It is a sign of the haste and desperation of the age; playlets instead of plays, and for heaven's sake don't make us think too much! One might almost say that the tendency of the age is not to think at all; for the closest and most formidable rivals of the music halls are the Picture Palaces.

EFFECTS WERE THE UNION TRUST COMPANY LIMITED

Annual Meeting of Shareholders

The Annual General Meeting of the Shareholders of The Union Trust Company, Limited, was held at the Company's offices, Bay Street, Toronto, on Thursday, the 1st day of February, 1912.

The following Shareholders were present:-Mr. Charles Magee, Hon. E. G. Stevenson, Messrs. E. E. A. DuVernet, K.C., H. S. Strathy, H. H. Beck, Dr. J. H. McConnell, Messrs. George S. May, Ottawa; S. F. Lazier, K.C., Hamilton; Professor Mavor, Messrs. Henry F. Gooderham, G. H. Muntz, W. H. Hunter, M. McLaughlin, W. Harland Smith, W. B. Raymond, J. K. Brodle, D. C. Ross, J. M. McWhinney, and G. A. Kingston.

The chair was taken by the President, Mr. Charles Magee, and the General Manager, Mr. J. M. McWhinney, acted as Secretary.

The Annual Report to the Shareholders was then read, as follows:-

Eleventh Annual Report of the Board of Directors December 31st, 1911.

Your Directors have pleasure in submitting herewith the Eleventh Annual Report

of the Company's business for the year ended December 31st, 1911. The net profits for the year, after payment of Interest on Guaranteed Investments, cost of management, galaries, fees and expenses of every kind, amounted to \$200,764.94. This sum, together with \$81,776.56 brought forward from the preceding year, makes a total of \$222,541.50, out of which there have been paid four quarterly dividends at the rate of ten per cent. per annum. The sum of \$150,000 has been added to the Reserve Fund, which now amounts to \$750,000, leaving a balance carried forward of \$32,541.50.

A daily audit of the Company's Accounts has been maintained throughout the ar, and a copy of the Auditors' Report is attached to the Statement. The Comny's securities have also been inspected by the Inspection Committee appointed

Owing to the rapidly increasing business of the Company's Western Branch at Winnipeg, and the necessity for more suitable offices, a site for an office building has been purchased in the City of Winnipeg, and the erection of a modern office building has been commenced. The ground floor will be occupied by the Trust Company, and will include Safety Deposit Vaults of the most modern construction.

A By-law increasing the number of Directors of the Company from twelve to fifteen will be submitted for your approval. All of which is respectfully submitted.

CHARLES MAGEE, President.

A. C. NEFF, F.C.A. f Addrors.

In moving the adoption of the report, the President, Mr. Charles Magee, said:—

I have much pleasure in moving the adoption of the report that has just been read, and which I have no doubt will be received with satisfaction by the Share-holders of the Company.

A comparison of the statement with that of preceding years shows that the profits for the past year amount to \$200,784.94, being ever 20 per cent. on the Paid-up Capital, and larger than any preceding year. After payment of a Dividend of 10 per cent., \$100,000.00 has been added to Reserve Fund, which is now 75 per cent. of our Capital, and \$32,541.50 has been carried forward to next year.

The profits of the Company show a steady increase, the figures for the past five years being as follows: years being as follows:-

8 follows:—
1907 \$111.154 \$1
1908 126,245 79
1809 167,044 04
1910 194,477 67
1911 200,764 94

This satisfactory result may in general terms be stated to be fine to the increased volume of the Company's business in its various branches, brought about by successful and economical administration by the management and directorate, and I wish to bear testiment to the faithful co-operation of the different members of the steff in the performance of their various duties.

You will notice that the Capital Account shows an increase of \$102,941.49 over last year, and the Guaranteed Funds an increase of \$887,498.99—the total amount of our Assets, Trust Funds and Estates showing a small increase ever last year. This would have been much larger but for the reason that some very large estates in the Company's hands arrived at the period of distribution during the year; While this materially reduced the amount in our hands on this account, nevertheless it is a fact that we received a large volume, both in numbers a d value, of new estate business during the year, the general result, therefore, as to this branch of the business being very satisfactory.

very satisfactory.

In addition to the above, I might say that we have also acted as Trustee for the bondholders in a number of large bond issues, which are not included in the above

As has been mentioned in the Report, the growing importance of our investments and trust business in the Western Provinces has forced upon the Board the necessity of procuring increased and more central office accommodation for the Winnipeg Branch, where our Western loaning business is largely directed from, and in June last we purchased a prominent site on the corner of Main and Lombard Streets, in the City of Winnipeg, and have commenced the erection of an office building of the highest type of fire-proof construction, the contract for which has been given to Fuller & Company, the well-known builders, and is expected to be completed in November next.

