Many will have a painful curiosity to of T. J. Shelton, whose reckless teaching was so plainly exposed by the the following clipping from a local secular paper:

"T. J. Shelton, of Little Rock, who about a year ago declared from his pulpit that he was a second Christ, and fater on was lecked up on a charge of insanity preferred by a responsible gone on from bad to worse. He was calling .- The Watchman.

He made arrangements, expires. For their benefit we publish however, to have one of the prominent sisters of his flock accompany him on his new mission. The next step in Shelton's career was a suit for divorce brought by Mrs. Shelton, who still lives at Little Rock, the charge in the peti-tion being desertion. The petition was granted. Four or five months ago Shelton returned to Little Rock and startled the community a second time by remarrying his divorced wife. He declared this step to accord with the law and the prophets. He preached a few sermons after this, but the love for whiskey seems to have gotten the best of him, and of late he has devoted his undivided attention to securing drinks on the "bum" principle. He is to be sent to the county farm."-Standard.

> Those who fail to read the comments of the Pedo-baptist press on current Sunday-school lessons miss a great deal of fun. We are getting no little amusement out of it. Here is one of the richest we have seen however:

It is the same word used where Jesus is said to have come to the grave " of Lazarus. They had to go "down" out of the chariot to the fountain or stream. No doubt they stood in the water. Baptism is typical of the downpouring of the Holy Spirit. This is always represented as falling on the head. But this is a subject our church very wisely refuses to dogmatize upon. Let each one be fully satisfied in his own mind. Notice, however, in this case, that they "both" went down "into" the water. The one was as much in it as the other. If "into" means " plunging " in reference to the eunuch, then it necessarily means the same thing in regard to Philip. // would be a strange baptismal ceremony to us to see both the minister and the candidate link arms and dive together beneath the surface of the water.-Cumberland Presbyterian.

If any of our readers know of anything more humorous than the above in current religious literature, and will send it to us we shall be glad to publish it as an anti-cholera remedy. ## A Silly Fallacy.

The efforts of some ministers to secure popularity with young people by learn the outcome of the erratic course taking part in their games and in frisk ing about with them, strikes us as exceedingly injudicious. The idea that ministers should actively participate in the amusements of young people in order to secure influence over them, is a silly fallacy that has led some men to sacrifice the remember of Shelton's congregation, has spect of others and the dignity of their Chicago Institute for Stutterers.
