German Cruiser

AND TWO TORPEDO BOATS WERE
SUNK.

New York, Nov. 19.—A news agency despatch from Petrograd, published here this afternoon, says a German squadron which bombarded Libau was later attacked by the Russian fleet, and that in the fight which followed a German cruiser and two torpedo boat destroyers were sunk.

Norwegian Ship With Copper Detained.

London, Nov. 21.—The Norwegian steamer "Sir Tyr" has been detained at Glasgow, according to a despatch to the Central News. Giving the reason, the correspondent says that 4,000 tons of copper ore, which are contraband of war, were discovered in the bottom of the Norwegian steamer's holds,

hidden away among a cargo of general merchandise.

Five Noble Sons Ready to Fight For Empire.

The family of Mr. Wm. Knight, of Mundy Pond Road, is well represented in the service of the Empire. Two sons, William and James are in the Navy, two others, Thomas and Henry have enlisted with the Canadian Contingent and are now at Salisbury Plains, and still another named Stephen intends joining the second Newfoundland Contingent as soon as recruiting commences. Should he pass the necessary medical examination, the Knight family will be truly worthy of a prominent place on Newfoundland's roll of honor, as we are of the opinion that this is the largest representation from any one family in Newfoundland. While congratulating Mr. Knight on the splendid spirit of patriotism shown by his sons, we cannot refrain from noticing his modesty which is so closely associated with true valour, and which apparently has kept him from informing us of the fact long ago. We hope that when a complete roll of honour is compiled, the names of these young men will receive a foremost place amongst the soldiers and sailors of our island Home.

Finance Meeting.

The Finance Committee of the Patriotic Association met yesterday and took up business of interest. A committee consisting of the Hon. John Harvey, Hon. P. T. McGrath, Mr. Kent, K.C., Mr. Ellis and Capt. Montgomerie was appointed to take up the matter of pensions. Another committee consisting of the Hon. M. P. Cashin, Hon. P. T. McGrath, Mr. John Munn and Capt. Montgomerie was appointed to revise the estimate of costs for the Newfoundland forces for twelve months. The number of allotment papers received was 336, entailing an expenditure here of \$10,600 a month to dependents. Messrs. Read, Watson & Co. offered to audit the accounts of the Nid. Regiment at home free of cost. Some applications of dependents of Newfoundlanders who have joined the Canadian army or navy were received. The committee decided that the proper course to pursue was to put on the books of the Association only those who are on our own rolls, and to refer the other to the Canadian Patriotic Association.

QUIET ALONG THE WEST FRONT.

PARIS, To-Day. An official French announcement given out in Paris this afternoon is as follows: No important development marked day of Nov. 25. In the north cannonading diminished in intensity and no infantry attack was directed against our lines, which made slight advances at certain points. In region of Arras there was a continuation of the bombardment on the town and its environs. On the Alsace the enemy endeavored to deliver an attack on village of Missy. This movement resulted in complete failure with considerable losses to the Germans. We have made some progress in region of West Soissons. In the Argonne, in the Woëvre District, in Lorraine and in the Vosges there is almost complete calm. Along the entire front there has been a heavy fall of snow, particularly in the higher portions of the Vosges Mountains.

Whaling Voyage Over.

CACHELOT'S BIG CATCH—FISHERY
ON THE WHOLE UNSUCCESS-
FUL.

Whale hunting along the Newfoundland coast for this season is now over, the whaler CacheLOT, the last of our local fleet, which was engaged in the region of Hawke's Harbor, Labrador, having given up operations a few days ago, word to that effect having been received to-day, and also that the whaler had reached Trinity Tuesday midnight, where the crew will be paid off, after which they will come on to St. John's and leave here by the first Allan boat on route to their homes in Norway. The CacheLOT, Capt. Amundsen, made a very successful voyage, having captured for the season 75 whales, yielding 1700 barrels of oil, including one sperm whale, which produced over 70 barrels of oil.

The whaling voyage on the whole this year has been one of the worst on record and most of the persons and

concerns financially interested had to meet heavy deficits, though the CacheLOT was exceptionally fortunate and her shareholders will declare a substantial dividend. The CacheLOT will remain at Trinity all the winter.