The General Manager, Mr. J. M. McWhinney, in reterring to the progress made by the Company as shown by the figures presented, said:—
Outside of those who are intimately connected with Trust Companies, there are many people who have only a vague conception of the various duties which the Trust Company performs, and the many ways in which it can be of service in undertaking work for which only a few years ago no adequate agency was available.

By far the largest part of our business is, of course, the investing of our own funds and the funds of customers for whom we act. You will notice from the report that we have invested funds of our own to the amount of \$1,587,707, and funds of customers specially deposited with us for investment to the amount of \$5,509,496, in addition to which there are the investments belonging to or made by us for Estates of

A PRODUCE PRODUCES TO THE WALL

which we are Executor, or act in some other fiduciary capacity, and I would especially draw the a rention of the Shareholders to the fact that of our Paid-up Capital of \$1,000,000, over \$220,000, or nearly 93 per cent., is invested in mortgages and other se-

curities on real estate?

You will be glad to observe that the Company's business in this Department as the agent for the investment of money is rapidly increasing. The guarantee of the Company as to the investments made by us, the prompt payment of interest to the investor at stated periods, and the satisfactory rate of interest paid, together with the moderate fee charged for our services, is being recognized as being far more satisfactory than any result that can be obtained by other agencies having neither the experience nor facilities for securing investments of undoubted security at satisfactory rates of interest. curities on real estate.

the experience nor facilities for securing investments of undestructure factory rates of interest.

As an evidence of the care exercised by the Company in the selection of mortgages, I may say that out of applications for loans aggregating \$2,536,687 received during the past year at Toronto and Winnipeg, loans amounting to \$752,767 only were accepted, the others not coming up to the Company's standard, and in every case the property was inspected by the Company's own inspector before the fundary paid and were paid ent.

I am glad also to be able to report that our Trust Department, having charge

I am glad also to be able to report that our Trust Department, having charge of Estates of which we act as Executor, Trustee, etc., shows marked gains during the year. This branch of the work receives the most experienced and careful attention, and we are constantly receiving advice that our Company has been appointed Executor, and in a large number of cases the wills are being sent to us for safe

A very interesting article recently appeared in the newspapers of the work performed by the Public Trustee in England. This article in particular referred to his being the "affectionate and personal guardian of the orphan as well as the director of his finances." But I doubt if even the Public Trustee in England has the opportunities for doing good or for performing the services that the Canadian Trust Company renders to those in its care. I am satisfied that the public has no realization of how often the Trust Company is called upon to exercise the human side in its dealings with infants and others whose estates are in its hands.

Our Trust Investment Accounts in particular show rapid growth during the year, especially during the last few months, since we have occupied the new quarters on the ground floor of the Temple Building. The number of accounts shows an increase of 57 per cent. over last year, and the amount of funds has increased by 18 per cent.—results at the Winnipeg Office are also as satisfactory. Our Safety Deposit Vaults show an increase of 22 per cent. in the number rented, and an increase of 15 per cent.

cent. in the gross rental.

cent. in the gross rental.

Most satisfactory progress has also been made in the business of the Real Estate Department. The Company's profit, as you are aware, is derived from the amounts received on the sale or rental of real estate, and I have reason to believe that the efficient service rendered is appreciated by the Company's many customers.

The policy established by the Company some years ago of keeping its own funds and the funds of which it is Trustee entirely separate and distinct is strictly adhered to, and separate bank accounts are kept for each fund.

The Report was seconded by Hon. E. G. Stevenson and adopted.

Sir George W. Ross and Mr. W. H. Hunter were appointed members of the Inspection Committee, and Messrs. Charles B. Niles and A. C. Neff, F.C.A., were appointed Auditors of the Company.

The following were elected Directors for the ensuing year:—Messrs. Samuel Barker, M.P., H. H. Beck, T. Willes Chitty, E. E. A. DuVernet, K.C., Henry F. Gooderham, Right Hon. Lord Hindlip, Messrs. Charles H. Hoare, S. F. Lazier, K.C., Charles Magee, George S. May, Dr. J. H. McConneil, Messrs. J. M. McWhinney, H. S. Strathy, Hon. Elliott G. Stevenson, Sir George W. Ross.

At a subsequent meeting of the Directors Mr. Charles Magee was elected President, the Hon. Elliott G. Stevenson and Mr. E. E. A. DuVernet, K.C., Vice-Presidents of the Company.
