The Welland Canal opens tomorrow and the workmen have been ordered to take their positions.

The Dalhousie City is carrying quite a number of passengers over to Toronto these days but the real season has not yet opened.

Matthew Sinnett was seized with a stroke while in a barber shop on King street this morning and was taken to his home in an auto.

Several drunks were fined in police court this morning. One youth said he had drunk whiskey he had had in the house two years for medicinal purposes.

The last public meal was served in the King Edward Hotel dining room in Fort Erie on Saturday at noon. E. L. Ramsey, the owner, said that he was compelled to close the room because of lack of help.

The officers and members of Merritt Lodge, A.F.A.M. visited St. George's Lodge, A.F.A.M. St. Catharines last night. The third degree was exemplified by the officers of Merritt Lodge after which the visitors were pleasantly entertained.

Alexander Near, of Sherston, aged 61 years, died in Buffalo hospital as the result of a kick from a horse. He was grooming the animal on Friday morning when he was kicked in the stomach, the cork of the shoe perforating the bowels. No one is able to understand the accident for the animal never was known to kick before. Deceased was a son of the late Abraham Near and is survived by a wife, five sons and two daughters.

The funeral of the late Ann Eliza Hartman took place from the home of her niece, Mrs. Alice Blundy, No. 456 Fifth street, Niagara Falls, N.Y., to Drummond Hill cemetery, Niagara Falls, Ontario, on Saturday last. The Rev. Mr. Bacon, pastor of the First Street Presbyterian church officiated at the house and graveside. The pallbearers were Messrs Ernest Blundy, Gordon Legg, Wm. Siegel, Wm. Phillips, Fred Childs and Lloyd Fox.

At the meeting of the Board of Directors of the Welland Board of Trade at the city hall it was decided to hold a forum meeting of the Board on Monday evening, April 26th, at which the evening will be given over to a discussion of the power situation. Representatives of the Hydro will be present from Toronto to give all the information desired, and because of the unusual interest and importance of this meeting it is expected that every member will be present.

Bobby Leach, 59 years old, who has a pool room at 314 Main street, Niagara Falls, N.Y., and William Wheeler, 35 years old, a negro chauffeur, who lives in Sherry street, were arrested at the American end of the lower steel arch bridge on Saturday. Six bottles of whisky which the men had in an automobile and which it is alleged were smuggling into the United States. Leach is the only man who ever went over Niagara Falls and lived. He made the trip in a barrel in 1911. He was locked up, bail being refused.

### Taking Music From the Devil

"WHAT'S the matter down there at the door?" "It's the drum, General, and the crowd pushing past." "Let the drum come in, too."

THIS was the first entrance of the drum into their meetings.

THEY have given many hymns to the world and taken many songs from the Devil. They have well said, "He has no right to music."

THEY play their music for God, to bring the people to Him.

### Kill the Germs of Catarrh

BY ACTING TO-DAY YOU CAN QUICKLY CURE CATARRH AND AVOID BRONCHITIS, PERHAPS PHTHISIS

Most Agreeable and Surest Cure is Catarrhazone, Which cures Every Curable Case

Catarrhazone proves especially good in those chronic cases where mucous drops down the throat, sickens the stomach, and pollutes the breath. When the nostrils are stuffed, only a few breaths through the inhaler are needed to clear the passages, and where there is coughing and sore bronchial tubes, the soothing, healing properties of Catarrhazone act almost as magic.

Once you stop taking medicine into the stomach and get the healing oils and pure balsams of Catarrhazone at work you can be sure of quick and lasting cure for nose, colds, catarrh, weak lungs, bronchitis, and speaker's sore throat.

The complete \$1.00 outfit of Catarrhazone is sufficient for two months' treatment, and is guaranteed. Smaller size, 50c. at all dealers, or the Catarrhazone Co., Kingston, Ont.

Ladies had better be sure that, if their new spring bonnets are trimmed with feathers they do not come from protected birds. It is against the law to wear feathers of Curlews, Swans, Bhoons and Whooping Cranes, Humming Birds, Martins, Swallows, Wrens Robins, and such insipidulous birds. Should milady have such feathers she is in danger of being stopped by the first dominionman police or game warden she meets at a pre-arranged branch of the migratory bird convention act.

