SHALLOW WATER IN THE BAY.

Dredging Must Be Commenced Immediately or the Ferries Will Run Aground. The water in the Bay is getting s shallow that it is sometimes difficult for the ferry boats to reach the Island with-out grounding at least once on the trip. Directors of the ferry company met yesterday afternoon, and after discuss-ing the matter decided that dredging must be commenced immediately, and they will see that such is done and ar-range with the city afterwards as to the payment, as there is no city appro-priation in the hands of any of the comnittees for dredging a channel to the

The Harbor Commissioners do not think they are responsible, claiming that the ferry business does not class as naviga-tion. However, the work will commence

Fifty more handsome park seats were taken over to Hanlan's yesterday and have been placed on the grounds. The new shades for the convenience of picnic parties are being erected at different parts

of the Point.

Many of the flyers were on the bicycle track yesterday afternoon, among them being Harley Davidson, Angus McLeod, Sam Gibbons, Harry McKellar, the Hulse boys, McIntosh and others. There was very little wind and some fast time was

made.
Everything is ready for the Grocers' bicycle meet to-day. Last night a large number of visitors crossed the Bay. The Band of the Q.O.R. supplied the music at Hanlan's, To-night the Kilties' Band will be in attendance. In a heavy fog and a strong wind the Macassa ran ashore on the sand bar, when nearing the western gap at half past ten yesterday morning. Two tugs went to her assistance, and, after workwent to her assistance, and, after working hard for nearly two hours, dragged the boat into deep water, when she proceeded to Yonge-street wharf and soon afterwards returned to Hamilton-The passengers aboard took the matter very calmly, the only thing bothering them being the loss of time consequent upon the accident.

A more than usual interest was felt in the monthly meeting held yesterday in the Canadian Institute of the York Pioneers. It was June 4, George III.'s Pioneers. It was June 4, George III.'s birthday, the old training day for the Canadian militia, and many of the members had attended those gatherings. Rev. H. Scadding, D.D., presided, and among those present were Messrs. W. H. Merritt, St. Catharines; Dr. W. Canniff, Muskoka; W. Helliwell of Highland Creek and many more. Amusing reminiscences were given of old militia days by some of those who were in the room, and the of those who were in the room, and the audience greatly enjoyed hearing them.

Mr. Charles Durand delivered an adess on his recollections of Canada since 1820. He was attentively listened to and warmly applauded when he sat down.

San Francisco, June 4.—Edward P. Carpmeal, son of a wealthy Londoner, and lately a medical student here, has sailed from New York for England, deserting his wife and two children, leaving the family destitute and the wife in the County Hospital sick. Some time ago, it is alleged, he tried to have her proved insane, without effect. He wrote from New York May 22, saying he would never see his family again.

London would buy stocks freely to-day, but although quotations came slightly above parity there was only moderate buying by foreigners. Disappointment in regard to this affected railway stocks, causing some liquidation by traders who were long for a turn. The volume of busi-ness was not large and decline only frac-tional. Good rains again in the Northwest and the present outlook for crops west of the Mississippi River, from which territory the railroads get their big haul, seems quite promising, with the exeption of winter wheat in the southwest Much irregularity prevailed in Industrials.
