The Mayoralty Canvass—A Boy Crushed to Death.

Toronto, Nov. 13.—The committee having the matter in hand called on Mr. E. B. Osler yesterday and presented him with a list of 2,000 signatures to a petition that he should be a candidate for the mayoralty. Mr. Osler has decided to enter the field.

At a meeting of the Ratepayers' Association Executive last night a resolution was passed condemning the candidature for the mayoralty of any man who is a director of a railway company, the resolution being aimed at Mr. E. B. Osler.

A young boy named John Sinclair, residing with his parents at 94 Ulster street, met his death yesterday in Yonge street market. He was found by a caretaker jammed between the elevator and the wall in the basement of the building, and when released his neck was found to be broken. It is not known how the boy came to be there. Attention was drawn to him first by a whining of a dog that belonged to the lad.

Lewis Morrison is to play a piece now being written for him by Joaquin Miller. It is to be called "The Red Shield." "The Showman's Daughter" is the title of a comedy in three acts by Frances Hodgson Burnett that has just been acted at the Theater Royal, Worcester, England. A new play by Jerome K. Jerome called "The Counselor's Wife" has been accepted by Charles Frohman, who will produce it before the end of the season.

Maggie Clins, the Hibernian vocalies of Tony Pactor's show in New York, says she is a living instance of the power of women in politica. "I didn's vote," says she, "but my song, 'McCorniok's Irish Flats, 'swelled Governor Flower's plurality 1,007 votes. I know it because I have received that many letters from people who claimed to have voted for him through hearing me sing it, and they all want my influence for places ranging all the way from a job on the big pipes to head clerks of departments." Here is a hint for campaign managers in Canada.

Rats Root Up Everything.

PANAMA, Nov. 13.—The southern provinces of Ayacucho, Parinachohas and Lucanas departments, and as far north as the Province of Andahuaplas, Peru, a terrible plague of rats, called icuchas, has made its appearance, and the inhabitants are in a perfect state of consternation. The little brutes root up everything in the farms, and destroy whole plantations of grain, not leaving even a blade of grass to be seen in the pastures and fields. Wherever they pass they leave on the earth a new layer of very find dust. The natives, to save what little they have in their granaries, keep watch all night and light fires around the houses, thus keeping off the rats.

Those exposed to imminent danger and sudden casualties, like Mr. Aitchison, Hamilton, Ont., Fire Department, know the full value of the great remedy. He says he met with a serious accident, injuring his back and shoulders in a terrible manner, but by the use of St. Jacobs Oil he was completely restored. It is the best.