R. Cooper, M.P.P., has put through the highways department a decision to construct a provincial highway from the Niagara River west through Welland to join the Talbot Road leading to St. Thomas, Chatham and Detroit. The highway from Welland west will follow the beautiful creek road from the hospital. It is a beautiful road, skirting the river, but not a beautiful roadway. Mr. Cooper has been for half a dozen years engaged in an effort to have it improved, but so far nothing has been done. Its neglected state has cost much, for it has in spring and fall denied ingress to Welland for a large section of Wainfleet.

### Good Shepherd Mission Annual Meeting Held

The annual congregational meeting of the Mission of the Good Shepherd, Facer street was held last night and the reports presented were most encouraging in every respect. Canon Broughall opened the meeting with prayer and after a brief address called upon Rev. A. H. Priest to read the Secretary's report. The financial statement showed a balance of \$262.37 with receipts totalling \$1108.17. The average attendance at the evening services was 66, a big increase over the preceding year, and there is now a monthly celebration of the Holy Communion. The duplex envelope has been introduced and in addition the members of the Mission contributed splendidly to the Anglican Forward Movement. The Sunday School report from the Women's Guild showed very keen interest on the part of those concerned. The Men's Committee was elected and will comprise Messrs. Fred Bagnall, R. G. Gare, R. Gilbert, H. B. Hughes, E. B. Lawrence, J. J. Maynard, W. E. Warner, Mesdames R. Brown, Buck, Cameron, Bagnall, Ettles, Hughes, Obee, Truman, Warner make up the Women's Committee. As a mark of appreciation for his work a bonus and increase of stipend was granted to Rev. Mr. Priest, the Curate in charge. It was decided to set aside \$100 to form the nucleus of a Church Building Fund, looking forward to the time when the present building will be superseded. A general discussion followed on the work and prospects of progress for the coming year and the meeting was brought to a close with Benediction.

### St. Lawrence Waterway Man Is Appointed

OTTAWA, April 14—Hon. J. D. Reid, Minister of Railways and Canals, has announced that Mr. W. A. Bowden, B.A.Sc., M.E.I.C. chief engineer of the department, has been selected by the Government of Canada to act as Canadian consulting engineer in the reference to the International Joint Commission of the question of the further improvement of the St. Lawrence River between Montreal and Lake Ontario.

The Government of the United States is also a party to this reference, and each Government undertook to appoint from its official engineering personnel an engineer to confer with a similar officer of the other Government in the acquiring of engineering data, the making of necessary surveys, and the completion of outline plans and estimates of the cost of the proposed improvement. In conformity with this arrangement, the United States Government has appointed Lieut. Col. Wootton, a member of its permanent Government Service to the corresponding position on the United States side.

The reference to the Commission is in the form of a series of questions, the chief of which is: What further improvement in the St. Lawrence River between Montreal and Lake Ontario is necessary to make the same navigable for deep-draught vessels of either lake or ocean-going type; what draught of water recommended, and what the estimated cost?

In answering this question, the commission is requested to consider:

- (a)—Navigation interests alone, whether by the construction of locks and dams in the river; by side canals with the necessary locks, or by a combination of the two.
  - (b)—The combination of navigation and power interests to obtain the greatest beneficial use of the waters of the river.
- Other questions deal with the ap-

portionment of capital cost to each country, as well as cost of operation and maintenance and method of control. The possible effect on the St. Lawrence ship canal below Montreal is to be studied as well as its conditions, also what improvement may be expected of the resources, commerce and industry of each country, as well as of traffic.

The commission intends to conduct public hearings in both countries to bring out information bearing on the physical, commercial and economic aspect of the project. An itinerary is under consideration, and hearings will probably commence about May 1. Engineering plans and estimates are to be submitted to the commission as soon as practicable, but not later than one year from date of appointment of the engineers, and the commission is requested to forward to the two Governments its final report not later than three months thereafter.

No delay is anticipated from the Canadian standpoint. As a matter of fact, it is understood that Mr. Bowden already has tentative plans well advanced.

### Important ANNOUNCEMENT!

As a number of the fire alarm boxes for some cause unknown are to-day out of commission, citizens will kindly phone in information as to the breaking out of any fires in the city.

To minimize the number of false alarms the keys of alarm boxes in outlying sections are being placed in private houses and information as to their location placed in prominent positions near the box.

By order of the Fire and Light Committee.
