FAR AND NEAR

Ulster's new parliament is now in session.

The total area estimated to be sown to wheat in Canada for the harvest of 1921 is 18,654,100 acres, according to preliminary estimates issued today by the Dominion Bureau of Statistics. Last year's final estimate was 18,232,374 acres. and the average if five years from 1915-1919 was 16,342,969 acres. The estimate for fall wheat is 709,100 acres for this year, and the area under spring wheat 17,945,000 acres.

Sentiment seems to be growing in the country districts against the proposed system of inspection of public schools by school nurses. At a meeting of the U.F.O. Executive Committee for West Middlesex, steps were taken to form a political association for federal election purposes, and various current topics were discussed among them the proposed system of inspection of schools by school nurses. The executive placed itself on record as being opposed to inspection by school nurses, but were favorable to inspection by the regularly appointed medical health officer of the various townships.

Auto picnics on the Sabbath day are said to be more expensive than auto roads. There is the thermos bottle, the pressed chicken, the local option beer, the dainty baskets, the bread and butter, the ham, the cakes the relishes and the dainties, the torn garments, the soiled shoes, the broken parasols, the neglected duties, and the spiritless Mondays. These things are a greater economic strain than the good roads.—Port Rowan News.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Mrs. W. Beesley, Mille Roche, Ont., writes: "I have used Baby's Own Tablets for the past eight months and would not be without them. I used them for indigestion and teething and my baby is cutting his teeth without any trouble whatever. I can highly recommend the Tablets to other mothers." What Mrs. Beesley says thousands of other mothers say. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus driving out constipation and indigestion and making teething easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

LAWN SOCIAL LIGHTING

Be convinced that Delco-Lights at that Lawn Social will repay you many times. We make a specialty of this work. Try it and see for yourself. Phone 93, Watford.—F. H. JUST, Delco dealer. 3-3t

NOTICE TO CONTRACTORS

Pursuant to the requirements of the Canada Highways Act, sealed tenders marked "Tender for Contract No. 245" will be received by the undersigned until 12 o'clock noon on Thursday, July 7th, 1921, for Concrete Culverts on the Provincial Highway in the Twp. of Bosanquet.

Plans and specifications may be seen on and after Thursday, June 16th, 1921, at the office of J. M. Empey, Resident Engineer, St. Mary's, Ont., and at the office of the undersigned.

A marked cheque for $500.00 or a Guaranty Company's bid bond must accompany each tender, and a bond for ten per cent. of the Contract Price will be required when the Contract is signed.

The lowest or any tender not necessarily accepted.

W. A. McLEAN,
Deputy Minister of Highways, Ont.
Department of Public Highways, Ontario, Toronto, June 14th, 1921.

ANDROCK CORNER

The ANDREWS WIRE WORKS OF CANADA LIMITED

Miss Ila Cook's name has been added to the list of those now having their vacation.

Miss Veleria Routley has recovered from the accident received last week, and is now able to be back at work again.

Our new window shades in the office have proven very satisfactory and we are now contemplating securing similiar ones for the east windows in the new factory.

On Friday, June 3, our shop was closed to do honor to His Majesty King George on His Birthday. Although there was quietness in the factory, not far away could be heard the continual Clank! Clank! of the hoe in an effort to dissolve the great lumps into which Old Mother Earth had formed herself. Now we would not by any means want you to think that we are insinuating that the weilders of these weapons are not patriotic for no doubt they believed, and rightly so, that by sowing seeds which in due time will grow into vegetables, they would honor the King by helping to feed the thousands under his sway.

How about the picnic? Everybody seems to be "looking" this question if not actually putting it into words. Well, as intimated last week everything was to be run by Committees appointed for the various tasks and of course the first thing we naturally all await is the report of the committee in charge of the selection of the site. Of course, when the committees were appointed it was unanimously agreed by all that our Manager and Superintendent, in due recognition of their position should be allotted the nice easy task of selecting the site, so Monday morning every body eagerly awaited their decision which all felt so sure would be the result of their expedition Saturday afternoon. But meagre indeed are the details of this little pleasure outing in connection with the nice easy task. There are rumors, dozens of them, about two Tin Lizzies, Sand hills, Sawdust Gasoline trundled around in coffee pots and strained in handkerchiefs and dead and dying engines. When asked they reticently tell us they got pushed over a sand hill into a hole in the early afternoon and came very nearly staying there all night, and as to the possibility of taking a party of twenty or so cars for a picnic—well, we won't state in this column their expressions but put the opinion of one of the Committee Member's small sons, who sand covered, tired and sleepy said, "I don't think much of it."

Stranger:—Can you direct me to the Andrews Wire Works' office?

Urchin:—I can for a dollar.

Stranger—That's rather dear isn't it?

Urchin—Well, you can't expect me to be a Wire Works Director for nothing, can you?

Gordon Willoughby is spending his vacation in Smiths Falls and Ottawa.

Among those of our shop force holidaying this week are Geraldine Dustan, Elsie Goodman, Wm. Clothier and Lon Aylesworth. Two of our office people are also away this week—where abouts unknown.

One of our employees got a friend of his to go to Hillsboro last Saturday to camp, from the equipment taken out we all figured for a week at least but we see him home again on Monday. Now the story in reality is, they went there on wheels and carried the full camp outfit. At Forest they laid in supplies of butter, bacon, eggs, bread, ice cream cones. They had no trouble carrying the cones, on to Hillsboro. Arrived at last but the man wanted $2 tent space and boat hire was high so after finding store closed no campers there, set up camp, got burned considerably trying to fry bacon, and say, was it lonesome on that dark night? Sunday went in swimming three times morning, afternoon and evening, another dark night. Monday no funds, no fun, so came home. Ain't going camping no more!

Pat discovered standing before a window displaying a sign,"Nut Sundae," and was heard muttering reflectively, Ash Wednesday, Shrove Tuesday, Good Friday. Say this is a new one on me.

Did you hear the rumpus over on the West side of the town Monday night? What! You didn't hear anything? Well now the opening practise of the Androck Girls Baseball Team was staged on the Public School diamond. Captains Peircey and Hood chose them each an aggregation, and looking to the Sun, the Moon, the Stars, and calling on their favorite tokens of luck flipped a coin for first bat, which fell to Team Number two, and away they went. Team Number Two walloped out and raced in fourteen runs in the first innings before they were stopped in their mad rush. Number One came up, and amid stentorian shouts and frenzied screams round the merry-go-round to the tune of nine runs. Number two then, spurred by the presence of half the citizens of the West end and the mad excitement of half the small boys round about, brought their total up to 20 runs. No. one, in frenzy made a Herculean effort to clean matters up, but the insignificant little matter of catching a "fly" and at the same time closing off a runner from first base, in addition to one already out, killed their joy with only a total of eleven runs. However, after Number Two had pulled their score up to 26 in the third inning they broke away from their bad habits, cut loose, and after the Merry-go-round stopped the score read 26—26. Hurrah for our side! !

80 SUITS

J. F. ELLIOT, Auctioneer.

Despite the marked decline in wheat prices Canada has a larger acreage in wheat than last year. Unless the remainder of the season is much less favorable for growth than the weather of the past two months Canada's spring wheat crop should be about as large as that of the United Ssates—a quarter of a billion bushels.
