

MONTREAL MINING EXCHANGE.

The extreme dullness of the Exchange was not due so much to want of buyers as to lack of stocks. Holders are much firmer in their news and buyers are by no means prepared to follow prices up, the result is a very stagnant business. Buyers of several securities advanced their bids, which resulted in sales of California at 12, and Montreal-London at 40. For the latter stock only 38 was bid yesterday and to-day it closed at 40 bid, with very limited quantities for sale at 41. The encouraging reports from Payne Mine did not help the stock. Rich ore has been found in No. 5 tunnel and everything points to the permanency of the ore in the mine, yet only 135 is bid for the shares.

Republic was better, 121 being bid. This slight advance in bid price did not lead to sales. Any demand would put this stock up to 125.

Montreal Gold Fields sold at 14 and 14 1/2. It might be termed the soft spot on the list. Only 750 shares changed hands.

Virtue, Golden Star and other generally active issues were dead.

The West is now marketing what little Star they got from frightened holders in the thirties, and until this offering is digested, no great advance in the shares may be expected.

MORNING SALES.

Montreal-London—500, 40, 200, 40.
Montreal Gold Fields—500, 14, 250, 14 1/2.
California—500, 12.
