Dr. Wistar's Balsam of Wild Cherry.

The only genuine and original article was first introduced in the year 1843. It has been well tested, and appreciated for ten years, in all the complaints, for which it has been recommended, vfz.:—Coughs, Colds, Influenza, Brouchies, Asthma, and Consumption in its incipient stages. No other medicine has proved more officacious. more officacious.

(From the Boston Post.)

pr. S.W. Fowle, 138, Washington street, has an article entitled as above, which we believe is the best preparation hitherto discovered for the cure of colds and ather consumptive complaints. Having tested this medicine, we can speak with confidence as to its salutary effects in removing coughs and other complaints, incidents to this season of the year.

CHANGE OF THE SEASONS! AND NEW, CHEAP AND SEASONABLE

DRY GOODS.

The showers of the Spring are but shed o'er the land, The earth but unfettered from Winter's grim hand; Its breezes but felt, and its verdure but seen, When it passes away with the Springs that have been, Then Summer comes on with its sweet smelling flowers, Its rich verdant fields, and its vy-clad bowers; Yet strange, when it yields us the greatest delight, It mocks at our gazing, and fades from our sight. Then Autumn succeeds, with its corn and its grain, Its fine mellow fruit, and its rich yellow plain; Its fine mellow fruit, and its rich yellow plain; Its fine mellow fruit, and its rich yellow plain; Its fine mellow fruit, and its rich yellow plain; Its fine mellow fruit, and its rich yellow plain; Its fine mellow fruit, and its rich yellow plain; Its die pring the grows withered and drear; And the breezes of evening are heavy and chill. And the snow spreads its mantle of fleece o'er the hill; Unlike Spring time or Summer, or Autumn it stays, Through many bleak nights and cold frosty days, Till we tire of its visit, and wish him away, And long for the balmier breezes of May.

McDONALD, on Yonge Street, One Hundred and Three, Has a Stock which he wishes the Public to see; Well suited in fabric for cold Winter's trade, And embracing the latest designs that are made; There are Flaunels and Blankets, in goodly supply, Which feel thick to the hand and look well to the eye; There age hundreds of Shawls! Some styles very rare, The fine, heavy, long, and magnificent square. There are Bro. d. Cloths, and Doeskins, and Cassimeres too, And Lustres, and Cobourgs. in every fine hue; And a fine stock of Furs, which, at some recent day, Were trapped on the banks of the famed Hudson Bay. There are fine Cloaks and Bonnets, and many things more, That McDON ALD keeps always on hand at his Store; He would not the rights of another invade, While he seeks for a healthy extension of trade; But if fairness will answer, and bargains repay, Then call at his Warehouse at some early day; He asks but a call, 'tis a modest request, And

THE object of this Advertisement is in part to do away with an erroneous opinion which has long pre-vailed, viz.—that nothing choice or tasteful can be had in the Dry Goods department on

YONGE STREET,

an examination of the Subscribers Stock will sufficiently refute that notion, as it will be found to comprise all the articles in general use in the Trade. Observatory, Toronto, Sept. 9 1851. Observatory, Foronto, Sept. 91831.

At the request of Mr. Wilson I have examined his Lightning Conductor, and heard his explanation respecting it. His views appear to me to be reasonable and correct, and the Metallic Point a good form of the Instrument; the Platinum Point is an essential part of it, but I do not consider the Magnets to be so, or that they can have any possible effect, good or bad as such: as additional points, the opinion of the best authorities is that such are of no use; one good point being all that is necessary, but they can do no harm.

no harm.

I further state, at Mr. Wilson's request, that in my opinion any building so elevated as the St. Lawrence Hall, or the Lunatic Asylum, ought to be provided with several Points, and several Conductors, which latter should be placed in good metallie communication with the tin covering of the roof and any other considerable masses of metal about the building. The conductors should be led off to the iron water pipes under ground.

HEALTH WHERE 'TIS SOUGHT

HOLLOWAY'S PILLS.

The Earl of Aldborough cured of Liver and Stomach Complaint. Extract of a letter from his Lordship, dated Villa Messina, Leghorn, 21st February, 1845. To Professor Holloway-

Sir.—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount; and at the same time to add, that your Pills have effected a cure of a disorder in my liver and stomach, which all the most eminent of the Faculty at Home, and all over the continent, had not been able to effect; nay, not even the waters of Carlsbad and Marienbad. I wish to have snother Box, and a Pot of the Ointment, in case any of my family should ever require either. Your most obliged and obedient servant.
