CLINTON.

Mr. E. Floody has returned from the meeting of the Grand Lodge of Orange-men, which was recently held at Winnipeg. It was chiefly through his efforts, the New Law says, that it was decided to hold the next annual meeting at Goderich.

A short time since Mrs. George H. Wright, of Berlin (formerly of Clinton) received through the Merchant's Bank the sum of \$3,000, the amount for which her late husband was insured in the Royal Arcanum. All the money Mr. Wright had paid in to secure this large prize for those he left was \$75.

HULLETT.

Messrs W. Snell and R. McMillan returned from the old country last week and had an exceedingly rough passage, which resulted in quite a loss to them. Mr. Snell landed nine fine thoroughbred sheep, a yearling and a two-year-old ewe, but lost two sheep which were drowned on the upper decks of the vessel. It was so rough that for two days all the passengers had to be kept below, and as there were 86 horses on board, in the lower decks, the sheep had to be kept above, and it was impossible to save the two, which were uninsured. Mr. McMillan started with two fillies, but one died on the voyage and had to be cast overboard.

Mr. Christopher Dale, of the Huron Road, sold to an American buyer and delivered in Searfouth on Wednesday, one of the handsomest heavy draught mares the township has produced. She is four years old, and was bred from a Glenlee mare and by J. J. Fisher's imported Borer. She was sold for \$200. While this is a splendid price, yet it seems a pity to see such fine animals going out of the country. Mr. Dale has another from the same sire and dam a year younger, which promises even to surpass this one.

SEAFORTH.

During the evening of the Caledonian concert Mr. Archie Scott was presented with a gold medal as the best all-round athlete. The medal for the best dancer was between Mr. Anderson and Mr. Milne, who was formerly his pupil.

Mr. Thos. Ballantyne, M.P., of Stratford, the cheese king of Canada, was in town on Wednesday. He purchased the cheese at the Winthrop and Kinburn factories. Mr. Ballantyne is one of the men who would not like American retaliation, as he says he ships two-thirds of his cheese through American ports.

Mr. T. F. Hilliard, formerly of this town, and who studied in the law office of Mr. Holmsted, has purchased the legal business of Mr. Powell, in Clinton, and intends locating there. Mr. Hilliard is a clever, industrious and reliable young man, and will make a worthy citizen as well as a valuable addition to the professional ranks of our sister town.

The CALEDONIAN GAMES.—The annual games in connection with the Seaforth Caledonian society were held in the recreation grounds on Tuesday last. The attendance at the games was not as large as last year, we suppose owing partly to the fact that we had the horse races so lately in town, and also that the Honnell and Mitchell races came off on the day preceding. The receipts at the gate were consequently deficient, and if the society had to rely upon that source of revenue alone they would be out of pocket. The games were all that could be desired.

BURSUSES.

There are forty-one appeals against the voters list this year, 20 by the Tories and 15 by the Reformers. The Tories evidently imagine the law has changed and that married women have a vote.

At the council meeting on Monday evening last week the rate for the current year was struck at 2 cents on the dollar. This includes the raising of a sinking fund for the consolidated loan. This is the lowest rate for years, although the license money has reduced it by \$240.

At the Caledonian games in Albany, last week, A. Scott, formerly of Brussels, took top prize for standing high jump, for 200 yard hurdle race, and for tossing the caber. Competition was very keen, as a large number of specialists were present. He secured the medal at Seaforth for the best all round athlete.

The Post says:—In speaking with G. A. Deadman, the well-known apiculturist, of Brussels, on the honey question, he says he will not have honey enough this season to winter his bees, but expects to partly feed them on sugar. Mr. D. has no less than 175 colonies and has been very successful in bee farming, having his place nicely and conveniently fitted up for the purpose.

GREY.

Although the summer has been rather dry and crops are not as heavy as was hoped for, still there is little cause for complaint, as the sample is good and the indications are that prices will also be good. The root crop in this part will not be as good as last year, but potatoes are a good average crop.

Mr. James Mitchell, of Grey, received an order a few days ago for several dressed stones, to be used as the foundation of a monument for the two sons of Dr. Sloan, of Blyth. Mr. Mitchell delivered the stone as required, four in number, and they proved highly satisfactory. They were taken from Shine's quarry, on the 12th concession.

One of the reasons why Scott's Emulsion has such a large sale is, because it is the best. Dr. W. H. Cameron, Halifax, N. S., says: "I have prescribed Scott's Emulsion of Cod Liver Oil, with Hypophosphites, for the past two years, and found it more agreeable to the stomach and had better results from its use than any other preparation of the kind I have ever used." Sold by all druggists, 50c. and \$1.

Belfast.

Eight pupils in our public schools are being prepared for the next entrance examination at Dunganenon. Mr. Robert Somerville has gone to Manitoba on the excursion. Mr. T. H. Alton, of the Nile public school, has been engaged to teach the school here for 1889 at a salary of \$440. Mrs. E. A. McKenzie is taking her holidays now.

The Misses Lizzie and Lavina Loughheed are under the parental roof again. Mr. R. E. Brown has been re-engaged in No. 5 Ashfield for another year. The people of that section find that it pays to keep a good teacher, even if they have to pay a good salary.

Dunlop.

