## ALL CANADIANS COMMEMORATE ARMISTICE DAY

### Cease Work for Two Minutes' Silence in Honor of Heroic Dead.

### HOLD MEMORIAL SERVICE

### Military and Civil Ceremonies Feature of Day in Most Centers.

Toronto, Nov. 11.—Commemoration of the fourth anniversary of Armistice Day was probably more general today throughout Canada than on any previous occasion since the memorable November 11, 1918. The two minutes' silence in honor of the heroic Canadian dead was the principal feature of the celebration in all parts of the country. Railroads, telegraph systems, factories and stores, stayed their operations in respectful memory of the fallen.

### GREAT BRITAIN REMEMBERS.

LONDON, Nov. 11.—With solemnity that is heightened rather than diminished by the passage of years, Great Britain today rendered homage to those who gave the most that man can give—his life itself, in the great conflict which ended four years ago with the signing of the armistice in the battle-scarred forests of Compiègne.

### CELEBRATE IN MONTREAL.

Montreal, Nov. 11.—Armistice Day celebrations in Montreal began this morning at 10:45 with the unveiling on Dominion Square of the cenotaph, erected by the Imperial Order Daughters of the Empire. The ceremony was performed by Admiral W. S. Sims, L. S. N., the recently returned recipient of the honorary degree of doctor of laws from McGill University, and by Sir Arthur Currie, principal of that institution. After the unveiling, the latter placed a wreath at the foot of the cenotaph.

### BRANTFORD OBSERVES DAY.

Brantford, Nov. 11.—Armistice Day was commemorated in Brantford by the two-minute silence and by two special services.

### DEAD BABY COMES TO LIFE AFTER MANY HOURS PASS

Physicians Attribute Apparent Miracle to Suspended Animation.

Oakland, Cal., Nov. 11.—To suspend animation, physicians Friday attributed the death of a baby to the return to life of the 16-day-old daughter of Mrs. George Kuyano, an undertaker's shop several hours after she had been pronounced dead.

### SIMS REFUSES TO "SPILL THE BEANS"

Montreal, Nov. 11.—"Holy smoke," said Admiral W. S. Sims, L. S. N., retired, who arrived in Montreal Friday for a brief tour of Quebec and Ontario, when asked to comment on the refusal of the United States to participate in European diplomatic conferences. "Do you want me to spill the beans against it? I hope you know what spilling the beans means—I do."

Continuing in a more serious vein, he said: "The only thing that will bring about the end of these terrible world wars will be the pressure of the disgust of a world against savagery and carnage. It must be that—pressure of disgust."

## LONDONERS REVERENTLY HONOR DAY OF VICTORY

### Gather in Victoria Park, Where Speakers and Military Give Thanks to Providence and Do Homage to the Memory of the Dead.

### CITY INDUSTRIES MAINTAIN SILENCE

In commemoration of Armistice Day, inspiring memorial services were held Saturday morning in Victoria Park, where staff officers from this military district, members of the permanent force, and the R. C. R., the Boys' Naval Brigade, and cadets, paraded to the park and formed a three-sided square, directly north of the monument. The Very Rev. Dean Tucker, who gave the memorial address, recalled the spirit of the men who gave their lives and their services during that great struggle. He told of their deeds, and the great sacrifice of their dependents. To Providence, he gave thanks for victory, saying that very often he alone saved the situation, after all human hope had disappeared.

### DEEDS UNQUALIFIED

"The blood-soaked fields of Gallipoli, in glorious memory of the Anzacs; Verdun, to the glorious memory of France, whose motto was 'They shall not pass'; the first battle of Ypres, to the memory of the British—where human endurance was tested to its limit; the men who fought the submarines on the high seas; then the eternal glory of the Canadian Corps—St. Julien—where they showed their heroic mettle; Vimy Ridge, Amiens—all in these—we remember the deeds of the men who equalled in heroism and self-sacrifice."

### DEEDS UNQUALIFIED

"The Jews remember from age to age their deliverance from the land of bondage. The men who were called to remember our deliverance from a far greater bondage. The symbols recalling the poppies that grew in Flanders, the money received from the sale of the little flowers will go to help the ex-service men and their dependents."

### WETS PREPARING TO FOLLOW GAINS

### Campaign Will Open to Permit Making and Selling of Beer and Light Wine.

Washington, D. C., Nov. 11.—Imbued with high hopes as the result of "wet" gains in the congressional elections, Liberal members of congress will hold a congress shortly after the start of the special session, November 20, to lay plans for an organized campaign for modification of the Volstead act, to permit the manufacture and sale of light wines and beer. This was learned today with the return to Washington of Representative Linkham of Boston, one of the wet leaders in the house. Linkham predicted success for the "modificationist" movement after the 1924 elections. "Tuesday's elections loudly showed," he declared, "that the people are near a revolt against the drastic provisions of the Volstead act."

### HIKE TO SAGE'S FARM IS ON THIS AFTERNOON

The weekly hike of the Trail Rangers and "Prep" boys of the London Y. M. C. A., will be held this afternoon on Sage's farm, under the direction of Wilfrid Spearman, assistant boys' secretary. Mr. Spearman is making preparations for about fifty lads, and has promised something novel in the way of games and entertainment.

### TWO MEN MISSING AFTER EXPLOSION ON STEAMER

Chester, Pa., Nov. 11.—The steamer J. N. Tew, in drydock at the Shipbuilding Company here for repairs, was damaged to the extent of \$500,000 by an explosion early today.

### ONE KILLED, MANY HURT WHEN GAS EXPLODED

Chester, Pa., Nov. 11.—One man was blown to pieces, one is missing, two were seriously injured, and sixteen others were slightly injured when gas that had accumulated in the pockets of the Tanker J. N. Tew in drydock at the Sun shipyard here exploded early today. Acetylene torches, which were being used by the twenty men working in the tanks for burning off rivet heads, fired the heavy gas that had been generated by oil.

## GREAT BRITAIN MUST REFORM DIVORCE LAWS

### Public Feeling Will Force the Issue Into Parliament During Year.

### CALL FOR EQUALIZATION

### Church of England Refuses to Permit Re-Marriage of Parties.

LONDON, Nov. 11.—(Canadian Press Cable).—Divorce reform is almost certain to be one of the things pressed upon the Bonar Law government if it survives into the regular session of parliament next year. Interest in reform has been stimulated during the campaign by two notable cases.

### DENIES FEWER PUPILS ATTEND

### Authorities Point to Increase of Pupils in Public Schools.

Local school authorities take decided exception to the report Friday with respect to the alleged decrease in public school attendance, and the following statement was submitted: "In the Board of Education Annual Reports for Public Schools, enrollments are given in two ways: (1) total annual enrollments are given for each year in one part of the reports, while (2) in another part of the report September enrollments for the year are given. By annual enrollment is meant the sum total of pupils whose names appear on the school registers during the month of September. Correct comparisons can only be made by comparing annual enrollments exclusively, or by comparing September enrollments exclusively. In no case can a correct conclusion be reached by comparing a September enrollment of one year with the annual enrollment of the next year. The latter method has been used in giving publicity to an erroneous statement."
