

Men of learning and social position through her services and ask for the best spiritual food which consecrated hearts and well trained intellects can bring.

Shall they have it? is the question to be answered by the young men on whom has been laid the hand of *God* for the work of the Christian ministry. An affirmative answer means years of sacrifice and toil, but toil which shall have its fruition in a broadened mind and a cultured soul, in convincing argument and a stirring gospel, in a triumphant church and a crushed infidelity, in a saved world and a glorified Christ.

G. E. ACKERMAN.

Buffalo, N. Y.

GOD IN NATURE.

We see our Father's hand in all around,
In summer's sun and in cold winter's snow ;
In verdant wood, on grassy covered ground,
In showers that fall and icy blasts that blow.
And when we see the lightning's flash and hear
The thunder's roar, majestically grand,
A heavenly voice says, "Christian, do not fear,
'Tis but the working of thy Father's hand."
