## LOCAL DELEGATES ARE POSITIVE HARBOR WILL BE IMPROVED

Ottawa Deputation Ar- CRIPPEN'S EXECUTION rived Home From the Capital This Morning.

### **GOVERNMENT LENT** EARNEST EAR

Five Members of the Cabinet Were Interested Listeners When Delegates Produced Their Facts.

That the members of the deputation to Ottawa, in regard to Port Stanley hargor, are satisfied with the results of their labor none can deny. It is very seldom that any party go to Ottawa and come away satisfied that their requests will be granted. There are generally so many vague promises given that the delegates take some time to figure out exactly where they

But the local deputation are satisfled, not only with the results of their own labor, but with the attitude of the ministers.

It is no small honor to have the request of any one district honored by bank tellers. In Brantford and Tofive of the leading members of the cabinet put themselves out to listen to a request for improvements it must be indeed an important matter. That was the case yesterday, when Hon. Messrs. Pugsley, Graham, Paterson, Murphy and Aylesworth came to listen to the deputation from the city of London and vicinity.

It was more convincing that at the end of the interview practically all the ministers declared that they would put no stone in the way of the deputation securing what they desired. Deputation Proud.

"You have a very fine, bright lot of men with you," said Hon. Dr. Fugsley to The Advertiser representative. "I to The Advertiser representative. have rarely had the privilege of interviewing a deputation who had their matter so well prepared, and who presented it in so pleasing a manner. All went straight to the point, and none made long speeches."

It must be said that every member of the deputation presented his vieworatorical trimmings. Each went straight to the important

clearly and with force. Old newspaper men and members of

the House of Commons unite in saying zation until yesterday, left Chicoutthat no deputation, save perhaps the Millers' Association, has created so ing, where they will arrive at 7 favorable an impression as the London o'clock tonight. Both are well, not-Millers' Association, has created so deputation. It was one of the finest I have ever

introduced," said Duncan C. Ross, M. They have received many messages of P., Strathroy. "I have presented several, but none commanded the respect and the hearing shown the present deputation. They did themselves

"There can be no criticism offered," said Major Beattie, M.P. "All the speakers acquitted themselves nobly. It looks most favorable for us." It is quite certain that something will be done to make Port Stanley one of the best harbors along the Lake Erie shore.

It may be that it will take some time Fred Bartlett, Aged 11, Is Supto work it out. No person on the deputation expects that \$640,000 will be in one year. If the work is completed in ten years there will be no complaint. But the consensus of opinion is that something will be done, and that soon.

"I am sure that something will be done by the Government," said Mr. J. I. A. Hunt, one of the speakers. "It may not be within one year, or two, but if the work is completed say innot been in vain."

Much stress is laid by the deputation on the assurances of Hon. Chas. Murphy and Hon. Geo. P. Graham, that the matter was investigated, and it they will take a deep interest in the matter. Hon. William Paterson was most interested in the whole discussion, and was greatly impressed by

that I am convinced that the deputathat I am convinced that the depute boy, and wore a gray suit with tion was most valuable," said Mayor trimmings and a small peak cap. Beattie. "Every speaker who addressed Dr. Pugsley touched a most vital question, and all acquitted themselves with credit."

The speaker who created as much interest as any who addressed the ministers was Mr. Nate Cornell, of knows sailing from start to finish, he made a special plea to the ministers for protection for the sailors on Lake

[G. N. W. Dispatch.] Detroit, Mich., Oct. 27.-David A Gordon, member of the Dominion Parliament for Kent County, has commenced suit here against Frank and Marion O'Neil, of Zanesville, O., for \$2,500 he claims to be due him from the proceeds of the sale of a license covering a patent on three glass manufacturing machines invented by Frank

#### MOUNT BRYDGES PLUM TREE SLIGHTLY MIXED

Is Getting Ready to Bloom, Despite Approach of Winter.

