Dr. Laberge, W. O. Olivier and A. E. Laplante, the three French-Canadian delegates from Michigan, arrived here had an interview with the Premier in reference to the proposed migration of several thousand of their compatriots from Michigan to the Nipissing District. The deputation asked the Government to furnish free transportation for 6000 people and \$10 per head. The delegates left for Montreal to interview the Canadian Pacific authorities. They will lay their scheme before Sir Oliver Mowat.

Speaking of this district the mover of the address at the opening of the Ontario Legislative Assembly said "with regard to the settlement of the northern districts of the province, a very erroneous opinion prevailed respecting the merits of that country. It was said that while land suitable for farming purposes could be obtained, it was only to be found in spots here and there. The fact was there were immense stretches of from 50 to 150 miles in length and from 10 to 20 miles in width of most fertile agricultural land. There was a good market for all farm produce, and he felt sure that if the fertility and productiveness of this region were understood the young

men of Ontario, instead of taking homes in Dakota and Kansas, would locate in our own province."

"The 'Colliery Guardian' reports a continued rush to the Rainy Lake gold country and to the Seine River district. The talk of gold is as strong as ever, but there has as yet been nothing to show in the way of metal. One or two of the five companies operating on the Seine have begun getting out stock piles for their mills, and will be able by spring to tell whether or not they have gold enough to pay. The temperature in the region has from 45° to 55° below zero the past week.