Miss Lily Ommings and her sister Alice are visiting friends at Blakes. George Patton of Garbarid, now of the South St. Marie, is visiting friends here. Miss Etta Horton has returned from a pleasant visit of some weeks with friends near Dunganenon.

Mrs. R. H. Macdonald, of Detroit, who is visiting here, was in Sheppardton for a week's visit, the guest of Mrs. Chas. Hawkins. PERSONAL.—Miss Georgina and Maggie Macphail and Eleanor Macdonald, of Port St. Marie, are visiting a day in Dunlop, Merrittton, gave our burg a dying visit last week.

R. Woodgate, late of Exeter, England, and now a resident of the busy village of Dunganenon, was the guest of his old comrade, Wm. Philpotts, of this burg, this week, having quite a chat over their boyhood days in merry Old England.

The mammoth picnic held at Kingsbridge in aid of the funds of the R. C. church there, was attended by a number of our residents, who speak well of the grand day's enjoyment they all had. Miss May Macquarrie left here last week for Bay City, Mich., where she will spend the winter months with her sister.

The last sheaf of the season will be got in this week. The self-binder or the hand-rake are the candidates for the honor. The farmers round here have still courage in fall wheat, and nearly all of them are sowing a good quantity. Each now tells us how many acres he has in, but in the spring someone will be the mantle of snow draws it up to two or three less, besides what spots are winter killed. Then a fresh threshing might be needed for the best of the crop.

Dunganenon.

Mr. B. J. Crawford, of the firm of Crawford & Anderson, merchants, of this village, arrived home on Thursday last week from his tour in Manitoba. He speaks in glowing terms of the country, and is highly delighted with his journey.

Mr. J. M. Roberts is on a visit to Belfast and other points. We wish him a pleasant trip and safe return. The sacraments of Baptism and the Lord's Supper were administered in Eureka Church on Sabbath last. Mr. Allan, of Goderich (and Mr. Moore, as at a number of times), assisted the pastor, Rev. D. C. Cameron, on the occasion. Quite a number were admitted as members by certificate and profession of faith.

The exercises were conducted with great solemnity and impressive interest. Weather delightful. Farmers are busily engaged sowing fall wheat and shipping apples, which latter, by the way, is becoming quite an extensive industry. The apple crop is pronounced to be an excellent and abundant one.

Our village, in many of the residences and business places, is assuming a gay appearance by means of the application of good coats of paint. We are sorry to have to state that our genial painter, Mr. Sias Winters, while painting the roof of Mr. Jardine's new house in Ashfield, had the misfortune to lose his footing and consequently fell several feet, thereby causing a severe sprain of the ankle, which will be the means of preventing him from work. We hope he will shortly get better and be able to resume work. What at present makes his misfortune more sad is that the now is the best part of the year for his business.

HARVEST HOME.—The annual harvest home, under the auspices of the Methodist church, Dunganenon, given in the grove of Mr. Thos. Anderson, on Thursday the 6th inst., proved to be the grand event of the season. The day was all that could be desired, and by 12 o'clock a large concourse of people had gathered to spend the afternoon of the day in happy intercourse one with the other. The grove is a delightful spot, thickly shaded and well adapted for such an occasion. Beneath the thick foliage, and wide-spreading branches of the trees were six long tables bending beneath their load of the good things of this life, which were provided by the ladies of the congregation. Large and attractive mottoes of beautiful design greeted the eyes of all comers with words of welcome and good cheer. The stand was decorated with grain, fruit and vegetables, artistically arranged, and while contemplating the whole scene, the thoughtful mind could not help thanking and praising God the bountiful Giver of all good, for His many mercies and blessings conferred upon underserving man. The speaking was amusing, entertaining and edifying. The singing by the Goderich Quartette Club exceeded the expectations of the committee, and made such an impression on the audience as will not soon be forgotten. Miss Treuman, the accompanist and reciter, is deserving of special mention. Her rendition of "Asleep at the Switch" filled many eyes with moisture, but the tears were hurriedly brushed away when the sequel was disclosed. The base ball match between the married and single men of the congregation was watched with great interest by a large crowd, and after a severe contest the victory was declared in favor of the single men. The proceeds which were for the benefit of the church amounted to something over one hundred and twenty dollars.

Leedsville.

We regret to say that W. Horton, lately returned from Muskoka, who has been working on the staff of a threshing machine in Goderich township, got the fingers caught in the cylinder of the machine, which will lay him up for some time from working. Last Sunday the Rev. Mr. Anderson said he had visited all the families in our section who attend church here, and Bible class on the prayer meeting night of the congregation.

The SIGNAL will be sent to any address for balance of 1888 for 25 cents. EDUCATIONAL.—Inspector Tom gave No. 5 a visit last week, and on his way homeward took a peep in at the Dunlop school house, and to his surprise saw not an urchin on the playground or inside the building. He heard but the subdued hum of heads to take a look at who or what had come to see the master. The din of the builder and the hammering had ceased, and the architect greeted him and had a long chat about the new style of building school houses now-a-days, the inspector saying boarded walls are fast replacing plastered ones. The architect said that after New Years he wouldn't hear a din in hammering, but a loud prattling of children's voices to greet him, perhaps to open the new school No. 9, of Colborne.

The famous Star and Garter Hotel at Richmond has been partly burned. The loss is heavy. Floods in the south of Spain have caused the loss of many lives and done enormous damage to property.
