

For Canadian bred stallion of any age brought out J. A. Turner's Charming Prince, bred first at Calgary Horse Show last year, but had not been shown since. Old friends of the horse say they never saw him looking better. He is especially strong in his feet and ankles, and is a true, steady gait. His sire was Charming Boy, and his dam the famous prize-getting mare Samsie Lass.

The Percherons are looked upon with increasing favor by horse exhibitors. On this occasion the good stallions are as good a representation of the breed as could possibly be brought together on the continent. The mares and fillies, these are many choice animals, practically owned by the George Lane and Gordon Ironside & Fares Co. Their entire exhibit is a magnificent lot.

The poultry exhibit. Fowls from the east and west vie with one another in raising a full catalogue of the poultry world. The exhibit has been a great success. Interest in Alberta poultry breeders, that they have taken to the province has made a very creditable showing.
