THE GLAD TIDINGS

THE EVANGELIZER.

Is a Monthly religious periodical published towards the end of every Month, and consists of articles original and selected, adapted to arouse and direct inquirers, and quicken God's people.

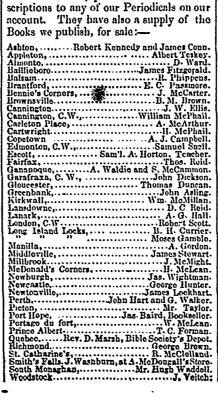

Gratuitous Oirculation.

The Evangelizer is now in its Fifth year of publication, during which we have circulated a large number gratuitously, and to assist indoing so we have received donations from Christian friends, which have been regularly and thankfully acknowledged. The amount of donations received, however, has been very small compared with the demand, and the supply for gratuitous circulation, and while we think it is of great importance to the Christian community, particularly to the back sottlements, that the Gratuitous Circulation should be continued, it cannot be as extensive as it has been unless the Christian community aid us with more liberal donations. Hitherto we have drawn upon our own resources, and upon the profits of our publications, more heavily than perhaps we ought to have done, and in consequence have crippled our publishing energies. Henceforth we must press the claims of this fund more carnestly in our periodicals and in public than we have hitherto done, and in order that the Christian public may be induced to co-operate cordially, we shall each Month, beginning with the 15th of August give an exact statement of our gratuitous circulation within the Month.
