* Boston Wool Market.

The wool market shows a fairly good demand, according to Bradstreet's, but territory grades, which are meeting with most business, are selling at lower prices. Manufacturers are not buying ahead, but as they secure orders for woolsens they are buying the raw material, and some fair lines are being taken. The range of sales is on the scoured basis of about 44@45 cents for good lines of Montana fine medium and fine, with Utah and Wyoming at 42@44 cents and shorter wools at 40@41 cents. For lots of strictly staple wools the range is about 45@48 cents on territory wools. Oregon wools range at 42@44 cents, with best Texas and California, about the same as best territories. Fleeced wools are quiet and quoted steady. Quarter-blood unwashed and B super pulled wools are in good demand. Australian wools are firm and some fair lines are being taken. Carpet wools are quiet.

Freight Rates.

Quite a lot of grain has already been engaged by lake and rail from the west to Quebec at 5 1/2c per bushel.

There is no life to the market in grain freights, although 15 1/2d has been bid for Liverpool, the asking rate being 2s, but it is thought that 1s 9d would be accepted. It is understood that 2s 3d has been taken for London for Quebec to date. The same rate being quoted at Montreal. Glasgow 2s bid and 2s 3d asked. Grain freights, however, are slack for all ports.—Montreal Trade Bulletin.
