The report of the examiners of the entrance examination candidates will in all probability be announced next week.

Dr. Butler, London, eye, ear, nose and throat specialist, will be in Dutton on Friday, July 21st, at Queen's Hotel. Eyes tested and glasses supplied. Following visit Aug. 18.

From the number of automobile parties passing through Dutton it would appear that this is the favorite way of spending a vacation with those fortunate enough to possess motor cars.

The committee who are making arrangements for a union excursion of the Sunday schools to Port Stanley have decided to change the date previously announced to the first week in August.

Dr. Elliott, who is leaving Wadsworth next fall, has disposed of his practice to Dr. A. G. McMillan, formerly of Lalgie.

Dr. McMillan is a graduate of Western University and during the past year was senior house surgeon at St. Joseph's Hospital, London.

Some of our church members would be indignant to be classed as law breakers; but the law requires everybody to cut the weeds to the centre of the road allowance in front of their premises. Those who don't are law breakers just as much as the man who sells tobacco to a minor.—P. Burwell Packet.

At the residence of her aunt, Mrs. Williamson, 124 Hamilton Place, Aberdeen, on the 13th June, by the Rev. J. Lumsden, B.D., minister of Grange, assisted by the Rev. Maxwell J. Wright, St. Ninian's Church, John L. Leslie was united in marriage to Annie Williamson, third daughter of the late Andrew Geddes, of Tyroneville.

A recent regulation issued by the postal department is worth bearing in mind by those having boxes. As all the postmasters are liable to make mistakes in putting mail matter into wrong boxes, this new regulation requires people to examine their mail before leaving the office, and should they find a piece not addressed to them they must return it at once or be liable to a fine of \$50. That it is the fault of the postmaster makes no difference.

Alex. Leitch has passed the examination prescribed by the Ontario Normal College, obtaining specialist standing in moderns and history. The following have been granted interim certificates, valid to teach for two years, and upon passing the final examination will be entitled to full first-class certificates: Mae Campbell, Myrtle Carruthers, Jessie Kelso, Ella Smith and G. Katzemeyer. The above students are graduates of the Dutton High School.

To protect stock from being killed or injured by lightning many farmers practise ground wiring their fences. This practice is falling into more general use each year, and when one stops to think that the ground wiring of fences is an easy matter the more we are sure the farmer will see the value in affording such protection for his stock. The plan is to put a wire down by the side of the fence posts wrap the ground wire around each wire of the fence, have it extend into the ground at least three feet. This will require eight feet of wire for each post. Place them eight rods apart, either galvanized or copper wire may be employed. Seventy-five cents or \$1.00 will be enough to protect eighty acres of pasture. Stock that are likely to be driven into fence corners or close to wire fences are in danger of being destroyed by lightning. The grounding will protect them from danger.

A. G. McIntyre has purchased the farm of the late John McAllister.

The officers of Alexander Lodge, L.O.O.F., will be installed on Tuesday evening.

Being unable to get a supply, there will be no service in the Baptist church on Sunday.

W. McLandress has sold his business in Dutton to Levi Pollard, who will take possession on Sept. 1.

The marriage took place in Chicago on July 4, of Miss Maud Edna McLean, youngest daughter of Mr. and Mrs. Neil McLean, formerly of Dutton, to Mr. Frederick P. Bowles, of that city.

A meeting of the Caledonian Society will be held in the Sons of Scotland lodge room on Monday evening for the purpose of considering the holding of games this season. A general desire is expressed that the popular sport should be revived and it is therefore urged that the meeting be well attended.

At a meeting of the High School Board on Monday the following teachers were engaged: Edmund J. Wetley, B.A., of Warkworth, mathematics; Miss Gertrude Fringle, B.A., Whitby, classics; Miss Ethel Gibson, B.A., Cayuga, moderns. Thirty-six applications were received for the various positions.

After a prolonged illness Mrs. Peter D. McCallum died at her home in Dutton on Friday at the age of 44 years. The deceased was born in Aldborough and resided in the vicinity all her life. Besides her husband she is survived by one son and one daughter, also her parents, Mr. and Mrs. Arch. Montgomery, who reside at Reston, and two sisters and four brothers. The funeral took place on Monday to the Kerr cemetery and was very largely attended. The services were conducted by her pastor, Rev. D. I. Ellison, the bearers being Arch. McMurchy, G. Gilchrist, Dan McKay, Arch. McCallum, W. Thomson and C. McCallum.

