May at 110 3-4 to 110 7-8. Oats gained sessions.

The opening was promising, showing gains of large fractions to two points. The advance was, however, tentative and was soon dissipated on renewal of pressure against coppers, motors, olds and tobaccos. Weakness of Utah copper contributed more than any other feature to the general unsettlement of the intermediate point. A temporary rally of 1 to 3 points in the last hour, rally of 1 to 3 points in the last hour, dampness would continue and that the speedy drying out of the crop would be hindered.

The storm yesterday delayed a number of freights, with the result tha cattle receipts at the yards were light Nothing out of the ordinary in the way of quality came in. Prices remained steady, the top being 9 cents for a load of steers, which were bought for the Chicago market

It looks very much like a slow mar ket for a whole, owing to the embarge at Winnipeg and St. Paul. Most of the livestock dealers are advising their customers to hold their stock for a better market, as it is expected that prices will weaken considerably. The trade in butchers' beeves was quiet. A few really choice steers sold at \$10.50 to \$10.75, good at \$10.00 to \$10.35 and the lower grade from that price down to \$8.50 to \$8.75, while butchers' cows brought from \$6.75 to \$8.50 and bulls from \$7.25 to \$8.76 per owt. MONTREAL LIVESTOCK
