## As Utterly Different In Results Now As a Year Ago

To the best of our knowledge there had never been a 3-inch motor capable of producing 68 horse-power, a speed of 70 miles an hour, with gasoline economy safely over 20 miles to the gallon, until the Chrysler Six arrived on the market last year. There is no other to-day.

That is what scientific engineering in the way of perfected gas distribution, special combustion chambers and heat distribution does for the Chrysler Six.

There has never before been a motor in which all sense of vibration has been so completely eliminated, never before a car in which side-sway and road-weaving are absent, never before a car with an overall length of 160 inches that afforded so much usable space—generously roomy for five large adults.

Examples might be cited by the score. But you can see for yourself how utterly different the Chrysler Six is and why the eager public bought more than 32,000 Chrysler cars the first year, if you drive the car but a few minutes. We are anxious to give you a Chrysler ride, to prove it the best-built car you ever sat in.

## Why, of Course

If you want GOOD Clothes go to a GOOD Tailor. There is where you get good material, good fit and Clothes that look as if they were made for YOU, and not for the other fellow.

The Ready-to-Wear! Yes, of course. They were made for the one who buys them, very seldom for the one who fits them.

But be careful and go to a good tailor. It's cheaper and better.

SPURRELL'S are good, reliable tailors, and you make no mistake in going there.