DUTTON COUNCIL.

Minutes of a regular meeting of the council of the village of Dutton held on Monday evening.

A communication was read from Chas. E. Doyle, resigning the office of councillor.

Paton—Kendall—That the resignation of C. E. Doyle be not accepted.—Carried.

Mr. Doyle, since his resignation was declined, took his seat at the council board.

The session was mainly taken up with the consideration of tenders for the construction of cement sidewalks. Four tenders were received, the prices varying from 18¢ to 8¢ cents a foot.

Tenders were received from Forest City Paving Company, London; The Maple Leaf Artificial Paving Stone Co., Simcoe; The Silica Barytic Stone Co., and A. Braydon, of Highgate. The Maple Leaf Co. offered to bear the expenses of the members of the council to inspect their work in Waterford, where three other companies have built cement walks, and accordingly it was decided that the reeve, Dr. Paton and C. E. Doyle go to that village.

No tender was accepted until after the inspection of the walks at Waterford.

Kendall—Doyle—That Dr. Paton interview the Superintendent of the P.M. with regard to having 50 to 75 cars gravel brought to Dutton.—Carried.

Kendall—Paton—That the clerk notify the Telegraph, Telephone and Electric Light Companies to remove poles along the line of the proposed sidewalks.—Carried.

Kendall—Paton—That the committee on the Taylor drain procure the necessary tile and have same placed in the ground.—Carried.

The following accounts were paid and orders drawn on the treasurer for the same: W. Smith, \$1 loads gravel, \$22.50; W. J. Welch, 30 loads gravel, \$22.50; S. R. Mateer, salary for June, \$37.50; J. D. McCallum, assisting engineer, \$1.25; John Graham, assisting engineer, \$1.25. The council adjourned to meet on Aug. 7.

BASEBALL.

Chatham Has Revenge—The Home Team Shut Out

Chatham had their revenge in the return match played here on Tuesday. The visitors brought with them an aggregation that it was simply impossible for the locals to down. Depew, who was with the disbanded Simcoe team, was on the slab, while O'Keefe, of Bothwell, did the backstop work. It is stated that the visitors were also reinforced by players from Wallaceburg. Dutton was assisted by Ratley and Peacock. Through errors the visitors made one run in the first. In the third Hicks struck a fly to left field. The sun dazzled Hales' eyes and the ball passed through his hands, hitting him in the eye and two men scored. Hales had to retire from the game and his place was taken by W. Smith. The visitors did not score again until the sixth, when two runs were made, followed by a like number in the seventh, which made their total 7 and which was not increased. The locals did not hit the Simcoe pitcher very hard and third was as far as any was allowed to go. Duncanson pitched a good game, and with the exception of one or two errors, the locals played well. They were simply up against a stronger nine. Special features of the game were the running catch by Peacock and a phenomenal left handed catch in centre by Duncanson. The score:

Chatham.....1 0 3 0 2 2 0 0—7
Dutton.....0 0 0 0 0 0 0 0—0

The New Local Master.

St. Thomas Times—Ex-Mayor C. F. Maxwell has been appointed local Master in Chancery to succeed the late Robt. Miller. Mr. Maxwell is at present chairman of the West Elgin board of license commissioners, but it is not likely that he will resign his position, as the duties will in no way conflict with those of his new office.

The Lusty-Lamont 'Hoss' Case Settled

The above case, which was first tried at Rodney at the March sittings of the division court, resulted in a mistrial, the jury deciding that "a hoss case is a hoss case." Upon the application of the plaintiff, His Honor Judge Colter granted a new trial, which took place in this village, when the jury awarded Mr. Lusty \$30 damages. His Honor Judge Ermatinger ruled that this also carried the costs of both trials, and upon application being made by the defendant for a new trial the same was refused. Mr. Lamont has paid into court the amount of claim and costs, in the neighborhood of \$85, and in the language of diplomacy "The incident is closed."

Dr. Owens, eye, ear, nose and throat specialist. Next visit to Dutton Tuesday, July 18, at McIntyre House.

A Scottish immigrant named Alex. Anderson cut his throat on the C. P. R. limited near Dexter, and is now in Winnipeg hospital. He said he threw a pocketbook containing a draft for \$500 out of the car window, but sectionmen were unable to find it.
