never soid a medicine on universally successful in reliaving pain and effecting cursar—relief is absolutely sure.

CURTIS & PERKINS,

WONDER OF THE WORLD.

WONDER OF THE WORLD.

Gravel Cured of five years standing.

Mesors. Curtis & Perkeus, Bangor, Me.

Gentlemen,—Lhave been entirely cured of the Gravel, by the use of your Cramp. and Pain Killer. I commenced taking the Gramp. and Pain Killer. I the been a great sufferer for ten years previous; some four or five years of the time I suffered beyond all mg powers to describe.

During this time, I have had medical aid, and tried various apecifics, but found very little relief until I obtained your Cramp and Pain Killer. In one month after I commenced using it, I began to grow better. I continued to use it for a year, all the time improving until I was entirely oured.

Miles Stapens.

Prospect. Me., Jan. 29; 1855.
We, the undersigned, are well acquainted with the above case, and estify to the above statement of facts.

CHARLES CLIPPORD, HANNAH CLIPPORD, STANTON ELLIS.

Doctor Toby, a regular practising Physician, of East Machias, prites us under date of March 20, 1847;

"Please selfd me haff a galton of your Cramp and Pain Killer—it is the best medicins to cure what it is represented to, that I ever

it is the best medicins to cure what it is represented to, that I ever used."

The Doctor first made use of it in his own case, for a severe sprain in the shoulder, caused by the upsetting of a stage, and found immediate relief, and has since used, it in his practice.

Head the following. It speaks for itself.

Head the following. It speaks for itself.

Feertify, that I was afflicted with a violent Rheumatic pain in the small of my back, which entirely disabled me, so that I could not get up without the greatest pain and effort; nor could I walk without a cane, and but very little with. I applied Doctor Johnson's Anodyne Liniment, or Liquid Opodeidec, and several other remedies, without any relief. After suffering in this way about a weak, I purchased a bottle of Gromp and Pain Killer, prepared by Curays & PERRINS, Bangor, and after three applications was entirely relieved and free from pain, and am now entirely well. I also cured a friend of mine, who had been suffering for a long time with a lame side, with the same bottle. I believe it the best medicine in the world, and am happy to add my testimony in its favour.

N. B.—Be sure undeall for CURTIS & PERKINS' Gramp and Pain Killer. All others bearing this name are base imitations.

Price 25 cents per bottle. For Sale by
