

Narrow Escape.—The Drayton Enterprise says—Mrs. Gaultkins of the Maryboro Flax Mills, had a narrow escape from death or serious injury one day last week. She was driving over the bridge at the flax mills, and when about half way on the bridge the horse stopped and would go no farther, but commenced backing up and a part of the railing being broken off the bridge, it backed over it, and fell on a pile of logs laying in the river. Those who witnessed the occurrence expected to find Mrs. Gaultkins seriously injured, but strange to say she received only a few light bruises. The horse escaped uninjured, but the buggy was broken to pieces.

A Chemical Food and Nutritive Tonic. Without Phosphorus no thought, say the Germans, and they might add, no action, since Phosphorus and its Compounds are known to be the motive power of the nervous and muscular system. They constitute more than half the material of the human body, being found in every tissue, and their presence is absolutely essential to nutrition, as they promote the conversion of albumen in the food into fibrine, which is the vitalizing agent of pure, healthy blood. They are now coming into universal use in Europe and America in the treatment of Scrofulous, Consumptive and Venereal diseases, which are caused by impoverished or poisoned blood; and in diseases of women suffering from irregular, obstructed and exhausting discharges, in pale, puny children, and that condition of nervous and physical prostration resulting from bad habits, excessive use of stimulants and tobacco, and all that train of evils known as a fast life. The great reliability and promptness in its effects in immediately and permanently restoring the debilitated constitution has made DR. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES and CALIARY a great favorite with the Physicians and Public. Sold at \$1.00.

EQUITABLE Life Assurance Society, No. 120, Broadway, New York. Wm. C. Alexander, President. Henry B. Hyde, Vice-President. Net cash assets, 1st Feb. 1872 \$18,000,000. Annual Income \$4,000,000. Annual paid policy holders \$3,430,940.37. Surplus, 1871 1,700,000. New Business, sum assured 1871 \$41,504,027.00. The Largest of any Company in the World. This Society has led the van in the Insurance world for many years; it has introduced more improvements and given greater impetus to the business than any Life Company in the United States, and is deserving in this respect of the praise and gratitude of the community. There are many reasons for selecting the Equitable Life Assurance Society. 1st—No company has such large annual transactions, thereby insuring into its business account a succession of fresh and selected lives which is one of the greatest elements of strength. 2nd—Liberal in dealing with all claims: asserting at the same time, a due regard to the interests of its present large body of policy-holders by a firm resistance to any attempt at imposition. 3rd—Perfect organization in every department, which renders official information easily attainable and secures a complete administration of its affairs. 4th—Being one of the most progressive institutions of its kind in the world, it is ever prepared to seize at once upon all the improvements in the business that science can suggest. The Equitable Life Assurance Society issues every recognized form of policy, and especially the FAVORITE SAVINGS FUND INSURANCE which the Company introduced. This new plan has become very popular, as equalling among all who are insured under it the advantages which arise from the profits of the business, without in any respect infringing upon the normal results for which Life Insurance was first instituted. The EQUITABLE feels that it has the strongest claims upon public confidence. Under the management that distinguishes it and the principles by which it is guided, perfect security is given for the future, than which no greater inducement can be held out to all who wish to insure their lives. Further information regarding the different kinds of Policies issued by the Society can readily be obtained at THE COMPANY'S OFFICES, 120 Broadway, New York, Or from any of its representatives throughout the United States and Canada.