Constable B. W. Fisher, of Mount Brydges, has a garden that has apparently been misplaced by nature. While other trees throughout this part of the country are shedding leaves in bunches, a plum tree on the premises of Mr. Fisher is commencing to bloom, and it is expected that short time the owner will be picking fruit out of the snow. He has also raspberry bush in bloom, and wellcovered with ripe and ripening fruit few days ago one of his neighbors brought in four boxes of berries to the London market, and sold them at the rate of 25 cents apiece.

### SHOT DEAD

Italian Kills Man Because He Kept on Whistling.

[Special to The Advertiser.]
Fort William, Oct. 27.—T. Waugh, Scotchman employed in the G. T. P. camp at O'Brien, near Sturgeon Lake, was shot dead by an Italian on Tuesday night because he refused to stop whistling. Police are in pursuit of the Italian.

### SEVEN DROWNED

Newfoundland Fishing Schooner Lost With Entire Crew.

St. Johns, Nfld., Oct. 27.-News reached this city today of the loss of eral hundred crates remained on the the Newfoundland fishing schooner Golden Arrow, together with her entire crew of seven men. The wreck occurred yesterday in St. Mary's Bay, 70 miles southwest of St. Johns. During a heavy gale and thick weather the schooner stranded on the rocky beach, the crew perishing in an attempt to find a landing place.

SAW A BALLOON. Fort William, Ont., Oct. 26 .- A. C. Guerard, a mail clerk on the C. P. R. running into Fort William from the east, reports that last night while his due north at a height of about a mile. city.

## RAILWAYS RACING FOR WESTERN TRADE

Construction Fight Between the Canadian Pacific and Canadian Northern -Railway.

## DEVELOPING TERRITORY

Extensions Being Pushed in New Districts to Handle New Trade.

Victoria, B. C. Oct. 27.-A race railway construction unprecedented in the history of the Canadian West, is foreshadowed by announcements just made by President William Mackenzie, of the Canadian Northern Paago, and whose funeral was in this cific, on the one hand, and President Sir Thomas Shaughnessy, of the Canadian Pacific Railway, on the other, the field of rivalry being Vancouver Island, control of its resources and INSTEAD OF POOR trains being the rich prize sought. The advantage of priority in pos-

session through its recent acquirement, of the Esquimalt and Nanaimo Railway, and the million and half acres of land grant which that railway carried lies with the Canadian Pacific Railway, but the Canadian Northern Pacific on the other hand is assisted in its colonization and development programme by the province, which has guaranteed the interest on the company's bonds at the rate of \$35,000 per mile from the eastern boundary of the province, to its terninal on the west coast of Vancouver

Construction of the mainland sections of the Canadian Northern Pacific is already under way, but the selection of the route from Victoria to the west coast of the island has been unavoidably deferred, until now, owing to the paucity of dependable information regarding physical condi-causes or strangulation, pending an tions and possibilities in respect to autopsy. the development of traffic. Many New Lines.

The line from Victoria to Barkley Sound which has been accepted by Premier McBride, provides for the construction of one hundred and fiftythree miles, instead of the one hunared miles provided for under the legislation covering the bond guarantee, the location survey shows a maximum altitude of seven hundred and fifty feet, and maximum gradient of 1.5 p.c., and a comparatively easy rise and fall.

The route is from Victoria via Esquimault, Pedder Bay, and Mathiesen Lake to Sooke Harbor, thence up ing that lake on the northern side, and an uprising, which they alleged Coleman Creek Valley to Upper Bark- vincial authorities. ley Sound and skirts Alberni Canal to Alberni town.

It is later proposed to strike northerly for Alberni via Comox Lake and Bute Lake, "the Heart of the new Provincial National Park," to an ultimate northern terminus at either Hardy Bay or Quatsino Sound. The first section of the Canadian Northern Pacific from Victoria to Alberni, invades for a considerable distance the territory included in the Canadian Pacific Railway's land grant but wherein, curiously enough. President Mackenzie, of the Canadian Northern Pacific, and his associates have the greatest interest through
